INSTITUTIONS.

Louisiana College.
Dauphine street, between Ursulines and Hospital streets, LOUIS DUFAU, Principal.
THE Principal of this new establishment is in hopes of having founded an institution, which may offer to the youth of Louisiana, the same resources and advantages as the colleges of the North and of Europe. In order to achieve this object, he has associated with himself the most distinguished Professors of New Orleans.
The Principal will spare no pains, and will endeavor constantly to cultivate the faculties of the mind. He considers that it is as important to bring up children well as to instruct them well, and he is convinced that all education, in order to be fruitful and solid, must rest on a basis of morality and religion.
The course of study in the College of Louisiana will comprise instruction in the Dead and Living Languages, (Greek, Latin, English, French and Spanish) History, Geography, Philosophy, Rhetoric, the Mathematical and Natural Sciences, Political Economy, Chemistry, Belles Lettres, &c.
English being the National Language, will be the foundation of instruction in the College of Louisiana, and the preparatory portion of the classes will recite in English. English Professors already have been engaged by the Principal. Mr. Newton, well known in New Orleans, will take charge of the higher classes: another, whose native language is likewise English, will remain constantly with the pupils, in order to accustom them to speak correctly the language of their country. Particular attention will be paid to the History of the United States.
The course of instruction will be in four classes.
TERMS:

First Class, per month	$12 00
Second Class, per month	10 00
Third Class, per month	8 00
Fourth Class per month	6 00

Extra charge will be made for Music, Drawing, Painting, Dancing, and Fencing; all of which will be taught in the establishment.
PRIMARY SCHOOL.
In compliance with the request of many parents, the Principal will admit children under ten years of age, who will have no connection with the pupils in the College, but will be instructed between the hours of 9 and 3. The charge for these children will be only five dollars.
BOARDERS AND HALF BOARDERS.
Boarders and half boarders are received in the establishment, for whom the same care and solicitude are observed as when at home, so far as discipline and good order will permit.
TERMS—Boarders, per month $25 00
Half boarders, per month 15 00
For further particulars, application may be made to the Principal, every day except Sunday. The public are invited to visit the establishment, where they can procure prospectuses. a20 3m

The apartments are vast and well aired. There is every advantage and inducement offered to parents, as to the moral and intellectual cultivation of the minds of their daughters. The best Professors are employed. Every branch of a solid and refined education is taught, in both languages; also, accomplishments such as drawing, Painting, Embroidery, &c.
Professor Aschbusy, one of the principals of the Frank lin High School, has charge of the higher English classes, and Professor Gilbert of the Mathematical branches.
Mr. Gesibrel has been engaged as a Teacher of Vocal Music.

