MEDICAL.

SANDS' SARSAPARILLA, QUART BOTTLES.
For Purifying the Blood, and for the Cure of Scrofula, Rheumatism, Shakkers Ulcers, Dyspepsia, Salt-Rheum, Fever Sores, Erysipelas, Impurities, Mercury, Gravel, Diseases, Cutaneous Eruptions, Liver Complaint, Bronchitis, Consumption, Female Complaints, Loss of Appetite, Gravel, Debility, &c.

IN this preparation are strongly concentrated all the medicinal properties of Sarsaparilla, combined with the most effectual aids, the most salutary productions, the most potent simples of the vegetable kingdom; and the combination is such that one modifies and improves the other, producing a compound differing entirely in its character and properties from an ordinary preparation, and unrivalled in its operation on the system when labouring under disease. The many well authenticated cures of Scrofula of the most malignant character, have given a wide and universal celebrity to this; it is not alone in Scrofula nor in the class of diseases to which it belongs, that this preparation has been found beneficial; it is a specific in many diseases of the skin, and may be administered with favorable results in all, and it has been so fully tested, as to only judicate themselves, but also by Physicians, that it has received their especial and decided recommendation and the approbation of the public, and has established on its own merits a reputation for VALUE and EFFICACY far superior to the various compounds bearing the name of Sarsaparilla. The following testimonials are selected from among the multitude of those we are daily receiving, and for further confirmation, the reader is referred to the Family Recipe and Medical Almanac, furnished gratuitously by all our agents.

Important Testimony.

Oxford, N C, June 5th, 1854.

Messrs A. B. & D. Sands: Gentlemen—We have been agents for the sale of your Sarsaparilla for the last fifteen years, and have sold large quantities of it during the time to hundreds of different persons, who have always been pleased with it, and expressed themselves perfectly satisfied as to its effects in curing the various diseases for which it is recommended. If more proof were necessary to satisfy those who still mistrust us, we could obtain it in abundance, from persons in this county and vicinity, but the best proof is, that we sell it to the same family year after year, and to none but the best.

Yours respectfully, R J MITCHELL & CO.

Prepared and sold, wholesale and retail, by A. B. & D. SANDS, Druggists, Nos. 100 Fulton st., corner of William, New York. Sold also by Druggists generally throughout the United States and Canadas.
