☞ THE CHEST. ☜

SIR ASTLEY COOPER, BART., M. D.
THE EMINENT MEDICAL PRACTITIONER, HAS LEFT A VALUABLE LEGACY TO THE WORLD IN HIS
Great Preventive of Consumption, AND Unfailing Cure for Pulmonary Disease, WITHOUT THE USE OF MEDICINES.

Sir A. C., Bart., invented and advised the use of the

MEDICATED FUR CHEST PROTECTOR,

to all persons of all ages and conditions, as a certain and a safe shield against those fearful diseases, Consumption, Bronchitis, Asthma, Coughs, Colds, and other afflictions of the Lungs, which arise from the exposed state of the chest, *according to fashion*, and the continual changes of our climate. "The Protector" is simply a chemically prepared fur, lined with silk and padded, which, suspended from the neck, covers the chest, in so agreeable a manner that, once worn, it becomes a *necessity* and a *comfort*.

"The Protector," although but recently introduced into America, is making rapid progress through the United States, the Canadas, South America, and the West Indies. It has for a long time been a staple article in England and on the continent of Europe, while it has grown in many countries to the position of an article of dress.

To demonstrate these facts, enquire of any English resident in your vicinity of his knowledge of the beneficial effects of wearing the Protector, WITHOUT RECOURSE TO DOCTORING of any kind. The cost of wearing these articles is a mere trifle, and one will last some years. No one who values the health of himself or his family will be without them. The Hospitals in this country are not alone recommending them, but rapidly introducing them. Harcourt, Bradley & Co., of London and Manchester, England, were originally entrusted with the manufacture of the Protectors, by the lamented Dr. Cooper, and continue to manufacture according to *his original* instructions, and therefore recommend those who would wear "The Protectors" to see to their being genuine.

REMEMBER THIS IS A STAPLE ARTICLE, AND NO PATENT MEDICINE.

BY ROYAL LETTERS PATENT.

THE HYDROMAGEN,

OR WATERPROOF, ANTI-CONSUMPTIVE CORK SOLES.

MANUFACTURED BY HARCOURT, BRADLEY & CO., 44 MARKET ST., MANCHESTER.

Principal Warehouse, 102 Wood Street, Cheapside, London, England. American Establishments, 38 Ann street, and 102 Nassau street, New York, U. S.

The Hydromagen is a valuable discovery for protecting the feet from damp or cold, and therefore a preventative of many Lung diseases, *without any doctoring whatever.* The Hydromagen is in the form of a sole, and worn inside the boot or shoe. Its *medicated* character is a powerful antidote to disease.

For Gentlemen, it will be found agreeable, warm, and healthy, to wear in the coldest or rainiest weather, as the foot cannot become wet if the Hydromagen is inserted. Ladies may wear the lightest soled boots or shoes in the most inclement weather with impunity; while Consumption, so prevalent among the young of our country, may be thwarted by their general adoption. They entirely *supersede overshoes*, as the latter cause the feet to perspire in a very unhealthy manner; and, besides, are not dangerous wear to pedestrians in icy weather, like india-rubbers. While the latter cause the feet to appear extremely large, the Hydromagen, being a mere thin slice of cork *prepared* peculiarly placed inside, does not increase the size of the boot, or cause the foot to appear untidy. To Children they are extremely valuable, as they may engage in exercise with comfort and healthy effects. Their expense is so slight as to scarce need mention; besides, those who patronize them will find their *yearly doctor's bills much diminished thereby.*

As the Hydromagen is becoming more known, its sale is increasing to an almost incredible extent.—Last year in London, Manchester, Birmingham, Liverpool, Glasgow, Leeds, Dublin, Paris, Antwerp, Hamburgh, and Berlin, our sales reached 1,739,450 pairs of Cork Soles. This year the number will far surpass that.

Ask the Faculty their opinion of their value as a preventative for COUGHS, COLDS, BRONCHITIS, ASTHMA, AND CONSUMPTION.

MEN'S SIZE, pr. pair, 35 CENTS.
LADIES' do. 30 do.
BOYS' & MISSES' do. 25 do.

NOTICE.—From the retail Price, we make a very great allowance to Jobbers and Wholesalers, so that any store-keeper may make a fine profit on their sale, while they are an article that may be kept in any store, among any class of goods.

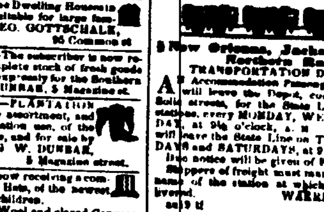
STEAM AND SULPHUREOUS BATHS. Both of Vapor and Fumigations.



Since many are compelled to resort to Vapor Baths and aromatic Fumigations for the cure of cutaneous affections, rheumatic pains, neuralgies, chronic catarrhs, paralysis, scrofulous complaints, engorgement of the glands, etc., it is highly important that a convenient and appropriate apparatus should be used for the application of these special remedies.

The undersigned, after twenty years' experience, has succeeded in perfecting his apparatus in such a manner as to graduate the strength of the fumigations to the feelings of the patient and the gravity of his complaint.

As several persons are now selling rice powder, the undersigned feels it his duty to inform the public that he will take the necessary measures to maintain the rights specified in the patent.

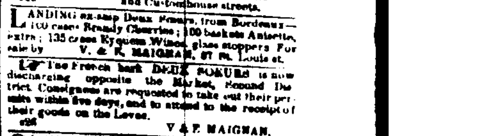
B. ANTOGNINI, Manufacturer of Billiard Tables, &c.



No. 12 and 14 Conti Street, Between Chartres and Levee Streets,

BEGS leave to inform amateurs and proprietors of Billiards, that he is now ready to furnish them with Billiard Tables of a new kind, and superior to all those which have heretofore been in use, whether manufactured in France or the North or West of the United States.

The repairs which he is every day called upon to make to Billiard Tables coming from these countries have enabled him to ascertain the kind of construction which is best suited to resist the temperature of damp climates.

The table and bands of a Billiard being generally the parts which are most liable to deterioration, particular attention has been paid to the construction of those parts.

Every Billiard built by him has a Mahogany table, combined with Oak, Cherry and Hickory, thus warranting them from warping in any direction.

The bands are made of Patent India Rubber, invented by him, and far superior to the French caoutchouc used in different manufactories: these India Rubber sides have been used by him since 1847, and have always given great satisfaction.

Gentlemen may satisfy themselves by visiting his establishment, where they will always find mounted Billiard Tables, ready for playing and they will be convinced that the balls do not jump.

EVERY BILLIARD TABLE BOUGHT FROM HIM IS WARRANTED FOR A NUMBER OF YEARS LIMITED BY THE PURCHASER.

He has constantly on hand a great variety of New and Second-Hand Billiard Tables

Also—BALLS and PINS, for Ten-pin Alleys, complete Loto Setts, &c. &c. Also—EIGHT LEG BILLIARDS.

☞ Persons unable to come to New Orleans, and who may desire to procure any of the above named articles, have only to communicate their orders to B. ANTOGNINI, who will execute them satisfactorily.

B. Antognini has also the honor to inform his friends and the public in general, that in consequence of an arrangement with one of the largest manufacturers of d'Elbœuf Cloth, he has on hand a large quantity of cloth for Billiard Tables, which he is prepared to sell at an exceedingly low price.

The extension of his house, and the relations which he has established, and continues to establish, with the best manufacturers of France and the U. States, enable him to sell all articles in his line at prices below the current rates. my19