G. Boyer's Institution,
No. 148 Conti street, between Dauphine and Burgundy.
MR. G. BOYER, founder of this establishment, the oldest in New Orleans, avails himself of this opportunity to make a new appeal to the confidence of parents. The institution is conducted in a large mansion, occupying a fine central position, being well ventilated, and in other respects perfectly salubrious. The range of studies which engage the attention of the pupils, extends over all the branches of learning, which are necessary to a useful, polite and finished education; from primary instruction, to the more abstruse subjects which are especially the province of a collegiate course. The elementary studies are attended to with more than ordinary care, considering the decisive influence which they exercise over the other branches of instruction. Discipline, which must not be separated from education, is exercised with all the vigilance compatible with solicitude. ST. LOUIS INSTITUTION.
DIRECTED BY
Madame E. Deron,
No. 145 St. Louis street, between Dauphine and Burgundy streets, New Orleans.
SHOLASTIC YEAR, 1851-1852.
THIS Institution which for the last twelve years, has followed a constant career of progress and prosperity, has resumed its usual course of studies since the first September.
Madame Deron, formerly a pupil and professor of the "Maison Royale of St. Denis," and a graduate of the University of France, has endeavored to profit by the experience which she has acquired in the United States, to place her Institution in the first rank of educational establishments in America.
Madame Deron, exclusively devoted to her pupils, applies herself not only to the cultivation of the mind, but also to the formation of the heart. She strongly desires that the young ladies confined to her care, may be remarked for all those valuable qualities which constitute a really good education, such as the spirit of order and decorum, amiability of temper, and solidity of judgment, mildness of manners and a sympathizing disposition, and finally, easy grace and reserved elegance of manners. In order to obtain these results, Madame Deron has always employed as auxiliaries both firmness and mildness, the constant use of emulation, and especially rewards for application and regularity in study. She is seconded by her sister-in-law, Mademoiselle Deron, who, like herself, has always followed the career of instruction: these two ladies watch with the greatest zeal over the daily progress of the pupils.
The locality of the institution is well known and appreciated in New Orleans, as one of the most suitable and salubrious in the city, is perfectly well arranged; the class and study rooms and dormitories are spacious and airy, looking over several gardens, and there are besides a handsome yard and a terrace sheltered from the sun and intended for the recreation of the pupils.
The general instruction is given both in French and English; it embraces all the branches which constitute a finished education for young ladies. The English language is the object of especial care. The Creole pupils are required in their communications with each other, and with their professors, to speak the English language exclusively.
Mr. Orton, who has been attached to the Academy from its foundation, devotes a great part of his time to impart to the pupils of the higher classes, a thorough knowledge of the English language and literature, the other classes are intrusted to well qualified American governesses.
Madame Deron has reserved to herself the direction of the French classes. She has besides secured the assistance of an excellent Professor of the higher sciences, Monsieur [illegible], who divides with Monsieur H. Deron and Madame Deron, the care of the French department.
The Spanish language forms a part of the system of study.
With respect to religious instructions M. l'Abbe Tholomon, whose zeal is so justly appreciated, continues to prepare the pupils for their first communion in the chapel of the institution.
MUSIC.
The study of Music is the object of particular care. Madame Lavilleheuvre, an artist of the higher order is attached to the Institution as Professor of the Piano and Harp. A course of Vocal Music by one of the best Professors of the city.
As a means of emulation, the institution has adopted monthly musical examinations at which parents are invited to be present.
A Professor of Dancing is attached to the establishment.

MEDICAL.

Dr. [illegible] Vermifuge Syrup, [illegible]

[illegible]

To avoid debilitating the little patients by too severe a diet, we have modified the doses originally prescribed, in the following manner:
Children 2 to 5 years old, three tea spoonfuls a day, at an interval of from 1 to 2 hours. Above five years old, three table spoonfuls at the same intervals. No nourishment to be given between the first and third dose, nor within an hour after the third.
The Syrup must be administered during three consecutive days. Composed entirely of vegetable extracts, this Vermifuge does not produce any of the pernicious effects which have often followed the use of those hitherto in use.

DR. EDOUARD MARTIN'S
HYGIENIC ELIXIR,
Against Sea-Sickness.
FOR a long time past the scientific world, medical men especially, appear to have been struck with the remarkable fact, that among the innumerable collection of curative agents discovered, not one had been found to counteract or even mitigate the dreadful effects of sea-sickness. Several means have been tried to attain this end. These remedies, whether simple or compound after many trials, have hitherto proved signal failures. An idea may be formed thereof by the perusal of the annals of Pharmacy, Chemistry and Medicine of all countries, published within the last ten years.
The inventor of the "Hygienic Elixir," has at length made this invaluable discovery. After numerous trials, changes and alterations in the proportions of the substances composing this Elixir, he is enabled to offer it to travellers in the shape of a palatable draught, not decomposed or altered either by climate or age.
The Elixir checks sea-sickness immediately, and restores the stomach to its healthy state. However delicate be the constitution of the person using it, it is equally infallible, and procures a genial feeling of ease and comfort. The nausea ceases as if by magic, calm and sleep are restored the appetite awakened and the digestion effected promptly under the influence of this tonic.
The inventor having had an opportunity during a recent sea voyage, to make personally a final trial of his Elixir, has made up his mind to offer it to the public. He could corroborate the above statements by testimonials from several sea-captains, but will append only to the opinion of one of the most intelligent and distinguished commanders of the French Commercial Navy. Captain Labory, having had opportunities of testing, under his own immediate supervision, the efficacy of this remedy, (then in the shape of pills) during several voyages, gives thus the result:
DEAR DOCTOR:—During my last voyage to France I have had opportunities of testing, on divers persons, your remedy against sea-sickness; I am happy to be enabled to report to you that I have obtained the best results, and it were possible to alter this remedy into a palatable draught, such as a lemonade of some kind, which could be more easily taken than in its present shape, especially when the sea-sickness has already commenced, nothing more would be required, and you would be entitled to the everlasting gratitude of all those who are obliged to travel by sea, without being accustomed thereto.
I am yours truly,
Signed, A. LABORY, Com't. Ship l'Oscar.
The improvement suggested by Capt. Labory, has been effected. The Tonic and Hygienic Elixir against sea sickness, is sold in four ounce bottles with glass stoppers. Care must be taken to keep the bottles corked, to prevent evaporation.

