Office and residence Baronne street, opposite the State House.
DR. PEARSON invites his friends and all interested to call and examine the improvements in the manufacture of **Artificial Teeth**, particularly the **Block Teeth**, for which he received the first premium at the State Fair.
Persons wishing artificial Teeth inserted, can have it done at my establishment with less delay and upon more reasonable terms than any other in the south.
It has ever been my object to place it in the power of the poor as well as the rich to obtain relief and receive the benefits of dental operations. The great increase of my practice for the last year has compelled me to employ several skilful operators, among whom is an experienced French Dentist, whose services I have procured for a term of years at considerable expense. The Creoles may rely upon finding him always ready to wait upon them—his operations will always be submitted to my examination and approval.

DR. TOWNSEND'S SARSAPARILLA.
THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.
THIS medicine is put up in quart bottles; it is six times cheaper, pleasanter, and warranted superior to any sold. It cures diseases without vomiting, purging, sickening or debilitating the patient.
Great Spring and Summer Medicine.
The great beauty and superiority of this Sarsaparilla over all other medicines is, that while it eradicates disease it invigorates the body. It is one of the very best Spring and Summer medicines ever known; it not only purifies the whole system and strengthens the person, but it creates new, pure and rich blood; a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the past two years more than 35,000 cures of severe cases of disease; at least 300 of these were considered incurable.—More than
3,000 cases of Chronic Rheumatism;
2,000 cases of Dyspepsia;
400 cases of General Debility and want of Energy.
7,000 cases of the different Female Complaints;
2,000 cases of Scrofula;
1,500 cases of the Liver Complaint;
2,500 cases of disease of the Kidneys and Dropsy;
3,000 cases of Consumption;
And thousands of cases of diseases of the blood, Ulcers, Erysipelas, Salt Rheum, Pimples on the face &c. &c. Together with numerous cases of sick Headache, Pain in the Side and Chest, Spinal Affections, &c. &c.
This we are aware, must appear incredible, but we have letters from Physicians and our agents from all parts of the United States, informing us of extraordinary cures. R. Van Buskirk, Esqr., one of the most respectable druggists in New Ark, N. J., informs us that he can refer to more than 150 cases in that place alone. There are thousands of cases in the city of New York, which we will refer to with pleasure, and to men of character. It is the best medicine for the preventive of disease, known. It undoubtedly saved the lives of more than 5,000 children the past season, as it removed the causes of disease, and prepared them for the summer season.
United States officer, Capt. G. W. McLean, of the U. S. Navy and Member of the New Jersey Legislature, has kindly sent us the following certificate. It tells its own story.
RAHWAY, Jan. 24, 1847.
A year since I was taken with the influenza, and my whole system left in a debilitated state. I was induced to try Dr. Townsend's Sarsaparilla, and after taking two or three bottles I was very much relieved, and attribute it entirely to the said Sarsaparilla. I have continued taking it, and find that I improve every day. I believe it saved my life, and would not be without it under any consideration.
G. W. McLEAN, late U. S. N.
John Jackson, Esqr., Editor of the Rahway Republican, published the above certificate, and remarks in an editorial, as follows:—
The success of Dr Townsend's preparation of Sarsaparilla, appears to be of the most extraordinary character. We publish to-day two certificates in its behalf, one from Capt. McLain, of this town, and one from the Rev. Mr. White, of Staten Island, a gentleman well known in Rahway. Capt. McLean believes the medicine to have saved his life, and Mr White seems to entertain an equally strong confidence in its efficacy. Intelligent men like these would not praise so strongly what they did not fully believe to deserve it.

Scrofula Cured.
This certificate was handed in to Dr. Townsend's office this week and conclusively proves that his Sarsaparilla has perfect control over the most obstinate diseases of the blood. Three persons cured in one house, is unprecedented.
Three Children.
Dr. Townsend—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores; have taken only four bottles; it took them away, for which I feel myself under deep obligation.
Yours respectfully,
ISAAC W. CRAIN, 106 Wall st.
New York, March 1, 1847.

Great Female Medicine.
Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for incipient Consumption, Barrenness, Leucorrhoea, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness or accident.
Nothing can be more surprising than its invigorating effects on the human frame. Persons, all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of barrenness.
It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us. Several cases where families have been without children, after using a few bottles of this invaluable medicine have been blest with healthy offspring.
Dr. Townsend—My wife being greatly distressed by weakness and general debility, and suffering continually by pain and a sensation of bearing down ... falling of the womb, and with other difficulties, and having known cases where your medicine has effected great cures; and also hearing it recommended for such cases as I have described, I obtained a bottle of your Extract of Sarsaparilla, and followed the directions you gave me. In a short period it removed her complaints and restored her health. Being grateful for the benefits she received, I take pleasure in thus acknowledging it, and recommending it to the public.
M. D. MOORE,

To Mothers and Married Ladies.
This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "The turn of life," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Nor is it less valuable for those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all of the delicate diseases to which women are subject.
It braces the whole system, renews permanently the natural energies—by removing the impurities of the body—not so far stimulating the system as to produce a subsequent relaxation, which is the case of most medicines taken for female weakness and disease.

Opinions of Physicians.
Dr. Townsend is almost daily receiving orders from physicians in different parts of the Union.
This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations of the Sarsaparilla in the market.
H. P. PULLING, M. D.
J. WILSON, M. D.
R. B. BRIGGS, M. D.
P. E. ELMENDORF, M. D.
Albany, April 1, 1845.
The following is from one of the most respectable physicians of Long Island:
Greenport, July 10, 1846.
Dr. Townsend: Dear Sir—It is with satisfaction that I say to you that I have recently witnessed, in several cases, the most beneficial results from the use of your Extract of Sarsaparilla. Being compelled in the practice of medicine, I have prescribed it in several cases, and never without benefit. In the removal of diseases arising from a deranged state of the digestive organs, jaundice, &c. it far exceeds any thing of the kind ever before offered to the public. You will please send me two dozen, &c., &c.
Respectfully yours, C. T. PRESTON, M D.

Dyspepsia.
No fluid or medicine has ever been discovered which so nearly resembles the gastric juice of saliva, in decomposing food and strengthening the organs of digestion, as this preparation of Sarsaparilla. It positively cures every case of dyspepsia, however severe and chronic. If any doubt this assertion, we invite them to read the following indisputable testimony of gentlemen of the highest respectability. If these are not entirely satisfactory, we would be happy to give either reference to some of the first families in the city, who have used it with perfect success in this and other distressing diseases.
BANK DEPARTMENT, ALBANY, May 10, 1845.
Dr. Townsend: Sir—I have been afflicted for several years with dyspepsia in its worst forms, attended with soreness of stomach, loss of appetite, extreme heartburn, and a great aversion to all kinds of food, and for weeks (what I could eat) I have been unable to retain but a small portion on my stomach. I tried the usual remedies, but they had but little or no effect in removing the complaint. I was induced, about two months since, to try your Extract of Sarsaparilla, and I must say with little confidence; but after using nearly two bottles, I found my appetite restored, and the heartburn entirely removed; and I would earnestly recommend the use of it to those who have been afflicted as I have been.
Yours, &c., W. W. VAN ZANDT.

Piles, Piles, Piles.
Dr. Townsend's Sarsaparilla is no less successful in curing this distressing complaint than for diseases of the Blood, Dyspepsia, Rheumatism, and Nervous Debility. Read the following:—
Dr. Townsend: Dear Sir—The effects of your Sarsaparilla are truly wonderful. For the last six or eight years past, I have been subjected to severe attacks of the Piles, during which I have suffered all the tortures of that complaint, and had despaired of ever finding relief except in death. I have the pleasure to inform you "there is yet balm in Gilead."—I have used two bottles of your Sarsaparilla, and feel no remains of my old complaint. I send you this for publication, and any person you may refer to me, I would be happy to inform of the benefit I have received at your hands. Yours, truly,
July 6, 1846. JOHN HALL, 49 Fulton st.

Rheumatism.
This Sarsaparilla is used with the most perfect success in Rheumatic complaint, however severe or chronic. The astonishing cures it has performed ... Other remedies sometimes give temporary relief; this entirely eradicates it from the system, even when the limbs and bones are dreadfully swollen.
Dr. Townsend—I was attacked with a distressing pain in my hip joint, so bad that I could not walk without my crutches; and much of the time I was obliged to keep my bed. I tried several remedies, but they did not relieve me. I then called on one of our first physicians; he did not help me. I heard of your Sarsaparilla, and obtained a bottle, and in twelve days it entirely cured me, and I am as well now as ever.
Albany, Jan. 2, 1845. ... WALKER, ... Daniel st.

Hear Mr. Seth Terry, one of the oldest and most respectable lawyers in Hartford, Conn. The following is an extract of a letter received from him:—
Dr. Townsend:—I have used one bottle of your Sarsaparilla, and find it is excellent in its effects upon a chronic rheumatic pain to which I am subject, from an injury received several years ago in a public stage. Please send me two bottles to the care of Dr. Seymour. I have conversed with two of our principal physicians, and recommend your Sarsaparilla. SETH TERRY.

WASHINGTON HIGH SCHOOL
For Young Ladies,
Under the direction of Mrs. de la Gracerie,
ESPLANADE STREET, BETWEEN BURGUNDY AND DAUPHINE STS.
THE system followed in the establishment intrigues ... the attention nor the memory of the pupils. Books are not multiplied; and learning is rendered easy and attractive by the efforts of the Professor, and disengaged of the thousand trifles of routine.
Two Professors of the English Language and Literature are attached to the Establishment, which, recommended by the name of the Father of the Country, the immortal Washington, will answer the views of the parents.
The course of the studies will comprise the French, English and Italian Languages; Mathematics, History, Geography, Natural History and Rhetoric.
The younger children will be taught the rudiments of elementary education.
Mr. de la Gracerie shall have the special charge of the higher classes, and will, moreover, attend to the second preparatory class.
Music having become a necessary part of the education of a young lady, Mr. Curto, a Professor honorably placed in the esteem of the public, gives all enlightened care to the teaching of this art.—Each scholar will practice, every day, under the direction of an under Professor.
In order that parents and the public may follow the progress of the pupils, two examinations a year will take place, one in February—one in July.
Mrs. de la Gracerie, wishing to give to the children confided to her all the affectionate care of a mother, will receive but a very limited number of boarders.
Religious instruction is the object of a peculiar solicitude. The Catholic pupils are prepared for their first communion.
The Washington High School is situated in the most healthy part of the city. The rooms devoted to the classes are large and well aired and ventilated. The Directress invites the parents to visit her Establishment.

A Some of the Bakers of this city have taken offence at our reduction of bread, concerning the weighing of their Bread, and have thought proper to circulate a report that we had given up the Baking Business, and by such contemptible means succeeded in obtaining many of our Customers, we beg to request our friends not to be deceived by such reports; it is true, they have succeeded in getting some of our Bread Drivers from us, which will give us some temporary inconvenience until our new Carriers become acquainted with their routes; but if they expect to put us down by this kind of oppression, they mistake an American public.
