This SYRUP, PREPARED SPECIALLY for the treatment and prompt CURE of the above-named diseases, has been prescribed for upwards of thirty years, with constant success, by the most distinguished Physicians, members of the Academy of Medicine and Professors of the Faculty in Paris, particularly by Messrs. FOUQUIER, DUBOIS, GUERSANT, and others. The illustrious VAUQUELIN gave it his unqualified approval.

A PATENT has been delivered to the discoverer, AFTER AN EXAMINATION by Messrs. THENARD, DARCET, GAY LUSSAC and ARAGO, members of the Institute of France, and a FAVORABLE REPORT presented by the Royal Academy of Medicine, in which it is acknowledged to possess all the properties of pectoral syrups. Quite recently, Messrs. CHEVALIER, O. HENRY and LASSAIGNE, well known chemists, called upon to make a report on BRIANT'S ANTI-PHLOGISTIC SYRUP before a court of justice, have declared: THAT THIS SYRUP IS PREPARED FROM PLANTS, THE PROPERTIES OF WHICH MAKE IT HIGHLY FAVORABLE TO THE CURE OF DISEASES OF THE CHEST.

Briant's Syrup is also used with equal success in cases arising from all kinds of IRRITATIONS and INFLAMMATIONS, such as COLD, SPITTING OF BLOOD, CROUP, HOOPING COUGH, DYSENTERY, &c., &c.

**PILULES DEHAUT**

The VEGETABLE SUBSTANCES contained in this Purgative have been selected and combined according to the new method of M. DEHAUT, in order to be **Taken and Digested at the same time as the best food and the most fortifying beverage;** this evidently allows every body to choose, to take a Purgative, the most convenient hour and meal so as not to leave off business and avoid the nauseating disgust of all other purgatives. Those advantages, which 25 years practice have proved, have rendered DEHAUT'S PILLS very popular in France. They are invaluable against Costiveness and its concomitants. As a mere Purgative, they are superior to all others, inasmuch as they can be taken for several days without the disagreeable diet and fatiguing drinks and diet. But the greatest benefit is felt in the cure of a great many Chronic Diseases, such as **Asthma, Catarrh, Ring-worm, Sick Headache, Scrofulous Humors, Gastritis,** &c. &c., because the wholesome food which the sick man takes at the same time will enable the organs to bear this course of treatment without fatigue. # ANTI-RHEUMATIC AND ANTI-GOUTY WINE OF DOCTOR D'ANDURAN.

The efficacy of this specific remedy against GOUT and RHEUMATISM is supported by numerous observations made by French and foreign physicians. It will not only stop at once the access, but also destroy the cause of the disease. It is at the same time purgative, sudorific and diuretic, counteracting alterations of the bile. A prompt modification of the urine takes place, as a chemical analysis will prove, and the uric acid increases and soon is doubled in its proportion by the action of the ANTI-GOUTY WINE. Each bottle is contained in a box wrapped with a label, bearing the inventor's signature. Price, 10 francs.

**TONI-PURGATIVE PILLS,**

Composed wholly of vegetable substances, are prescribed against affections of the stomach, laborious digestions, cholic, liver complaint, nervous affections, headaches, apoplexy, dropsy, intermittent fevers, nausea, all cutaneous diseases, &c.—Price, 3 francs a bottle.

**MME. PARENT'S INSTITUTION,**

*Corner Royal and Hospital streets.*

DAY AND BOARDING SCHOOL FOR YOUNG LADIES.

THIS establishment has been removed to corner Royal and Hospital streets. The building is vast, well ventilated and well distributed for class rooms, dormitories, &c. Madame Parent avails herself of this occasion to thank the numerous families who have so largely patronized her institution, and would assure them that their daughters will receive the same maternal care as heretofore. The long known reputation of her institution is the best guarantee to that effect. The course of study embraces the same system, in both English and French, as that employed in the first class institutions in the North and in Europe. Music instrumental and vocal, including Solfege, is taught by the most eminent Professors, also Drawing and Painting; Dancing by Professor Vegas.

