Professor A. C. Barry's

TRICOPHEROUS, OR MEDICATED COMPOUND, FOR RESTORING, PRESERVING, AND BEAUTIFYING THE HAIR, eradicating scurf and dandruff, and curing diseases of the skin, glands and muscles, stings, cuts, bruises, sprains, &c., &c. It has been ascertained by experiment that Barry's Tricopherous has produced the same effect in curing diseases of the skin, &c., of the horse and all the animal kingdom. The following testimonials, selected from hundreds of similar import, will serve to show the value of the preparation, and the estimation in which it is held by those who have given it a trial.

New York, Sept. 22, 1850.

Prof. Barry—Dear Sir—I have been afflicted with a cutaneous eruption of the scalp, of a most aggravated character, for the last sixteen years, and during that period have had the advice of some of the most eminent physicians, and have tried all the preparations for the hair and skin now known, without the least benefit. I was advised by a friend to try your Tricopherous. I did so, as a last resort, and to my surprise and gratification, found myself cured in about two months. Such was the violence of the disorder that at times I was partially blind.

Respectfully yours,
G. V. M. RAPELYE,
140 Columbia street, Brooklyn.

New York, Oct. 23, 1850.

Prof Barry—My Dear Sir—About two years ago my hair came out a great deal, and my head was much affected with dandruff. I was told by a friend to try your Tricopherous, and I did so, and to my astonishment my hair was firmly rooted, and all the dandruff disappeared, as the head now shows for itself. With respect, I am your ob't servt,
J. S. TREDWELL, 663 Broadway.

If any lady or gentleman doubts the authenticity of the above, they will please call at Professor A. C. Barry's Office, No. 137 Broadway, New York, where he will produce the original letters.

[From the Military and Naval Argus, Nov. 9, 1850.]

There is no remedy for the permanent cure of baldness and diseases of the cranium generally, that has reached the popularity enjoyed by the article known as Professor Barry's Tricopherous, or Medicated Compound. It is extensively used by the upper classes of the community; in almost every nursery in the land it is used in preference to other articles of the kind. It imparts vigor to the roots of the hair, and thus promotes its growth to a remarkable degree. It destroys the dandruff and scurf, and yields the hair fine and glossy. It will cure all diseases of the scalp, such as scald head, cow worm, and other obnoxious disorders of the skin; in cheapness as well as efficacy, it stands unrivalled. It is sold in large bottles, price 25 cents, at No. 137, Broadway, and at the Druggists generally throughout the United States and Canadas. je12 3m

DR. EDOUARD MARTIN'S HYGIENIC ELIXIR, AGAINST SEA-SICKNESS.

[illegible]

Dear Doctor—During my last voyage to France, I have had opportunities of testing on divers persons your remedy against sea sickness; I am happy to be enabled to say to you that I have obtained the best results, and if it were possible to alter this remedy into a palatable draught, such as a lemonade of some kind, (which could be more easily taken than in its present shape, especially when the seasickness has already commenced,) nothing more would be required, and you would be entitled to the everlasting gratitude of all those who are obliged to travel by sea, without being accustomed thereto.

I am yours, truly,

Signed, A. LABORY, Com'r Ship l'Oscar.

The improvement suggested by Capt. Labory has been effected. The Tonic and Hygienic Elixir against sea sickness, is sold in four ounce bottles, with glass stoppers. Care must be taken to keep the bottles corked to prevent evaporation.

GOURAUD'S ITALIAN MEDICATED SOAP.

LANGUAGE is powerless to set forth one tithe of its wonderful properties, but the high meed of public approbation has so decidedly and unchangeably stamped the superiority of this remarkable Soap, that to doubt its efficacy in the curation of tan, freckles, sunburn, sallowness, pimples, ringworm, obstinate old sores, salt rheum, worms in the skin, and other cutaneous disfigurements, is to imply a doubt of the existence of truth itself. It is, besides, the very best shaving Compound ever used.

Equally famous is Gouraud's Poudre Subtile, for eradicating superfluous hair from any part of the body.

Gouraud's Hair Restorative, or Circassian Gloss, is a beautiful preparation for the hair, preventing its falling out, increasing its growth, and making wiry, harsh hair, soft, silky and glossy. Trial bottles, 25 cents each.

Gouraud's Liquid Hair Dye will instantly change red or gray hair to a beautiful brown or black.

Gouraud's Liquid Rouge is a superb article for giving a rose stain to pale lips and cheeks, defying detection by rubbing.

