ORLEANS HIGH SCHOOL.
(*Lycée d'Orléans.*)
ESPLANADE STREET.
THIS SEMINARY, instituted by Professors EVERETT, MERVOYER and WYNDHAM, and conducted by them, admits Boarders, Half Boarders, and Day Scholars.
The course of instruction comprehends all the branches of a thorough and complete education.
There are six instructors in ordinary, including the three proprietors of the School; besides these gentlemen, four teachers of the accomplishments, Music, Drawing, Dancing and Fencing, are attached to the Institution.
The Proprietors have always in their employ several ushers whose duty it is to watch over the pupils in the play grounds, study rooms and dormitories.
The discipline observed in this Seminary is strict and firm, and no interference on the part of parents or guardians is suffered, unless solicited, in extraordinary cases, by the Directors themselves.
In the method of teaching, the Proprietors, satisfied that sound learning can only be acquired by systematic and long continued labor, repudiate all the new fangled theories which profess to impart the several branches of knowledge in much less time than has been heretofore devoted to them.
The printed Statutes of the High School may be had in English and in French at the principal book stores in this city.
N B—The Directors of the High School feel much pleasure in announcing that they have secured the valuable services of Professor Bisby from Paris, who will enter on his duties on the 1st November next.

The various branches of instruction announced in the Prospectus which may be found at any of the Book-Sellers, will be taught with equal assiduity, but English appears to the Principal of such importance to this country, that he will be particularly careful to give it proper preponderance in the system of instruction, and to render every pupil capable of writing and speaking it with facility, purity and elegance.
