SANDS' SARSAPARILLA.

For the removal and permanent cure of all Diseases arising from an impure state of the Blood, or Habit of the System.

From the long history of Decapkas we are astonished at the extreme, fact Cures we are constantly performing that they are. Analyzed in fact nearly all diseases have their origin, either in the organs which prepare and distribute the blood, with a remedy, therefore to the cure of disease and restore a state of its phenomena. It is the power of characteristic of Sands' Sarsaparilla, that its searching agent is broken the system thoroughly. The health of the human system depends almost entirely upon the state of the blood. If the vitalizing fluid, which pervades every part, every molecule, is the filament, gland, or other organ, impure, or nominally, it is ready to be charged with the elements of disease sickness must be the consequence, and must the causes of disease existing in the blood, are not eradicated, no permanent relief can be expected. It is here that in powerful health restoring properties of Sands' Sarsaparilla are manifested, and for this reason, in Scrofula, Mercurial, and all eruptive diseases, as well as all diseases of the secreting organs, it is considered infallible.

The following interesting case is presented, and the reader is left to the candid perusal. Comment on such evidence is unnecessary. New York, July 28, 1844.

Messrs Sands—Gents: I consider it such an act of justice to you, to give the following facts in reference to the great benefit I have received in the cure of an obstinate Cancer of the Breast.

I was afflicted with it for 9 months by a regular and skillful physician, assisted by the surgeon of one of our first hospitals, and expr frontal surgeon, who said the best he could do was a palliative. All the various methods of healing cancer were resorted to, for five weeks in succession my breast was bathed with caustic three times a day, and for nine days my breast was bathed with a weak solution of nitric acid, and the only or internal cancer was so large that it held over a quart of the solution. The Doctor pronounced the cancer incurable, and said to the disease was advancing rapidly to the lungs, and I had not get speedy relief by medical or surgical aid, the result would be fatal. I was advised to have the breast taken up and the tissues examined by the microscopic examination, which had been done, and the feeling I was rapidly getting worse, I was not desperate of recovery considered my case nearly hopeless.

Having various testimonials and certificates of cure by the use of SANDS SARSAPARILLA, in cases similar to mine, I concluded to try a few bottles, several of which were used, but from the long deep seated character of my disease, produced no very decided change, considering this as the only probable cure for my case, I persevered, until the disease was entirely cured. It now over several months since the cure was completed; there is not the slightest appearance of a return. I therefore, pronounce myself well, and the cure entirely effected by "Sands' Sarsaparilla," as I took no other medicine of any kind during the time I was using it, nor have I taken any since. Please excuse this long de ered acknowledgement, which I think it my duty to make. Your valuable Sarsaparilla cured me, with the blessing of Divine Providence, when failing every other remedy, and I feel myself under lasting obligations to you for as many things I can do write, and I do most respectfully recommend your invaluable Sarsaparilla to all such as I have been, and will satisfy them truly of the truth as stated above and many other things to refer to the case.

NANCY J. MILLER, 191 Sullivan st.

Nantucket, Mass., 9th mo 31, 1844.

A B & D Sands—Esteemed Friends:—Although an entire stranger to you, I do not feel at liberty any longer to withhold the acknowledgment of a great blessing received by my invaluable Sarsaparilla, which has been the means, under a kind Providence, of my inexpressible relief. I am glad to have an opportunity of thus publicly testifying to my testimony hundreds of sufferers, miserable as I have been, may be induced to try this remedy, and experience a cure as speedy and perfect as I have. For ten years I have been suffering under a severe bodily affection of the Bones in my head, and during a great part of this time, my pain and sufferings were so severe, that but for my attachment to great Disparaged events, I should have deserted and much sooner death. At different periods during my sufferings, I tried various medicines, and taken from time to time in various ways, besides all my upper teeth, and the entire roof of my mouth, from the commencement of my disease, which after Sarsaparilla, I had hopeless of any benefit, I had recourse to your justly celebrated Sarsaparilla, and within the last three months the use of but one bottle has, with the most beneficial operation, completely arrested the disease, the healing process is going forward, and I am rapidly approaching to a perfect cure. Being extremely anxious that others laboring under similar complaints, may have the advantage of my experience, I shall be at Boston at any time to communicate to them or to you such further particulars as may be desired. Please accept assurances of my great obligation and regard BENJAMIN M. HUSSEY.

Nantucket, 9th Mo. 31, 1844.

A B & D Sands—Respected Friends: Benjamin M. Hussey is a person of perfect respectability; his statement is to be relied on. The wonderful effects of your Sarsaparilla upon him, may be implicitly relied upon. His case here is considered a very extraordinary one, and the cure attributed to the use of your Sarsaparilla, to be ranked as a great blessing to the human family, and we consider it so. Yours with true regard, WILLIAM MITCHELL, Teacher of the Pacific Bank, Nantucket.

For further particulars and testimonials of the superior value and efficacy, see pamphlets, which may be had gratis.
