DR. EDOUARD MARTIN'S HYGIENIC ELIXIR,

FOR a [illegible] the remarkable [illegible] lection of [illegible] been found [illegible] effects of [illegible] to attain [illegible] signal [illegible] the perusal of the annals of Pharmacy, Chemistry and Medicine of all countries, published within the last ten years.

The [illegible] of the "Hygienic Elixir" has at length made this invaluable discovery. After numerous trials, changes and alterations in the proportions of the substances composing this Elixir, he is enabled to offer it to travellers in the shape of a palatable draught, not decomposed or altered either by climate or age.

The Elixir checks sea-sickness immediately, and restores the stomach to its healthy state. However delicate be the constitution of the person using it, it is equally infallible, and procures a genial feeling of ease and comfort. The nausea ceases as if by magic, calm and sleep are restored the appetite awakened and the digestion effected promptly under the influence of this tonic.

The inventor having had an opportunity during a recent sea voyage, to make personally a final trial of his Elixir, has made up his mind to offer it to the public. He could corroborate the above statements by testimonials from several sea-captains, but will appeal only to the opinion of one of the most intelligent and distinguished commanders of the French Commercial Navy. Captain Labory, having had opportunities of testing, under his own immediate supervision, the efficacy of this remedy, (then in the shape of pills) during several voyages, gives thus the result:

DEAR DOCTOR—During my last voyage to France I have had opportunities of testing, on divers persons, your remedy against sea sickness; I am happy to be enabled to report to you that I have obtained the best results, and if it were possible to alter the remedy into a palatable draught, such as a lemonade or some kind, which could be more easily taken than in its present shape, especially when the sea-sickness has already commenced, nothing more would be required, and you would be entitled to the everlasting gratitude of all those who are obliged to travel by sea, without being accustomed thereto.

I am yours truly,

Signed, A. LABORY, Com't. Ship l'Oscar.

The improvement suggested by Capt. Labory, has been effected. The Tonic and Hygienic Elixir against sea sickness, is sold in four ounce bottles with glass stoppers. Care must be taken to keep the bottles corked, to prevent evaporation.

Sole agent of the proprietor, Dr. Edward Martin. [illegible]

Dr. Ed. Martin's Vermifuge Syrup, Without any disagreeable Taste or Smell.

THE MELIA AZEDARACH, (Follis Bipinnati, Linnæus' Class X Decand.: Monogyn.—Jussieu, Class XIII, order II, Meliacea—Tournefort, Class XXI) Arbres [illegible] one of the most beautiful ornaments of our forests, the root of which for some time past has been, by a few persons justly reputed the best vermifuge known supplied us with the principal agent in the above named remedy.

Having sought with the greatest care in the bark of the root of this tree, the active principle which produces such excellent results in verminous affections of children, we have succeeded to extracting it in its purest state and by combining it with other tonic plants which are nearly all indigenous to Louisiana, have arrived at composing the above VERMIFUGE SYRUP, the efficacy of which is now beyond the shadow of a doubt.

This Syrup, of an agreeable flavor, can be administered without the slightest apprehension to the most delicate children. Its use continued during three days, the doses being given at shorter intervals as the child may be older and stronger, will infallibly expulse all those intestinal worms which are the source of so many diseases, dangerous and often fatal to children.

Some mothers, rendered timorous by the frightful results of the various vermifuges hitherto employed, have given it to their children, but in doses extremely small; this has, in such cases, rendered the effect incomplete, and might have injured the standing of this remedy, had not several of our most experienced practitioners, by judiciously prescribing it and regulating the doses adapted to the different ages tested and established its excellent virtues.

To avoid debilitating the little patients by too severe a diet, we have modified the doses originally prescribed, in the following manner:

Children 2 to 5 years old, three tea spoonfuls a day, at an interval of from 1 to 2 hours. Above five years old, three table spoonfuls at the same intervals. No nourishment to be given between the first and third doses, nor within an hour after the third.

The SYRUP must be administered during three consecutive days. Composed entirely of vegetable extracts, this Vermifuge does not produce any of the pernicious effects which have often followed the use of those hitherto in use.

