MEDICAL.

SANDS' SARSAPARILLA.

In Quart Bottles.

[illegible]

FOR this preparation we have [illegible] of the root, concentrated in their utmost strength and efficacy; but while Sarsaparilla Root forms an important part of its combination, it is at the same time compounded with other [illegible] of great power, and it is in the peculiar combination and scientific manner of its preparation, that its remarkable success in the cure of disease depends. It acts simultaneously upon the stomach, the circulation and the bowels; and thus three processes, which are ordinarily the result of three different kinds of medicine, are carried on at the same time, through the instrumentality of this one remedial agent, which gently stimulates while it disinfects and expels from the stomach and bowels all that is irritating, and at the same time restores their vigor and tone. Its great merit is, that it meets and neutralizes the active principle of disease itself, and when that is gone, the symptoms necessarily disappear, and we have only to point to the accumulated testimony of multitudes who have experienced its effects to convince incredulity itself of its real value.

Important Testimony.

OXFORD, N. C., June 9th, 1852.

Messrs. A. B. & D. Sands, Gentlemen—We have been agents for the sale of your Sarsaparilla for the last fifteen years, and have sold large quantities of it during the time to hundreds of different persons, who have always been pleased with it, and expressed themselves perfectly satisfied as to its effect in curing the various diseases for which it was used. If more proof were necessary to satisfy those who still disbelieve, we could obtain almost any number of certificates in this country and vicinity; but the best proof is, that we sell it to the same families who have used it for the last ten years.
Yours respectfully, R. J. MITCHELL & CO.
Prepared and sold, wholesale and retail, by A. B. & D. SANDS, Druggists and Chemists, 100 Fulton street, corner of William, New York. Sold also by Druggists generally throughout the United States and Canadas—Price $1 per bottle; six bottles for $5.

CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

"And by the river, upon the bank thereof shall grow all trees for meat, whose leaf shall not fade and the fruit thereof shall be for meat and the leaf thereof for medicine."
Here was hope for the sick recorded long ago, and every year adds new proof to the assurance that these promises shall not fail.
As medical science discovers and designates the remedies nature has given, one by one, the diseases that afflict our race yield to the control of art. Of all the maladies we suffer from, none has carried more victims to an untimely grave than Consumption of the Lungs. Subjoined we give some evidence that this, too, may be cured, and that Pulmonary Complaints, in all their forms, may be removed by Cherry Pectoral.
Space will not permit us to publish here any proportion of the cures it has effected, but the Agent below named, will furnish our Circular, free, whereon are full particulars and indisputable proof of these facts.
Sufferers! read and judge for yourselves:

For Influenza and Whooping Cough.

NASHVILLE, Tenn., June 26, 1851.

Sir—I have repeatedly used your Cherry Pectoral for Whooping Cough and Influenza, and have no hesitation in pronouncing it a complete remedy. Four of my children have been afflicted with these diseases, and the free use of the Pectoral has always afforded almost instant relief.
JAMES GLOVER.
We attest the truth of the above statement,
M. McGINTY, Editor of the Whig.
J. M. ZIMMERMAN, Druggist.

For a Consumptive Cough.

PITTSBURG, Pa., Feb. 25, 1851.

Dear Sir—For three years I have been afflicted with a Cough, so distressing that I frequently despaired of recovery; much of the time I was obliged to sit up all night in my chair, as my cough would suffocate me when I laid down. Having used many remedies without much relief, I at last tried the Cherry Pectoral, which, under Providence, has cured me altogether.
I am, with gratitude, yours,
JAMES McCANDLESS.

This is one of the numerous cases of Asthma which have been accredited to Cherry Pectoral.

ALBANY, N. Y. April 17, 1848.

Dr. Ayer, Lowell—Dear Sir—I have for years been afflicted with Asthma in the worst form, so that I have been obliged to sleep in my chair for a larger part of the time, being unable to breathe on my bed. I had tried a great many medicines, to no purpose, until my physician prescribed, as an experiment, your Cherry Pectoral.
At first it seemed to make me worse; but in less than a week I began to experience the most gratifying relief from its use; and now, in four weeks, the disease is entirely removed. I can sleep on my bed with comfort, and enjoy a state of health which I had never expected to enjoy.
GEORGE S. FARRANT,
Commission and Forwarding Merchant.

From the President of Amherst College, Edward Hitchcock, M. D., LL. D., etc.

J. C. Ayer—Sir—I have used your Cherry Pectoral in my own case of deep-seated Bronchitis, and am satisfied, from its chemical constitution, that it is an admirable compound for the relief of Laryngial and Bronchial difficulties. If my opinion, as to its superior character, can be of any service, you are at liberty to use it as you think proper.
EDWARD HITCHCOCK.
Amherst, September 12, 1849.

STABLER'S

ANODYNE CHERRY EXPECTORANT

IS confidently recommended to invalids, as unsurpassed by any known preparation, for the cure of COUGHS, HOARSENESS, and other forms of Common Colds: BRONCHITIS, ASTHMA, CROUP, CONSUMPTION in an Early Stage, and for the RELIEF of the Patient even in Advanced Stages of that Fatal Disease.
It combines, in a scientific manner, remedies of long esteemed value, with others of more recent discovery, and besides its soothing and tonic qualities, acts through the skin gently, and with great efficacy, for the cure of this class of diseases.