MADAME PARENT will remove her institution across the Lake during the summer months, but will keep the school open in the city throughout the year. Finally, there will be nothing wanting to complete a literary as well as refined education; also to excite in the hearts of young persons that pure morality which is the fundamental base of the institution, combining that easy elegance of manner so necessary for young persons. For further information address Madame Parent, Mandeville, until 15th OCTOBER; afterwards in the city at the Institution, where prospectuses can be obtained.

CONDUCTED BY

**G. J. LORD.**

THIS Establishment, founded in 1838, has long held a high position in public opinion, as one of the leading institutions in the South of the United States.

The plan comprises a general and extensive system of education. Pupils are admitted at six or seven years of age, and continue till they are prepared for their future pursuits in life. They are distributed into classes, according to their capacities and acquirements.

The premises are, perhaps, the best to be found in the city, with ample space for exercise and recreation, and every convenience for an institution of learning.

The Professors are gentlemen of talent, chosen with care. Good order reigns in the establishment, and strict attention is paid to the moral conduct and improvement of the pupils.

**DAY AND BOARDING SCHOOL FOR YOUNG LADIES,**

UNDER THE DIRECTION OF

**MADAM CHARPAUX,**

*At the corner of Bayou and Claiborne streets.*

THIS SEMINARY, whose existence dates some six years back, has met with a success that proves, beyond all cavil, the capacity of those who have charge of it.

Determined to merit the confidence of parents, Madam Charpaux will spare no pains to make her seminary equal to the best institutions of the kind in New Orleans, and in order to do this, she has employed the ablest teachers.

Madam Charpaux has purchased a large and airy edifice on one of the highest pieces of ground in the city and the better to consult the health of her pupils she has had spacious and elevated apartments built on purpose for school and sleeping rooms, through which there will be a constant circulation of air from many windows.

Great attention will be paid to the improvement of scholars in the English language. For this purpose, American ladies of acknowledged capacity, as teachers, will constantly reside in the Seminary.

The English, French and Spanish languages, geography, arithmetic, and in short all the branches of a polite education, will be taught in the Seminary.

As religion should be the foundation of all sound education, it will be carefully attended to by Madam Charpaux, who will conduct a Christian preliminary catechism all her young ladies who may have their first communion to make.

Music having become a most desirable branch of the education of young ladies, Mr. Charpaux, from the best musical school in Paris, and ex artist of the Orleans Theatre, will devote all his time to teaching music. All the Scholars, besides their regular lessons, will practice daily under the eyes of the professor. The study of the notes will precede the performance, when Mr. Charpaux will put the pupils through the execution of the regular keys and notes, and this will be attended with no extra charge.

In order to kindle emulation among the pupils, and improve their singing, on the morning of the last Saturday in every month there will be a musical examination and a distribution of rewards.

Madam Charpaux, in order to complete the education of her scholars, has opened a class where will be taught all the useful and ornamental branches of needle-work.

**KEROSENE.**

***NOTICE TO FAMILIES.***

THE city papers having recently reported the case of a Coal Oil Lamp explosion in the Fourth District, we think it proper to say for our customers not to confound the present Coal or Carbon Oils in the market (the greatest part of which is adulterated) with KEROSENE, a species of Coal Oil we have alone the right to sell in Louisiana.

Kerosene, which is now manufactured under American and English patents, is entirely free from any explosive or injurious admixture, as no volatile or whatever [illegible]. It is a natural illuminator, making better use than the fluid and the volatile oils, as do all other coal oils.

Manufactured by a particular process, thoroughly secured by letters patent, Kerosene is now acknowledged in the United States to be a perfect article for an illuminator, superior in brilliancy and economy to all other illuminating products.

For want of Kerosene we have sometimes sold, and we will again sell, under similar circumstances, other coal oils, but in so doing we will always, as by the past, fully let them other brands, so as to eschew all responsibility for accidents that can happen in the oil while being distilled, and thereby render it volatile. E. NAUTRE & CO., Agents of the Kerosene Oil Company, [illegible].
