J. Winer & Co's Canadian Vermifuge.—DEPOT AT BERTRAND [illegible]—Louisiana is one of the countries most subject to vermicular affections under the most varied and aggravated characters, and although we do not ascribe all diseases of children to this cause, we may advance the fact that convulsions, intermittent fevers which prove fatal when the physician persists to treat fever only, consequently it becomes necessary to expel the worms, which delay the digestive tube, and to obtain this result no better remedy can be obtained than Winer's Vermifuge;—it is the only remedy which unites the three following qualities, being antivermicular, purgative and tonic.

The engagements they are under towards various institutions and the Convent of this city, to which they are attached, compel them to absent themselves some days in the course of the month. They have, therefore, deemed it expedient to form a Copartnership, so as to give their clients an assurance that one of the two may be always in town, ready to receive all persons who may honor them with their confidence. The superiority of their work, and the care and promptitude in execution, they trust, will induce them to hope for a continuance of the patronage of the public. 8
