DIVIDEND OF 25 PER CENT.

THE MUTUAL SAFETY INSURANCE COMPANY—Has declared a dividend of the profits on the business of the past year of twenty-three and a half per cent.

Certificates of scrip for which are now received and ready for delivery at the office of the Agency in this city, to all those who may have done business with this company during that period

By the system, adopted by this company—all the nett profits of each year, are divided pro rata among those who pay the premiums—thereby the (reciprocal) insurers insuring their property at this agency on a stipulated premium of, say one and a half per cent—obtain a dividend reducing the rate to about one and one eight per cent, receiving a return of near one-quarter of all the premium paid together. The company continues to make insurances on Fire and Marine Risks at the present reduced rates of premium—and would give notice that their assets exceed One Million of Dollars.

A certain lot or parcel of ground situate on the battore of the suburb St. Mary of this city, in the square comprised within and bounded by New Levee, Girod, Tchoupitoulas, and Notre Dame streets, having more or less, 300 feet in front on Girod street, 218 feet 10 inches front on Tchoupitoulas street, 317 feet 6 inches in front on Notre Dame street, and 229 feet on a line which separates said parcel of ground from that which formerly belonged to Messrs. Banks and Parker, the whole divided into lots, and intersected by Commerce street, according to a plan made by Joseph Pilie, city surveyor, on the 18th May, 1829, which said lease is made by Nicholas Girod to John F Miller, and is dated on the 5th day of May 1829, for the term of twenty years, on the following terms and conditions: The lessee is to pay an annual rent of three thousand dollars, and also to pay the taxes on the improvements which said lessee may erect on said property, those on the land being paid by the lessor; and on the further condition, that at the expiration of said lease all the buildings and improvements the lessee may have made on the premises are to be abandoned to the lessor, his heirs, or assigns, without indemnity, and the exterior walls of the principal buildings, when they are two stories high, must be one brick and a half thick—all of which, with further particulars, may be seen by an examination of said lease, recorded in the office of Louis T Caire, notary public.

The said John F Miller, by subsequent acts of lease and transfer, sub leased to Samuel Livermore three lots embraced within his said original lease, for the annual rent of $650, payable semi-annually, by act before C. Pollock, notary public, on the 8th of June, 1829, to Thomas Banks, four lots embraced within said original lease for $950 payable semi-annually, by act before C. Miller has erected eight two story brick buildings fronting on Girod street, and including the two corners of Girod and Commerce streets, together with kitchen and outhouses, which buildings bring in a rent of about $400 per month. The buildings are insured for 1 year from 18th March last

The purchaser of said half interest in said property, rights and premises to assume one half of the obligations of said John F. Miller to the heirs and representatives of said Nicholas Girod, and to be subrogated and entitled to one half his rights and demands against the said Samuel Livermore, Thomas Banks, and Charles Byrne, sub-lessees, their heirs, and assigns.

The sub-lease of said Thomas Banks has been sold by his assignee in bankruptcy and the executors of Nicholas Girod have become the purchasers and are in possession of the same. The sub-lease of Charles Byrne has also been sold under execution against him and William Emerson has become the purchaser and is now in possession of the same, and the sub-leases of said Samuel Livermore has been sold to E. Hayes who is also in possession of the same. All of the said sub-lease expire about 18 months before the expiration of the term of the principal lease to said J. F Miller.

For further particulars, purchasers are referred to the original acts of lease and sub lease above referred to, and also to an act of sale by said Miller to Samuel Kohn, 2d November, 1840, and of said Kohn to Kohn, Daron & Co 15th April 1842, both before Carlile Pollock, Notary.

"ECONOMY IS THE ROAD TO WEALTH."

OLD CLOTHES MADE NEW.
LONDON DYEING & SCOURING ESTABLISHMENT

JOHN J. JACKSON, lately from London, respectfully informs the citizens of New Orleans and its vicinity, that he has taken the store No 98 CAMP STREET, next to Harmony's Temperance Intelligence and General Agency Office, a few doors below Poydras, for the purpose of Dyeing, Renovating, Repairing and Scouring

GENTLEMEN'S WEARING APPAREL

upon an entirely new principle. All clothes made to appear as when new, without any injury to the cloth; and if not done to satisfaction, no charge will be made.

From the long and practical experience which I have had during my apprenticeship in London, and in working for the officers of the Horse Guards, and other officers of other regiments, I am enabled to dye SCARLET and other colors in a superior manner; also to extract grease spots and stains of all descriptions from military and other garments.

Gentlemen composing volunteer companies in this city, who have military clothes out of order, from the effects of grease spots, stains, &c, are respectfully invited to call and give him a trial.

Gold, silver and silk lace, epaulettes, &c. furnished from use, can be restored to their original lustre and brightness.

LADIES' WEARING APPAREL (including silk, satin and velvet dresses), dyed in the most approved fashion and in the latest style and finish.

Carriage cushions, linings, pulpit covers, sofa and chair covers, window hangings, carpet and hearth rugs, cleansed, dressed, &c. and made to appear as when new.

Many gentlemen and ladies have to throw aside articles of dress, coats, and vests, worn or dyed in consequence of the numerous impostors that do not understand their business. The subscriber requires but one trial to prove the character of his workmanship.

From a strict attention to business I hope to merit a share of public patronage.

☞ All work entrusted to my care will be ready for delivery in forty eight hours after being left with the subscriber. JOHN J. JACKSON.

