Creole Table Mustard.

PREPARED BY LARROQUE.

THIS Mustard is, both in taste and odor, of the most pleasant kind, and has over all other preparations of the sort an indisputable superiority. In the first place, it is in no way heating, which is a very just cause of complaint in other table mustard. 2d—It stimulates the appetite. 3d—This preparation does not contain any ingredients capable of neutralising constituent parts of the mustard seed, (*Sinapis Nigra*) which most of the manufacturers are ignorant of, and do not scruple to add to their preparations very strong acids and the most alkaline salts. Some even go as far as to make use of mustard of which the most essential oily substance is extracted and make up for the deficiency with other condiments, and give to these worthless powders an artificial taste by adding to it carbonate of ammonia and strongly spiced substances. You can detect the same as injurious to health, by the long continued heat it leaves in the throat and palate, whilst the taste of the genuine article is almost as soon destroyed as felt.

BATHS! BATHS!

FIRST MUNICIPALITY FERRY BATHS.

THE subscriber informs the public that having leased this establishment for the season, the same was re-opened on Sunday, May 4th, 1845, on the other side of the river within a few yards of the landing of the First Municipality Ferry, the accommodations offered to the bathing community are such as cannot be equalled by any similar establishment in the city.

The dimensions of the bathing room or basin are 140 feet in length by 40 feet in breadth, with a depth of water of from 4 to 12 feet, 130 feet of this basin is of a sufficient depth for almost any number of swimmers, each bather will be furnished with a separate dressing room, &c.

It is scarcely necessary to observe that the site chosen for the Ferry Baths secures the double advantage of a rapid current of water, undefiled by any contact with the impurities of the city and of the shipping.

This establishment will be open for the pupils of the Public schools, gratis, on Mondays Wednesdays and Saturdays from 6 o'clock, A. M., until 12 M.

The St Ferry boats will run from daylight until 9 o'clock at night, and at the same hour there are likewise, making a trip every ten minutes during the day.

ORLEANS HIGH SCHOOL.

(Lycée d'Orléans.)

ESPLANADE STREET.

THIS institution, opened in April 1845, and conducted by Professors EVERETT, WYNDHAM and MERVOYER, occupies spacious and well ventilated buildings in a part of the city which the purity of the air and the nearly total absence of sickness render highly eligible as the seat of an educational establishment.

Boarding pupils pay twenty dollars per month. This fee includes washing and tuition in all the branches.

Half Boarders pay fifteen dollars per month, and Day Scholars, nine or twelve dollars per month according to their proficiency.

The system of education embraces the grammar and literature of the English, French, Spanish, Latin and Greek languages, History, Rhetoric, Poetry, Mythology, Geography, the use of the Globes, Book-keeping, Arithmetic, algebra, Geometry, plain and spherical trigonometry, Surveying, Natural Philosophy, Moral Philosophy, etc., etc.

The branches of learning set forth above are taught by Professors WYNDHAM, EVERETT and MERVOYER, and by Assistant Instructors, selected for their long experience and eminent skill in the business of teaching.

Such pupils as desire it, may, at their own expense, receive instruction within the walls of the institution in Drawing, Music, Dancing and Fencing. The school is attended for these purposes by the most distinguished masters in the city.

All necessary books and stationery are furnished by the parents, or by the institution at the expense of the parents.

For the stricter observance of the interior rules of discipline, the proprietors of the school are assisted by two Ushers, whose special duty it is to enforce correctness of deportment in the sleeping rooms, study rooms and play grounds.

No interference whatsoever on the part of parents or guardians in the regulations of the Institution is tolerated.

The Statutes, containing the rules of discipline, course of studies, terms, &c. may be had in English or in French, at the School or at the principal Book stores in the city.

The pupils are distributed into seven classes, suited to their different ages and capacities.

The French and English languages are cultivated with equal attention, and a good opportunity is afforded for their use and familiar use in conversation by the intercourse of Creoles with Americans.

Vocal and instrumental music is taught by ladies, exclusively attached to the establishment, and their constant presence is a guarantee of unremitting attention, both to lessons and practice.

G. BOYER'S

CLASSICAL AND COMMERCIAL INSTITUTION,

No. 140 Conti Street,

(between Dauphine and Burgundy streets.)

THIS Institution, the oldest scholastic establishment in New Orleans, is well known and highly distinguished for the success which has accompanied it ever since its foundation, a considerable number of pupils who have quitted it to enter on the great scene of life, having already acquired some distinction in the various avocations to which they have devoted themselves.

Boyer's Institution is conducted in one of the largest Mansions in the city, occupying a fine central position being well ventilated and in other respects perfectly salubrious.

The range of studies which engage the attention of the pupils extends over all the branches of Learning which are necessary to a useful, polite and finished education; from primary instruction to the more abstruse subjects which are especially the province of a collegiate course. Discipline so necessary to quicken in the youthful mind a due perception of the duties incumbent on it in its future relation with society, is a conspicuous feature of the establishment, being at the same time severe and considerate, whilst the solicitude of the Principal regarding the moral training of the youths committed to his charge, is, though strict, yet paternal.

The English language, daily becoming more and more evident, as of the greatest possible importance to all living in this community, is, in Boyer's Institution, attended to with more than ordinary care, the Professor engaged in this branch being gentlemen of undoubted attainments and long accustomed to tuition.

BRANCHES OF TUITION:

The English, French, Spanish and Latin Languages; History, Geography, Mathematics, Elements of Natural Philosophy, Astronomy, &c. &c.

TERMS:

Boarders	$30 per month.
Half Boarders	15
Day Scholars	8 and 10 per month

No deduction is made for absence. A month once commenced must be paid in full. Books, paper, &c. form separate charges