STABLER'S

DIARRHOEA CORDIAL

Is a pleasant Mixture, compounded in agreement with the rules of Pharmacy, of therapeutic agents, long known and celebrated for their peculiar efficacy in Curing DIARRHOEA, and similar affections of the system. In its action, it allays Nausea and produces a healthy condition of the LIVER, thus removing the cause at the same time that it cures the disease.
The valuable Medicines above named have recently been introduced, with the approval of a number of the Medical Profession in the City of Baltimore and elsewhere, and in practice have succeeded most admirably in curing the diseases for which they are prescribed.—They are offered to the Country Practitioner, as medicines which he can in all respects depend upon, as prepared in agreement with the experience of some of the most learned and judicious Physicians, and strictly in conformity with the rules of Pharmacy, and especially prepared for his convenience, who cannot so readily as the City Physician have his own prescriptions compounded by a practical Pharmaceutist.
See the descriptive Pamphlets, to be had gratis of all who have the Medicines for sale, containing recommendations from Doctors Martin, Baltzell, Addison, Payne, Handy, Love, &c.
Doct. S. S. Martin says, "I do not hesitate to recommend your Diarrhoea Cordial and Anodyne Cherry Expectorant," &c.
Doct. John Addison says, "It gives me much pleasure to add my testimony to that of others, in favor of the extraordinary efficacy of your Diarrhoea Cordial," &c.
[illegible] Expectorant, is a most valuable medicine," &c.
Doct. R. A. Payne says he has used the Diarrhoea Cordial in his practice "with the happiest effect, and thinks it one of the most convenient and efficacious combinations ever offered to our profession," &c.
Doct. L. D. Handy writes, "I have administered your Anodyne Expectorant, in several cases of Bronchitis affection, with the most happy results, and from my knowledge of its admirable effects, I can with the [illegible]."
Doct. W. S. Love writes to us that he has administered the Expectorant to his wife, who has had the Bronchitis for fourteen years, and that she [illegible] better [illegible].

COLLEGE.

St. Ann Street, facing the Place d'Armes, Old "Congo" Square, under the direction of MR. JEGOU,

Master of Arts and Mathematical Sciences.

Encouraged by the kindness and patronage of several families of standing, I have determined to open a College, securing to pupils for their children the same advantages as those offered by Colleges in New Orleans, where a thorough education will be received. For the purpose of obtaining that object the means this College is founded, I have secured the co-operation of [illegible] competent Professors, [illegible] in English and others in French; these two languages being indispensable. A good education should comprise the training of the heart as well as that of the mind; the Professors will, therefore, have a proper regard for both [illegible] and each will be the constant object of their care.
Religion, the most essential part of education, will occupy the first place [illegible].
The Cottage, fronting the Public Square, (old "Congo" Square) possesses all the advantages of a healthy situation, and commodious rooms [illegible].
With a view to foster the emulation of all the pupils, the first day of each month will be devoted to a Literary Soiree, at which [illegible] the distribution of the several prizes earned during the month, will be made to the pupils.
In order to class, as much as possible, children of the same age, a Primary School is attached to the College, in a separate building.

Price of Tuition—Four Dollars.

Circulars, with terms, &c., may be obtained by applying either personally or by letter addressed to either of the Principals.

BOURSIER'S INSTITUTION,

MR. and Mme Boursier, take the opportunity, at the opening of this year's classes, to return their thanks to parents and families in general, for the confidence [illegible] have reposed in them during the first year [illegible] their children. At the same time they inform [illegible] that they will, as heretofore pay the same attention to the pupils; as this is a basis of a solid and perfect education.
Mr and Mme Boursier hope that parents desirous of entrusting them with the education of their children, will call and visit their institution, which possesses all the necessary accommodations.

LOUISIANA COLLEGE.

THE President of the Louisiana College informs the families who have confided their children to his care, that there have been cases of yellow fever neither at the College nor in its environs, and that ever since he left New Orleans, the pupils who accompanied him, have enjoyed excellent health, a fact attributable to the pure and salubrious atmosphere in that part of the Parish of St. James where the College is situated. The President avails himself of the opportunity to announce that he has just engaged the services of Dr. FALLON as Professor of Anatomy and Practical Hygiene. The Doctor resides in the establishment, and is thereby enabled to attend, in every contingency, to the pupils. Dr. FALLON, besides the profound knowledge he has acquired in Paris and New Orleans, has also, during the late epidemic, in the Parish of Jefferson, where he has earned an enviable reputation.

ORLEANS HIGH SCHOOL,

NO. 28 AND 30 ESPLANADE STREET

Erasmus Everett, A. M.,

Principal and Proprietor.

THE Session of 1853-4 will commence on Thursday, September 1st. The various branches of knowledge are taught by Mr. Everett, and a corps of Assistant Professors, selected with a view to good character, sound learning, and experience in teaching. The Principal is thus able to give a guarantee that all students who shall resort to this institution, will be fitted either to discharge the duties of the more responsible avocations of life or to enter, with advantage upon the study of the learned professions.
The ancient languages receive that attention which their importance deserves. Students may here receive without extra charge the same thorough knowledge of the Greek and Latin languages that is imparted in our best Northern Colleges.
As the Modern Languages, (particularly the English and the French) and the higher mathematics receive very special attention, the school offers singular advantages to boys designed for mercantile pursuits.