THE ROB OF DR. BOYVEAU LAFFECTEUR the only one authorized, is far superior to the syrups of Cuisinier, or Sarsaparilla, or other similar remedies. It radically cures without mercury, all affections of the Skin, Dartres, Scrofula, the consequences of Itch, Ulcers, accidents from Accouchements, the critical period of life, and hereditary acrimony of Humors. As a depurative, it is a powerful auxiliary in cases of diseases of the bladder, in contractions and other weakness of the Organs arising from abuses of injections or soundings. As an Anti-syphilitic, the Rob cures in a very short time, recent or inveterate diseases ensuing from the use of Balsam of Copaiva or Cubebs, or from injections, which only repel the Virus without neutralizing it. The Rob Boyveau is above all recommended to physicians, as it can be substituted for the diet drinks known as Zitmann's, and for the "Tisane de Felts." The Rob is also sold at Bordeaux, at the Pharmacy Stuart, in Paris. Also, for sale, at the Pharmacy of Mr. Pannekoek in Amsterdam; Mr. Pommaret, at Bordeaux; Messrs. Blanc, Cohen, Lyon, in Brussels; Mr. Duperrier, [illegible], and in all Pharmacies. Price of bottle, $3.75 at New Orleans; Mr. Feanin, [illegible]; New York, Rushton & Aspinwall.
In the United States, the Rob Laffecteur is sold by general and special depots and agents in the principal cities of America. Generally also, by all the druggists throughout the United States. Price $4 50 the bottle. It is to be had of Dr. Giraudeau de St. Gervais, 12 rue Richer, Paris. de29 1y law

