DR. EDOUARD MARTIN'S HYGIENIC ELIXIR,

Against Sea-Sickness.

FOR a long time past the scientific world, medical men especially, appear to have been struck with the remarkable fact, that among the innumerable collection of curative agents discovered, not one had been found to counteract or even mitigate the dreadful effects of sea-sickness. Several means have been tried to attain this end. These remedies, whether simple or compound after many trials, have hitherto proved signal failures. An idea may be formed thereof by the perusal of the annals of Pharmacy, Chemistry and Medicine of all countries, published within the last ten years.

The inventor of the "Hygienic Elixir," has at length made this invaluable discovery. After numerous trials, changes and alterations in the proportions of the substances composing this Elixir, he is enabled to offer it to travellers in the shape of a palatable draught, not decomposed or altered either by climate or time.

The Elixir checks sea-sickness immediately, and restores the stomach to its healthy state. However delicate be the constitution of the person using it, it is equally infallible, and procures a general feeling of ease and comfort. The nausea ceases as if by magic, calm and sleep are restored the appetite awakened and the digestion effected promptly under the influence of this tonic.

The inventor having had an opportunity during a recent sea voyage, to make personally a final trial of his Elixir, has made up his mind to offer it to the public. He could corroborate the above statements by testimonials from several sea-captains, but will appeal only to the opinion of one of the most intelligent and distinguished commanders of the French Commercial Navy. Captain Labury, having had opportunities of testing, under his own immediate supervision, the efficacy of this remedy, (then in the shape of pills) during several voyages, gives these the result:

DEAR DOCTOR:—During my last voyage to France I have had opportunities of testing, on divers persons, your remedy against sea-sickness; I am happy to be enabled to report to you that I have obtained the best results, and if it were possible to alter this remedy into a palatable draught, such as a lemonade of some kind, which would be more easily taken than in its present shape, it would be an invaluable remedy, and everybody would be eager to adopt it. I have already commenced, nothing more would be required, and you would be entitled to the everlasting gratitude of all those who are obliged to travel by sea, without being sea-poisoned thereto.

I am yours truly,

Signed, A. LABORY, Com't. Ship l'Oscar.

The improvement suggested by Capt. Labory, has been effected. The Tonic and Hygienic Elixir against sea-sickness, is sold in four ounce bottles with glass stoppers. Two must be taken to keep the bottles corked, to prevent evaporation.

For sale wholesale and retail, by E. E. MOUGIN, Apothecary, New Orleans.
