SANDS' SARSAPARILLA.

For the removal and permanent cure of all Diseases arising from an impure state of the Blood, or Habit of the System.

IF we read the history of Disease we are astonished at its number; if of Cures we are still more astonished at the Art by which we purify all diseases have common origin, viz. in the organs which prepare and purify the blood, with a remedy, directed to the seat of disease, we receive a shock at its phenomena. It is the peculiar characteristic of Sands' Sarsaparilla that its search is special; it reaches the cause of disease, and the cause is poisonous attributes to a diseased and thorough. The health of the human system depends almost entirely upon the state of the blood. If the vitalizing fluid, which pervades every tissue, every nerve, every bone, ligament, gland, or other organ, is pure, healthy, and vigorous, the body can be charged with no elements of disease, sickness must be the consequence, and with the cause. Disease existing in the blood, are transmitted, not permanently relief can be expected. It is here that the powerful health restoring properties of Sands' Sarsaparilla manifest themselves, and for this reason, in Scrofula, Salt Rheum, and all eruptive diseases, as well as in all diseases of the secreting organs, it is considered unfailing.

The following interesting case is presented, and the reader is invited to its careful perusal. Comment on such evidence is unnecessary.

NEW YORK, July 26, 1844.

Messrs Sands.—Gents: It considers it such an act of justice to you to state the following facts in reference to the great benefit I have received in the cure of an obstinate Concretion from my throat.

I was attended six months by a regular and skilful physician, assisted by the advice of several of our most able and experienced surgeons, without the least benefit whatever. All the various methods of treating cancer were resorted to, for five weeks in succession my throat was burned with caustic three times a day, and for six it was fully syringed with a weak solution nitric acid, and the cavity or internal ulcer was so large that it held over an ounce of the solution. The Doctor pronounced the ulcer and cancerous, the bone sound, and the disease was advancing rapidly to the lungs, and I did not get speedy relief by my three months in solution, he could hold out no more, and tried to have the breast bone open and the tumor examined but finding no relief from what had been done, and feeling I was rapidly getting worse I abandon the proposal of relief, considering my case nearly hopeless.

Seeing your testimonials of perfect cures of cancer by the use of SANDS SARSAPARILLA, in cases similar to my own, I determined to try a few bottles, several in which were cured, but from the long deep seated character of my disease I thought very decided change, considering this a fair and probable cure for my case, I persisted until the disease was entirely cured. It is now several months since the cure was completed, there is not the slight appearance of a tumor. I therefore, gratefully and myself well, and the cure entirely effected by Sands' Sarsaparilla" as I took no other medicine, of any kind during the time I was taking it, but have taken none since. Please accept this long deferred acknowledgment, which I think it my duty to make. Your valuable Sarsaparilla cured me, without a blessing of Divine Providence, when nothing else could, and I feel myself under lasting obligations to you for a very, many things I cannot write, and I do from the gratitude never ceases afflicted as I have been to call upon you, and satisfy them to do of the truth as stated above and many other things in reference to the case.

NANCY J. MILLER, 218 Sullivan st.

Nantucket, Mass., 8th mo. 31, 1844.

A B & D Sands—Esteemed Friends—Although an entire stranger to you I do not feel at liberty any longer to defer the acknowledgment of a great benefit derived to you for your invaluable Sarsaparilla, which has been the means under Kind Providence, of my inexpressible relief. I was encouraged to this acknowledgment by reflecting that by my testimony thousands of sufferers, miserable as I have been, may be induced to try this remedy, and experience a cure as speedy and happy as mine. For ten years I have been suffering under a very cutaneous affection of the disease in my head, and during a great part of this time, my pain and sufferings were so severe, that but for a reliance on the Great Disposer of events, I should have to desired, and much preferred death itself. At different periods during my sickness, I had my physicians have been taken from my head, in various ways, besides all my upper teeth, and the entire upper jaw, rendering the mastication of food quite impossible. After expending about six hundred dollars in medical aid, I had recourse to your justly celebrated sarsaparilla and within the last three months the use of twelve bottles has, with the most beneficial operation, completely arrested the disease, the healing process is going forward, and I am rapidly approaching to a perfect cure. Sensitively anxious that others labouring under similar complaints, may have the benefit of my experience, I shall be most happy at any time to communicate to them or to you, such further and more minute particulars as may be desired. Please accept assurances of my great obligation and regard.

BENJAMIN M. HUSSEY.

Nantucket, 9th Mo. 31, 1844.

A B & D Sands—Respected Friends: Benjamin M. Hussey has personally directed me, relating his statement in reference to the wonderful effects of your Sarsaparilla upon him, may be implicitly relied upon. His case here is considered a very extraordinary one, and the cure altogether is such as to entitle the Sarsaparilla to be ranked as a great blessing to the human family, and we consider it as such.

Yours with true regard. WILLIAM MITCHELL, Cashier of the Pacific Bank, Nantucket.
