OFFICIAL NOTICES.

PROCLAMATION.

By Joseph Walker, Governor of the State of Louisiana.

THE uninterrupted blessings of peace, health and prosperity, which we as a people have enjoyed during another year, demand from us a lively expression of gratitude and thankfulness to the Giver of all Good, for the continued favors thus conferred upon us. Wherefore, as the Governor of the State of Louisiana, and in conformity to the request of the several Executives of the different States composing our sacred Union, I deem it meet and proper to suggest, that THURSDAY, the 27th of November, be set apart and observed as a day of "Thanksgiving, and prayer to Almighty God," and that the good people of this State suspend on that day, their ordinary business avocations, and together with their fellow citizens from other States, assemble in their usual places of Worship, for the united expression of their homage, and thankfulness to Him who is the author of all temporal and spiritual blessings, and that civil and religious liberty may be continued to us, and to our posterity unimpaired, and in due time be extended to all the nations of the earth.

In testimony whereof, I have hereunto set my hand, and the seal of the State, at the town of Baton Rouge, this 27th of October, A. D. 1851, and of the Independence of the United States the seventy-sixth.

G. BOYER'S INSTITUTION,

No. 148, CONTI ST., between Dauphine & Burgundy.

MR. G. BOYER, founder of this establishment, the oldest in New Orleans, avails himself of this opportunity to make a new appeal to the confidence of parents. The institution is conducted in a large mansion, occupying a fine central position, being well ventilated, and in other respects perfectly salubrious. The range of studies which engage the attention of the pupils, extends over all the branches of learning, which are necessary to a useful, polite and finished education; from primary instruction, to the more abstruse subjects which are specially the province of a collegiate course. The elementary studies are attended to with more than ordinary care, considering the decisive influence which they exercise over the other branches of instruction.—Discipline, which must not be separated from assiduous study, nor from a good education, is conducted with solicitude. It is calculated according to the age and character of the students, and intended to give them an accurate idea of duty and good behavior.

ST. LOUIS INSTITUTION.

DIRECTED BY

MADAME E. DERON,

No. 145 St. Louis street, between Dauphine and Burgundy streets—New Orleans.

SCHOLASTIC YEAR 1851–'52.

THIS Institution which for the last twelve years, has followed a constant career of progress and prosperity, has resumed its usual course of studies since the 1st September.

Madame DERON, formerly a pupil and professor of the "Maison Royale de St. Denis," and a graduate of the University of France, has endeavored to profit by the experience which she has acquired in the United States, to place her Institution in the first rank of educational establishments in America.

Madame DERON, exclusively devoted to her pupils, applies herself not only to the cultivation of the mind, but also to the formation of the heart. She strongly desires that the young Ladies confided to her care may be remarked for all those valuable qualities which constitute a really good education, such as the spirit of order and decorum, amiability of temper and solidity of judgment, mildness of manners and a sympathising disposition, and finally easy grace and reserved elegance of manners. In order to obtain these results, Madame Deron has always employed as auxiliaries both firmness and mildness, the constant use of emulation, and especially rewards for application and regularity in study. She is seconded by her sister-in-law, Mademoiselle J. DERON, who, like herself, has always followed the career of instruction; these two Ladies watch with the greatest zeal over the daily progress of the pupils.

The locality of the institution well known and appreciated in New Orleans, as one of the most suitable and salubrious in the city, is perfectly well arranged; the class and study rooms and dormitories are spacious and airy, having over several gardens, and there are besides a handsome yard and a terrace sheltered from the sun and intended for the recreation of the pupils.

The general instruction is given both in French and English; it embraces all the branches which constitute a finished education for young ladies. The English language is the object of especial care, the creole pupils are required to their communications with each other and with their professors to speak the English language exclusively.

Mr Orton, who has been attached to the Academy from its foundation, devotes great part of his time to impart to the pupils of the higher classes a thorough knowledge of the English language and literature, the other classes are entrusted to well qualified American governesses.

Madame Deron has reserved to herself the direction of the French classes. She has besides secured the assistance of an excellent Professor of the higher sciences, Monsieur H. Jegou, who divides with Monsieur H. Deron and Mesdames Deron, the care of the French department.

The Spanish language forms a part of the system of study.

With respect to religious instruction M. l'Abbe Tholomeer, whose zeal is so justly appreciated, continues to prepare the pupils for their first communion in the chapel of the institution.

NEW ORLEANS FEMALE INSTITUTE,

OR

DAY AND BOARDING SCHOOL, FOR YOUNG LADIES,

252 CAMP STREET,

Conducted by Mrs. Macaulay.

THIS Institution is under the personal supervision of Mrs. MACAULAY, and the classes advanced in literature, science, and philosophy are under the care of Dr. Macaulay. The most accomplished teachers are employed in giving instructions in the French, Spanish, and Italian languages, also in Drawing and Dancing. The piano, harp, and guitar, as well as vocal music, are taught by professors of the highest grade of qualifications.