ON SUNDAY EVENING, April 20th, and every evening at half-past 7 o'clock:

GRAND NAVAL COMBAT, between the American frigate CONSTITUTION, and the English frigate LA GUERRIERE.

In this scene a faithful description of this celebrated Naval Engagement is given. The crews are seen at their different posts—broadsides are imitated with surprising effect, and the whole is represented in a manner to surprise even those acquainted with Naval Engagements.

THE LAST ERUPTION OF MOUNT ETNA,
Represented after nature, at the moment the Mountain is in flame and the Lava descending like a mighty ocean, destroying every thing in its passage. This scene is sublime and terrific.

MIDNIGHT MASS!
by imitation of Daguerre's Diorama, in Paris.
The procession and people circulating through the Church, are seen with wax candles lighted in their hands. This picture is a fine specimen of what Painting and Mechanism can achieve. a19

Dr. Blackwell's
CELEBRATED ANT ACRID TINCTURE AND SCOTCH RENOVATOR,

For the Cure of Venereal Disorders, Stubborn Gleet, Seminal Effusions, Weakness of the Urcter or Bladder, Diabetes, or Difficulty in Making Water.

BLACKWELL'S ANT ACRID TINCTURE

THESE DROPS are chiefly composed of vegetable substances; their use and efficacy have been fully proved by hundreds, and may be relied on as perfectly sure and safe. Dr Blackwell having prepared and used them for many years, in his extensive practice in Scotland, with great satisfaction and wonderful success among his numerous patients. Dr. Blackwell, the inventor of this truly valuable medicine, makes no other claim to public confidence, than what experience has so fully justified; and he does not, in the least, hesitate to warrant them as a safe and certain Cure for the Venereal Disorders, Stubborn Gleets, Seminal Effusions of the Ureter or Bladder, Diabetes, or Difficulty in Making Water.

This is the most speedy, certain and effectual remedy for the above complaints that has ever been used: It is pleasant to the taste, and grateful to the stomach and easily taken. It is a pure concentration of the medical properties of such remedial agents as have been found most efficient in curing gleets, seminal weakness and all discharge from the urinary passage It is wholly a vegetable compound, and acts like a charm in producing an immediate operation upon the part affected.—Full directions accompany the medicine.

Recommended by the Faculty for the radical cure of gonorrea, gleet, seminal emission, and all non-purulent discharges from the urethra. This Tincture, the result of twenty years' experience in the Hopital de Charité de Paris, and pronounced by its celebrated Inventor, Professor Blackwell as an infallible remedy for all diseases of the urethra. It effects a cure in a much shorter time than any other remedy, without tainting the breath, disagreeing with the stomach, or confinement from business.

Persons afflicted with copper colored blotches on the head, pains in the limbs or body, nodes on the bones of the arms and legs, ulcerated or sore throat, mouth or throat, or any other symptom of that loathsome disease—constitutional affection; persons afflicted with obstinate and old discharges, or weakness of the urinary organs, or who are suffering from indulgence in a certain destructive habit known as the solitary vice, and who, from disgust and disappointment have abandoned all hopes of a cure, are strongly urged to try the above medicine, the most effectual and rapid cure ever known for a certain disease.

Those who wish to avoid quack nostrums and cure themselves with little trouble or liability to exposure, will find this medicine well suited to their case, as it requires no change of diet, and does not affect the health, which prevents the possibility of discovery while using it.

Besides this important advantage it never leaves the parts subject to the troublesome weakness that occurs so often after the use of other medicine; and if taken in the first stage of the disease, it will arrest the discharge and remove unpleasant feelings in a few days. In long protracted or chronic stages of the disease; in obstinate gleets, female complaints, or weakness of every degree, it has cured many obstinate diseases after every other medicine has failed. A case of this kind of more than a year's stand ing was recently cured in two weeks by this specific, after upwards of $100 had been spent for medical advice without effect. In fact, it has been used with success in all stages of the disease, that we challenge any case to be produced that it will not cure, under a forfeit of $500.

We give no long quackish recommendations to deceive the public. If the medicine does not speak for itself, no one shall speak of it. Our object is to notify where it can be had; and the proprietor challenges any case of recent gonorrhea to be brought in which the mixture will not perform a rapid cure, under forfeiture of $400.

This a disease that unfortunately pervades all ranks of society—high, low, rich, and poor, married and single.—They are now presented with a remedy by which they can cure themselves without the least exposure, in the shortest time possible.

☞ The genuine is sold wholesale and retail, at MADLINE'S Drug Store, corner Common and Carondelet sts, New Orleans, Louisiana.

NEWS FROM ENGLAND,
BY THE EXPRESS MAIL FROM N. YORK.
"WILLMER & SMITH'S EUROPEAN TIMES."

Arrangements have been made by which THE EUROPEAN TIMES, published in England expressly for the UNITED STATES and CANADA, will be sent forward on the arrival of all the Steamships to Boston and New York from New York from England.

This paper will be forwarded from New York on the arrival of the Express from Boston, frequently 24 hours in advance of the regular mail to this City to subscribers only.

It has already attained a very high character, and may with great propriety be said to contain the best PRICES CURRENT, the best SHIPPING LIST, and the best EUROPEAN NEWSPAPER which reaches this country from England—for it comprises in a condensed form of twenty four columns, every description of news of interest to America, which has transpired in England and other Foreign parts, from the sailing of the previous up to the hour of departure of the steamship which conveys the forthcoming number.

Amongst other numerous and flattering testimonials, the Boston Morning Post says:
