HAIR INVIGORATOR,
AN EFFECTIVE, SAFE AND ECONOMICAL COMPOUND
FOR RESTORING GRAY HAIR to
Its original color, without dyeing, and preventing the Hair from turning gray.
FOR PREVENTING BALDNESS,
and curling it, when there is the least portion of vitality or recuperative energy remaining.
FOR REMOVING SCURF AND
DANDRUFF, and all cutaneous affections of the Scalp.
FOR BEAUTIFYING THE HAIR,
imparting to it an unequaled gloss and brilliancy, making it soft and silky in its texture, and causing it to curl readily.
The great celebrity and the increasing demand for this unequaled preparation convince the proprietor that our trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the head from scurf, from *dandruff and other cutaneous disorders*, causes the hair to grow luxuriantly, and gives it a rich, soft, glossy and flexible appearance, and does not, like other hair dressings, and dyes, make it stiff, dry, and brittle, but on the contrary, it will give strength and vigor to the roots, and restore, gradually, to their original color, hair which has become bald, causing it to yield a *fresh crop of hair*.
There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this invigorator, and who are perpetually bearing full testimony in his possession letters immaculate testifying to the above facts, from persons of the highest respectability. It will effectually prevent the hair from turning gray until the latest period of life; and in cases where the hair has already changed to ashes, the use of this invigorator will with certainty *restore it to its original hue*, giving its dark, glossy appearance. As a perfumery for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance, and the great facilities it affords in *dressing the hair*, which, when melee with the invigorator, can be dressed in any required form so as to preserve its place, whether plain or in curls—hence the great demand for it by the ladies as a *standard toilet article* which none ought to be without, as the price places it within the reach of all, being
ONLY TWENTY-FIVE CENTS
per bottle, to be had at all respectable druggists and perfumers.
L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the children's Hair fastens in a knot, as it will effectually lay the foundation for a *good head of hair*, as it removes any impurities that may have become contracted with the scalp, the removal of which is necessary both for the health of the child and the future appearance of its hair.
CAUTION.—None genuine without the fac simile LOUIS MILLER, being on the outer wrapper. Sold by L. MILLER'S HAIR INVIGORATOR, N. Y. Now for sale by all Druggists.

AYER'S SARSAPARILLA,
A COMPOUND REMEDY, designed to be the most effective *Alterative* that can be made. It is a concentrate, extract of Pure Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is usually used for. It is believed that such a remedy is needed by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. It is presumed that a compound with so it has been proved by experiment so many of the worst cases to be found of the following complaints:
Scrofula and Scrofulous Complaints, Eruptions and Eruptive Diseases, Tetter, Scald Head, Ringworm, Boils, Blotches, Pimples, Blain, Scald Head, Syphilis and Syphilitic Affections, Mercurial Disease, Dropsy, Neuralgia or Tic Douloureux, Debility, Dyspepsia and Indigestion, Erysipelas, Rose or St. Anthony's Fire, and indeed the whole class of complaints arising from *Impurity of the Blood*.
This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at the season of the year. By the timely expulsion of them many troublesome disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the suffering of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruption. If not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong and the great machinery of life is disordered and overthrown.
Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by pretensions of, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.
During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, sickness and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is nearly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to apply such a remedy as shall merit the name from the land of obloquy which rests upon it. And we think we have enough for believing it has virtues which are irremediable by the ordinary run of the disease it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

Richard's Pectoral Syrup.
THE above celebrated Syrup, well known in the city and throughout the country for the cure of Whooping Cough and the splitting of Blood, is also the best remedy for Inflammation of the Throat and Chest, such as Coughs, Colds, Hoarseness, &c. It has been proved, in numerous cases, that by the use of a few spoonfuls when the first symptoms are manifested, the progress of the above complaints is delayed, and a complete cure is brought about in from twelve to twenty-four hours.
The annoyance and other fatal consequences of neglected bad colds ought to be a warning to every one and an inducement to try RICHARD'S PECTORAL SYRUP, the sale of which has been considerably increasing for years, and its experience has so clearly demonstrated its superiority over all other preparations of the kind.