INSTITUTIONS.

G BOYER'S INSTITUTION.

No. 140, Conti St., between Dauphine & Burgundy.

MR. G. BOYER founder of this establishment, the oldest in New Orleans, avails himself of this opportunity to make a new appeal to the confidence of parents. The institution is conducted in a large mansion, occupying a fine central position, being well ventilated and in other respects perfectly salubrious. The range of studies which engage the attention of the pupils, extends over all the branches of learning, which are necessary to a useful, polite and finished education; from primary instruction, to the more abstruse subjects which are specially the province of a collegiate course. The elementary studies are attended to with more than ordinary care, considering the decisive influence which they exercise over the other branches of instruction.—Discipline, which must not be separated from avidious study, not from a good education, is conducted with affection. It is calculated according to the age and character of the students, and intended to give them an accurate idea of duty and good behavior.

ORLEANS HIGH SCHOOL, Esplanade street.

Erastus Everett, A.M., *Principal & Proprietor.*

THE various branches of knowledge are taught by Mr. Everett and three Assistant Professors, selected with a view to good character and skill and experience in teaching.

The system of education embraces the Grammar and Literature of the Greek, Latin, English, French and Spanish Languages, History, Geography, Rhetoric, Versification, Logic, Political Economy, Moral Philosophy, Book keeping, Arithmetic, Algebra, Geometry, Trigonometry, Natural Philosophy, & Chemistry.

No pains are spared in imparting a thorough knowledge of these branches, so that all students who resort to this Institution may be fitted to enter with advantage upon the duties of the more responsible avocations of life, or upon the study of the learned professions.

As the Modern Languages, particularly the English and the French, and the higher Mathematics receive very special attention, the school offers singular advantages to boys designed for mercantile pursuits.

ST. LOUIS' INSTITUTION.

DIRECTED BY MADAME DERON.

BOARDING AND DAY SCHOOL FOR YOUNG LADIES.

(Years 1850—'51.)

No 145 St. Louis st. between Dauphine & Burgundy.

THIS Institution, founded nearly twelve years ago, combines every material, moral, and intellectual advantage. Madame Deron, formerly a pupil and governess in the "Institut de la Legion d'Honneur," (Maison St. Denis), has founded her Seminary, as much as possible, on the model of that great establishment, as well as on the plan of the first Northern Academies.

The situation of St. Louis' Institution is one of the most agreeable and salubrious in town. The whole locality, including dormitories, class and study rooms, and play grounds, being very spacious and airy, and overlooking several gardens, is in so healthy a position, that not a single pupil has experienced the least serious illness.

The plan of instruction both in French and English embraces all the literary and scientific branches of a finished education.

The study of English is the object of particular attention. Madame Deron is scrupulously careful that the creole Young Ladies should devote more time to the study of the English language and literature than to any other branch. Mr. Orton, a professor well known in New Orleans, continues his course of lessons every day. Two English governesses residing in the establishment, preside over the elementary classes, and contribute to the progress of the pupils by the continual use of that language in all the relations of ordinary life.

With respect to the study of French, besides the lessons of able professors and governesses, M. and Madame Deron themselves instruct in the different branches, and are thus enabled by their personal efforts to insure the solidity and rapidity of the progress of their pupils.

The department of Music, including the piano harp and singing, is under the direction of Madame Lavillebeuvre, an excellent music mistress, who formerly gave lessons in St. Louis' Institution, and who is now especially attached to the establishment. This young and talented lady, so justly classed at the head of the artistic celebrities of Louisiana, secures to the study of Music in Madame Deron's Academy a marked superiority. No mistress can better join example to precept, and this is often the secret of the scholar's advancement. A musical examination taking place every month is intended to prove the rapid and brilliant progress of Madame Lavillebeuvre's pupils.

Religious and moral instruction, which is the basis of every really good education, has received greater development than in any other Boarding School in the city. Madame Deron herself superintends the religious exercises of the Catholic pupils, and M l'Abbe Thoumier prepares them for their first communion, and for confirmation by giving religious instruction several times every week in the Chapel of St. Louis' Institution. o4

JEFFERSON ACADEMY,

They are distributed into classes according to their advancement.

The premises are perhaps the best to be found in the city, with ample space for exercise and recreation, every necessary convenience is combined for an institution of learning on a large scale.

The Professors are gentlemen of talents, chosen with care, and strict attention is paid to the moral conduct and improvement of the pupils.