For Purifying the blood, and for the cure of Scrofula, Rheumatism, Stubborn Ulcers, Dyspepsia, Salt Rheum, Fever Sores, Erysipelas, Pimples, Biles, Mercurial diseases, Cutaneous Eruptions, Liver Complaint, Bronchitis, Consumption, Female Complaints, Loss of Appetite, General Debility, &c.
In this preparation we have all the restorative properties of the root, concentrated in their utmost strength and efficacy; but while Sarsaparilla Root forms an important part of its combination, it is at the same time, compounded with other vegetable remedies of great power, and it is in the peculiar combination and scientific manner of its preparation, that its remarkable success in the cure of disease depends. It acts simultaneously upon the stomach, the circulation and the bowels; and thus three processes, which are ordinarily the result of three different kinds of medicine, are carried on at the same time, through the instrumentality of this one remedial agent, which gently stimulates while it disinfects and expels from the stomach and bowels all that irritates and weakens them, it invigorates their vigor and restores the tone and the healthy action of the great organs. Its great merit is, that it meets and neutralizes the active principle of disease itself, and which that is gone, the symptoms necessarily disappear; and we do not only go to the cure of diseases, but to multitudes who have experienced its effects, to convince incredulity itself of its real value.
The Proprietors submit to the public the following certificate from a highly respectable source, of a cure made by using their preparation of Sarsaparilla:—
CHATHAM, Mass., July 2d, 1850.
Messrs. A. B. & D. SANDS:
Gentlemen—So truly valuable do I consider your Sarsaparilla, that I feel it to be my duty to state for the benefit of others, the cure effected on myself. Previous to 1845, I had a disease of the throat, which destroyed the tonsils, and was then attacked with violent pain in the head. This soon resulted in severe inflammation, and immense quantities of blood and matter were discharged. For six weeks the disease continued in the head, and then pervaded the body generally, attacking all the limbs. I was confined to a sick bed, from which I never expected to arise. Many physicians attended me, and the most skillful pronounced my case hopeless. In short, tongue cannot express my sufferings; and in this condition I heard of your Sarsaparilla, purchased six bottles, and renounced all other remedies. I did not expect to take all I bought, so debilitated had my system become. Contrary to all expectation, my health almost immediately began to improve, I was able to attend to my domestic duties, and soon could walk out, a thing I once thought would be impossible. My gratitude I cannot express, feeling satisfied that nothing else could have relieved me of the misery and suffering I then endured. I most cheerfully recommend Sands' Sarsaparilla to all suffering as I have done.
Respectfully yours,
REBECCA MAYO.
Knowing the above statement to be strictly correct, and being near neighbors to Mrs. Mayo, we cheerfully testify to the same.

ANOTHER REMARKABLE CURE.
New York, Jan. 6, 1850.
Messrs. SANDS.—Gentlemen—I have great pleasure in acknowledging to you the great benefit I have received from the use of your Sarsaparilla. A subject of pulmonary disease, I made a voyage to Europe, but while there continued to be affected. A few weeks after my return, I was seized with a violent hemorrhage of the lungs, and from the debility and great prostration of strength that followed, with the protracted difficulty of respiration, I am entirely relieved by the use of your Sarsaparilla, which I consider a most important and truly valuable discovery in the healing art. I feel that I have not for fourteen years enjoyed so good health as at present.
Gratefully yours,
S. E. SAYMORE.

Good Testimony.
The Ohio State Journal, (Columbus, O.,) thus speaks of Bull's Sarsaparilla:
"IT HAS NO EQUAL.—The unprecedented sale of Bull's Compound Fluid Extract of Sarsaparilla in this city, where it had been introduced for the past two months only, with the very gratifying effects produced upon all who have tried it, warrant the assertion that as a purifier of the blood it has no equal. Those in such a condition, that it can be substituted by calling on the agents in this city."
Hear what to render, a little longer, and be convinced that BULL'S SARSAPARILLA is the WONDER OF THE WORLD.
And that it will cure you no matter how long you have been suffering.
What Dr. Owen, Druggist and Apothecary of several years standing, says about BULL'S SARSAPARILLA.
Belleville, May 26, 1848.
Mr. John Bull—Dear Sir: For a number of years I have been afflicted with a [illegible] and a dull heavy pain in my liver. I used [illegible] the day, especially the Sarsaparilla prepared by different persons, but all to little or no advantage, until I chanced to meet with yours, three bottles of which gave me more relief than all the others combined.
I therefore take pleasure in recommending your Sarsaparilla to the afflicted community as a superior article.
Very respectfully, J. H. OWEN.

RHEUMATISM.
Let all those who are suffering under the agonizing tortures of Rheumatism, read the following, and see what may also be done for them, if they will use the infallible remedy:
Mr. John Bull—Dear Sir: For the last three years I have been afflicted with Rheumatism of the severest character. I was at times in the greatest agony of pain—I tried every remedy I could procure for the disease, but found no permanent relief until I was induced to use your preparation of Sarsaparilla, which has entirely cured me of Rheumatism, and greatly improved my general health, more than any medicine I have ever used.
I have been free from pain for several months, and I have no doubt the cure is permanent, and I confidently recommend it as being the best medicine in the world for Rheumatism.
HIRAM BRIGGS.
Uniontown, Union co. Ky., May 18, 1848.

