BRONCHITIS AND PULMONARY DISEASE,

Known also as Coughs, Cold, Asthma, Chronic Cold, Pulmonary Phthisis, etc., radically cured in a short time by the

MINERAL SULPHUROUS SYRUP.

This new Syrup, adopted by the Medical Academy and the Hospital in Paris, as the only sure remedy for the above-mentioned diseases, combines the best balsamic plants with the remarkable efficacy of the sulphurous waters of the Pyrenees. It has the advantage over them of being more palatable, and susceptible of preservation, even whilst the patient is traveling, and especially it saves him the inconveniences of drinking a liquid mass always costly, if not injurious, to the stomach of delicate persons particularly. For sale at M. CROSNIER'S Drug Store, rue Montmartre 105, Paris; at M. FOUGERA'S Drug Store, 30 North William st., New York, and Mr. LEROY'S Drug Store, 771 Broadway; at Mr. Ed. HOARSENESS, WHOOPING COUGH, Cough and all other Pulmonary Diseases. This Pectoral Lozenge is popular in France and abroad. It can be preserved several years without its efficacy being in the least impaired, and may be taken every where and at any time. Beware of Counterfeits; each box is sealed with a blue paper band bearing the seal and signature of Digeneltais. Main House in Paris, No. 18 Montmartre street Boulevard Montmartre. SILESIAN WARE.

THIS article, which gained so much admiration, and of which so many purchased last season, is now offered for sale at No. 7 Camp street, at which place old customers and new ones are invited to call and supply themselves. No Ware ever offered in this city has gained such universal approval from the purchaser, in view of the price paid. Why then expend such large sums, when the interest of your money will procure such articles as will give to your tables both elegance and durability, scarcely less than that costing ten times as much, and possessing a brightness equally lasting. Almost every variety of articles for table use are now manufactured, and of styles greatly admired; nor can they fail to please for Christmas Presents, as articles of beauty or for future use. THESE instruments, invented by Dr. Dare, of Va., are superior to any other for supporting the back, expanding the chest, and securing an erect form so essential to health, vigor and good appearance. The ease with which they are worn, possessing great elasticity, which is never lessened by use, and being adapted to every movement of the body without restraint, will recommend them to a large and extensive sale. Having examined the above instruments, I certify that they are admirably adapted to further the purpose intended. WARREN STONE, M. D. New Orleans February 14, 1854. Repeated experiments have clearly demonstrated that its medicinal powers are inferior to none of the compounds of the kind heretofore known and recommended with success in the affections of the lungs. It cures coughs, expels readily catarrhs, arrests chronic catarrhs, Colds, which have resisted the action of numberless remedies, have yielded to its application. It is most beneficial in cases of Hooping Cough. It has the advantage of being pleasant to the taste and smell, and of thus uniting the useful to the agreeable. The dose for grown persons must not exceed 3 large spoonfuls in 24 hours, and for children 3 to 4 tea spoonfuls a day at most. For children under 12 months, one-half tea spoonful is sufficient, three or four times a day. It may be taken without adverse effects on beds of ordinary drawers.