Dr. Ed. Martin's Vermifuge Syrup,

Without any disagreeable Taste or Smell.

THE MELIA AZEDARACH, (Pride of China), Lin. [illegible] Class X Decand. Monogyn.; Jussieu Class XIII order II. Meliacea.—Tournefort, Class XXI, Arbres rosaces—one of the most beautiful ornaments of our forests, the root of which for some time past has been, by a few persons, justly reputed the best vermifuge known, supplies us with the principal agent in the above named remedy.

Having sought with the greatest care in the bark of the root of this tree, the active principle which produces such excellent results in vermicular affections of children, we have succeeded in extracting it in its purest state and by combining it with other tonic plants which are really all indigenous to Louisiana, have arrived at composing the above Vermifuge Syrup, the efficacity of which is now beyond the shadow of a doubt.

This Syrup, of an agreeable flavor, can be administered without the slightest apprehension to the most delicate children. Its use continued during three days, the doses being given at shorter intervals as the child may be older and stronger, will infallibly expulse all those intestinal worms which are the source of so many diseases, dangerous and often fatal in children.

Some mothers, rendered timorous by the frightful results of the various vermifuges hitherto employed, have given it to their children, but in doses extremely small; this has, in such cases, rendered the effect incomplete, and might have injured the standing of this remedy, had not several of our most experienced practitioners, by judiciously prescribing it and regulating the doses adapted to the different ages tested and established its excellent virtues.

To avoid debilitating the little patients by too severe a diet, we have modified the doses originally prescribed, in the following manner:

Children 2 to 5 years old, three tea spoonfuls a day, at an interval of from 1 to 2 hours. Above five years old, three table spoonfuls at the same intervals. No nourishment to be given between the first and third dose, nor within an hour after the third.

The Syrup must be administered during three consecutive days. Composed entirely of vegetable extracts, this Vermifuge does not produce any of the pernicious effects which have often followed the use of those hitherto in use.

IN QUART BOTTLES.

For the removal and permanent cure of all diseases arising from an impure state of the blood, or habit of the system.

THIS Sarsaparilla is combined with the most effectual aids, the most salutary productions, the most potent simples of the vegetable kingdom, and its unprecedented success in the restoration to health of those who had long pined under the most distressing chronic maladies, has given it an exalted character—furnishing, as it does evidence of its own intrinsic value, and recommending it to the afflicted in terms which the afflicted only can know. It has long been a most important desideratum in the practice of medicine, to obtain a remedy similar to this—one that would act on the liver, stomach and bowels with all the precision and potency of mineral preparations, yet without any of their deleterious effects upon the vital powers of the system. Although possessed of powerful healing properties, it is entirely harmless, and will not injure the most delicate constitution. When in perfect health no effect is produced by its use, except an increase of appetite; but when disease is seated in the frame, and carrying fast its victim along the path of life, then its mysterious influence is felt and seen; it enkindles new life and vigor, and brings health and strength to the suffering and diseased.

SCROFULOUS AFFECTION OF THE EYES.

Winchester, Ky., Oct., 29, 1849.

A. B. & D. Sands—Gentlemen. I would not have presumed to write to you, if it was not my duty to let the public know the almost miraculous effect your Sarsaparilla has had upon me. My limbs were covered with ulcerous sores, so that I could not walk during the whole Spring and Summer. In this situation I commenced the use of your Sarsaparilla, and after taking two bottles was entirely cured. I must also tell you of another wonderful cure. My brother was afflicted with this scrofula in his head, so bad his physician told him the loss of his sight was inevitable, and permanent blindness secured to be his fate. Three bottles entirely restored his sight, and we cannot but recommend it as similarly afflicted to use Sand's Sarsaparilla.

Yours truly, BENJAMIN F. BUCKNER.

ITS POPULARITY ABROAD.

FROM SOUTH AMERICA.

Maracaibo, Venezuela, April 12th, 1849.

Messrs. Sands—Gentlemen: I consider it a duty due the public to make known the great benefit I have received from using your valuable Sarsaparilla. About three years since I was attacked with Rheumatism in my shoulders, and also in my legs, and so severe was the pain that I was unable to sleep. I tried all of the best medicines I could hear of without receiving any benefit, until through the advice of a friend I procured some of your Sarsaparilla, and after using four bottles in the course of fifteen days, I found myself entirely well. I have no hesitation in saying your Sarsaparilla is the best medicine I ever took, and confidently recommend it to my friends and the public.

Your obedient servant,
J. M. JESURUN.