From Dr. Wm. T. Prentiss:
Mr. Bull—In regard to your Sarsaparilla, I will say, that I have used it to some extent in Cutaneous Affections of long standing, as Tinea Capitis, Lepra, Psoriasis, Scabies; Syphilitic, Cachexia, and in all diseases where the indication is to cure or to complete to a thorough change or modification of the fluids of the body, and I have found it to [illegible], and in conjunction with local treatment, I think I would refer it to any preparation of Sarsaparilla in use, and any physician will admit its value upon learning the substances that enter into its composition.
Respectfully yours, W. T. PRENTISS, M. D.
Lewisport, Ky. Dec. 4, 1848.

It is perhaps needless to procure any further testimony in favor of this great remedy. It has only to be tried and proved to convince the public of its superior efficacy. Let all who are laboring under chronic diseases, general derangement, nervous debility, weakness, the effects of mercury, or anything of the kind, give it a fair trial. There are thousands throughout the land who stand in need of it. Let them try it, and we assure them that they will not regret it.

NOTICE TO FEMALES.
John Bull's Sarsaparilla is one of the greatest Female Medicines now in existence. In those numerous cases where the constitution is debilitated, the nervous energies is lessened, when the efforts of nature are weak and debilitated, of over profuse and over wrought, when the face is pale and colorless, the strength feeble and yielding, the mind shaken, and consequently the happiness destroyed—then Bull's Sarsaparilla is a sovereign remedy. It invigorates nature in the performance of her duty, braces the whole system, restores permanently the natural energies, removes obstructions, checks excesses, creates pure and healthy blood, and imparts health and happiness. Were ladies generally to adopt the use of this medicine, we would see far less suffering, disease and unhappiness among them than now exists. Health would take the place of disease, the rosy cheek would succeed the pallid face; we should have sorrow instead of tears, and perhaps a happy long life, instead of one cut short by disease, or made miserable from continued suffering and affliction. At this critical period termed the "Turn of Life," which is often attended with so much danger, Bull's Sarsaparilla is found to exert a most benign influence. All persons suffering, from this cause will find in it the [illegible]

A BEAUTIFUL CLEAR SKIN.
How any will admire a clear beautiful white skin, and a rosy colored cheek. How often do we see persons covered with pimples, eruptions, and other [illegible], resorting to cosmetics, lotions, washes, paints, and coloring materials to restore to them a semblance of that which health alone can give. Those pimples, &c. are only Nature's efforts to throw off disease. [illegible] Bull's Sarsaparilla is the best known. It makes the skin clear and [illegible] the discomfort and [illegible] by causing the liver and all other organs to perform their [illegible] to enclose the pores and check perspiration, but by giving them the blood, making the same pure, healthy and vigorous [illegible], it [illegible] and [illegible] the [illegible] yellow, dark and sallow complexion [illegible] of the liver [illegible], [illegible] be prized and cherished, it should be the Sarsaparilla of John Bull [illegible] a [illegible] remedy.

BAPTIST TESTIMONY.
From Mr. James M. Moore.
Mr John Bull—I have an institution in saying that I believe your Sarsaparilla to be the best article ever used for the cure of Scrofula, Syphilis, and many other Cutaneous and Glandular Affections, having used it with entire success in a number of the above.

Louisville, Dec. 26, 1847.
More Testimony from Dr. Moore.

Testimony like the following renders superfluous all further comments on the merits of Bull's Sarsaparilla.
From Dr. L. P. Yandell, Professor of Chemistry in the Louisville Medical College.
I have examined the list of ingredients composing John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound, and one that promises to be of great value in diseases to which it is applicable.

What Dr. Pyles, Physician, by appointment to the Louisville Marine Hospital, says of Bull's Sarsaparilla.
Louisville, March 30, 1848.
I have examined the prescription for the preparation of John Bull's Sarsaparilla and believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and private practice, and think it the best article of Sarsaparilla in use.