There are now eight instructors in the institution, and it is the aim of the Principals to make it, in all respects, such as parents may desire for their daughters. Every care is taken not only to instil pure morals, and promote habits of correct, lady like deportment in the pupils, but to make them intelligent as well as accomplished, and, consequently, fit them for society and future usefulness.

Young ladies from the country, living in the family as boarders, share in the enjoyments, privileges and attentions of daughters, and are uniformly treated, not so much as members of a boarding school, as daughters of an affectionate family.

To the establishment is attached a large and well selected library; and to create a thirst for the acquisition of general knowledge as to the improvements and changes that are continually taking place in the literary, scientific and political world, leading Periodicals of a truly valuable character, and standard works of reference, are at the command of the young ladies well advanced in school education, for the important purposes of teaching them to acquire useful knowledge for themselves, by means of research and examination.

Monthly reports issued, as to progress and conduct.

A class for the study of the Latin language, will be formed on the first of November, and one on the use of the Globes.

References are made to parents who have had their daughters at the institution for years; and further particulars and circulars can be obtained by applying, personally, or by letters either to Dr or Mrs. Macaulay. s22

ORLEANS HIGH SCHOOL,

NO. 58 AND 59 ESPLANADE STREET.

Erastus Everett, A. M.,

Principal and Proprietor.

THIS Institution, for the education of young gentlemen, was opened in April, 1843, by Mr EVERETT in company with other Professors, and soon secured for itself a place among the best Seminaries in the South.

The buildings and play-grounds have been carefully adapted to all the necessities of a Day School.

The various branches of knowledge are taught by Mr. EVERETT and a corps of Assistant Professors, selected with a view to good character, sound learning, and experience in teaching.

The English classes are taught by Mr. EVERETT solely, and he will give, as heretofore, all diligence in imparting to the Students of the School an accurate knowledge of the language of the land. To the higher classes is given, in connection with Rhetoric, a course of English and French Literature.

The course of study embraces the Grammar and Literature of the Greek, Latin, English, French and Spanish Languages; History, Geography, Rhetoric, Versification, Logic, Political Economy, Moral Philosophy, Book-keeping, Arithmetic, Algebra, Geometry, Trigonometry, Natural Philosophy, and Chemistry.

As the Modern Languages, (particularly the English and the French,) and the higher Mathematics receive very special attention, the School offers singular advantages to boys designed for mercantile pursuits.

☞ The annual organization of the elementary classes has been recently completed, and as they are instructed almost exclusively by the Principal and are under his immediate supervision during the whole day, he can answer for their rapid progress in English, French, Arithmetic and Writing. o20-tey

LOUIS DUPAU, PRINCIPAL.

THE Principal of this new establishment is in hopes of having founded an institution which may offer to the youth of Louisiana the same resources and advantages as the Colleges of the North and of Europe. In order to achieve this object, he has associated with himself the most distinguished Professors of New Orleans.

The Principal will spare no pains, and will endeavor constantly to develop in his pupils the moral attributes, as well as to cultivate the faculties of the mind. He considers that it is as important to bring up children well as to instruct them well, and he is convinced that all education, in order to be fruitful and solid, may rest on a basis of morality and religion.

The course of study in the College of Louisiana will comprise Instruction in the Dead and Living Languages, (Greek, Latin, English, French and Spanish,) History, Geography, Philosophy, Rhetoric, the Mathematical and Natural Sciences, Political Economy, Chemistry, Belles Letters, &c.

English, being the National Language, will be the foundation of instruction in the College of Louisiana, and the greater portion of the classes will recite in English. English Professors have already been engaged by the Principal. Mr. Orton, well known in New Orleans will take charge of the higher classes; another, whose native language likewise is English, will remain constantly with the pupils, in order to accustom them to speak correctly the language of their country. Particular attention will be paid to the History of the United States.

The course of instruction will be in four classes.

TERMS:

First Class, per month	$12 00
Second Class, per month	10 00
Third Class, per month	8 00
Fourth Class, per month	6 00

Extra charge will be made for Music, Drawing, Painting, Dancing and Fencing, all of which will be taught in the establishment.

PRIMARY SCHOOL.

In compliance with the request of many parents, the Principal will admit children under ten years of age, who will have no connection with the pupils in the College, but will be instructed between the hours of 9 and 3. The charge for these children will be only $5.

BOARDERS AND HALF BOARDERS.

Boarders and half boarders are received in the establishment, for whom the same care and solicitude are observed as when at home, so far as discipline and good order will permit.