Prepared and sold by E. E. MOUGIN, Chemist and Druggist, cor of Dauphine and Customhouse sts.

DUCONGE'S PECTORAL BALSAMIC SYRUP

LABORATORY OF THE PROPRIETOR, No. 39 Chartres street, N. O.

THE well known virtue of this vegetable Syrup, [illegible] of the breast, chest, lungs and bowels, is so well established, and has been tested for so many years, by such extensive patronage, that it would be idle to dwell at any length on its efficacy in colds, coughs, asthma, bronchitis, inflammation of the throat, stomach or bowels, spitting of blood and whooping cough.

It has been found highly beneficial in all inflammatory disorders, such as Rheumatism, Diarrhœa, or dysentery, summer complaint, and especially in those cases of [illegible] which so often degenerate into confirmed cholera.

In all affections of the lungs, verging on Consumption, it has been found to prevent that dreadful [illegible]

For Purifying the blood, and for the cure of Scrofula, Rheumatism, Stubborn Ulcers, Dyspepsia, Salt Rheum, Fever Sores, Erysipelas, Pimples, Biles, Mercurial diseases, Cutaneous Eruptions, Liver Complaint, Bronchitis, Consumption, Female Complaints, Loss of Appetite, General Debility, &c.

In this preparation we have all the restorative properties of the root, concentrated in their utmost strength and efficacy; but while Sarsaparilla Root forms an important part of its combination, it is, at the same time, compounded with other vegetable remedies of great power, and it is in the peculiar combination and scientific manner of its preparation, that its remarkable success in the cure of disease depends. It acts simultaneously upon the stomach, the circulation and the bowels; and thus three processes, which are ordinarily the result of three different kinds of medicine, are carried on at the same time, through the instrumentality of this one remedial agent, which gently stimulates while it disinfects and expels from the stomach and bowels all that is irritating, and at the same time restores their vigor and tone. Its great merit is, that it meets and neutralizes the active principle of disease itself, and when that is gone, the symptoms necessarily disappear, and we have only to point to the accumulated testimony of multitudes who have experienced its effects, to convince incredulity itself of its real value.

The Proprietors submit to the public the following certificate from a highly respectable source, of a cure made by using their preparation of Sarsaparilla:—

CHATHAM, Mass., July 26, 1850.

Messrs. A B & D SANDS:

Gentlemen—So truly valuable do I consider your Sarsaparilla, that I feel it to be my duty to state for the benefit of others, the cure effected on myself. Previous to 1845, I had a disease of the throat, which destroyed the tonsils, and was then attacked with a violent pain in the head. This soon resulted in a severe inflammation, and immense quantities of blood and matter were discharged. For six weeks the disease continued in the head, and the pain was so severe it deprived me of all my rest. [illegible] Many physicians were consulted, and the most skilful pronounced me past cure. [illegible] I was much reduced in strength, and was considered in the last stages of consumption. [illegible] I had not expected to live till I bought, so much emaciated my health almost gone. Contrary to all expectations, my health almost immediately began to improve; I was enabled to attend to my domestic duties and soon could walk out a thing which I thought would be impossible. My gratitude I cannot express, feeling assured that nothing else could have relieved me of the malady and suffering I had endured. I most cheerfully recommend Sands' Sarsaparilla to all suffering as I have done.

Respectfully yours,

REBECCA MAYO.

Knowing the above statement to be strictly correct, and being now residents, we bear our testimony to its truth.

WARREN ROBBINS, Esq., PRISCILLA L. DODGE, JOHN HALLET, ANOTHER REMARKABLE CURE.

New York, Jan. 6, 1850.

Messrs. SANDS—Gentlemen: I have great pleasure in adding my testimony to you the great benefit I have received from the use of your Sarsaparilla. I was [illegible] of pulmonary disease, [illegible] [illegible] Europe, but while there continued to be afflicted. A few weeks after my return, I was seized with a violent hemorrhage of the lungs, and from the debility and great prostration of strength that followed, with the increased difficulty of respiration, I was entirely relieved by the use of your Sarsaparilla, which I consider a most important and truly valuable discovery in the healing art. I feel that I have not for fourteen years enjoyed so good health as at present.

Gratefully yours, S. E. SAYMORE.