Terms—Boarders, per month $25 00
Half Boarders, per month 15 00

For further particulars, application may be made to the Principal, every day except Sunday. The public are invited to visit the establishment, where they can procure prospectuses. s20-3m

IN QUART BOTTLES,

For Purifying the Blood, and for the Cure of

SCROFULA, MERCURIAL DISEASES, RHEUMATISM, CUTANEOUS ERUPTIONS, STUBBORN ULCERS, LIVER COMPLAINT, DYSPEPSIA, BRONCHITIS, SALT RHEUM, CONSUMPTION, FEVER SORES, FEMALE COMPLAINTS, ERYSIPELAS, LOSS OF APPETITE, PIMPLES, BILES, GENERAL DEBILITY, &c.

This preparation has now borne the test of over 14 years experience, since its first introduction to public favor, during which time numerous imitations have sprung into existence, founding their claims to the confidence of the community on the curative powers contained in Sarsaparilla Root, the great reputation and extended use of which has been mainly attributable to the many wonderful cures effected by the use of this preparation.—While Sarsaparilla Root forms an important part of its combination, it is, at the same time, compounded with other vegetable remedies of great power, and it is to the peculiar combination and scientific manner of its preparation, that its remarkable success in the cure of disease depends. Other preparations imitate it in the style of putting up, and in bearing the name of one of its ingredients, and here ends their resemblance to it. Those needing a remedy and purifier like this, are requested to note where this difference exists, and in making choice of what they will use, not to take any other but that one entitled to their confidence, from the long list of cures it has effected on living witnesses, whose testimonials and residences have been published, and who are still bearing daily testimony to its worth.

LIVER COMPLAINT AND SALT RHEUM.

New York, July 27, 1849

Messrs. A. B. & D SANDS—Gentlemen: Words can but feebly express my feelings, in conveying the pleasing intelligence that my wife is restored to perfect health by the use of your invaluable Sarsaparilla. She was afflicted with a severe cutaneous disease that covered the whole surface of the body, so that it would have been impossible to touch any part that was free from the humor; the head, face and body were covered with scales like those of a fish; the hair fell out in large quantities, and was causing the most excruciating agonies, as it affected the joints more severely than any other part. She suffered also a long time from an affection of the liver, connected with general debility, and a prostration of the nervous system. Physicians, both in Europe and America, had exhausted the usual remedies, without effecting a cure, or scarcely affording a relief; and the best medical skill was unavailing, until one happily used your Sarsaparilla. The disease was pronounced salt rheum, but her whole system, internally and externally, was altogether deranged; but as complete has been the cure, after using the Sarsaparilla for six weeks, and taking, in all, less than one dozen bottles, that she now enjoys better health than for years previous to taking the Sarsaparilla. My object in making this communication is, that all who have suffered as she has, may know where and to whom to apply for relief, (and that not in vain,) as a complete cure will be the result. My wife unites with me in heartfelt thanks; and believe me, gentlemen,

Yours sincerely,

FERRIER NAZER.

City and County of New York ss.—Ferrier Nazer, being duly sworn, doth depose and say, that the foregoing statement, to which he has subscribed his name, is true and accurate, to the best of his knowledge and belief.—Sworn and subscribed this 27th day of July, 1849, before me,

C. S. WOODHULL, Mayor.

[Extract from a letter received from a Physician in Mary and.]

CAMBRIDGE, Md., Oct. 5th, 1850.

MESSRS. SANDS:

Gentlemen—My little daughter was afflicted for a long time with Sore Head and Eyes, and by using your Sarsaparilla was perfectly cured, other medicines and Sarsaparilla having failed to relieve her. Having used it and tested its efficacy, I now confidently recommend it in preference to any other, as it seems to possess properties not contained in any other preparation; and I find that purchasers, after they have used it, invariably want the same article again whenever they require a medicine for which this is recommended.

Respectfully yours, J. FLINT, M. D.

"CONSUMPTION."

RUSHTON, CLARK & CO'S CELEBRATED GENUINE MEDICINAL COD LIVER OIL.

THIS valuable remedy, introduced by us to the notice of the Medical Profession, but little more than two years since, has, during that short period, advanced more rapidly in the public estimation than any remedy yet discovered for this dread destroyer of the human race. It has been used with the most signal and gratifying success, even in cases considered hopeless, and in the late reports of the New York and Pennsylvania Hospitals ... it is spoken of as being more valuable than any remedy yet discovered for Consumption and Pulmonary Affections, and it has the great advantage over all other remedies that instead of reducing it increases the strength and flesh of the patient, thus enabling Nature to co-operate with the remedy, and overcome the disease.

Owing to the purity and superior quality of the Oil of our manufacture having given it a popularity over all others, several persons have copied the shape and style of our bottle, in order to palm off interior quality and adulterated Oil, and as the article, unless pure, is, in most cases, worse than useless, we would call particular attention to our Signature, which is over the cork of each bottle, without which it is not genuine. Be particular and enquire for Rushton, Clark & Co's Cod Liver Oil, and see that the Signature is over the cork.

For sale by N Jarvis & Co, J Wright & Co, Sickles & Co, Randolph & Pope, and by Druggists generally, where pamphlets may be had gratis, giving the history and use of the oil. o26
