Re-opening of the Louisiana Baths,

No. 119 Gravier street, between St. Louis and Toulouse streets.

THE above Baths having been shut for sometime, on account of difficulties between the proprietors, were re-opened on the 23d July, 1849, where and cheapness as times warily public patronage, the proprietor begs to inform the public that his other establishment in this line will have higher claims to public favor.

N. B.—One side of this establishment has been reserved for ladies.

CHOLERA.

THERE IS A PREVENTIVE!!!

A CURE!!!

Prepared from the Root of Dr. WOODWARD, Botanist, Physician and Surgeon, Cincinnati, Ohio.

THE WONDERFUL PAIN KILLER, of St. Louis, is generally known to be the best medicine extant, and during the prevalence of our late visitation of Cholera, it has proved the most efficacious of any thing ever tried, and the testimony can be produced upon oath in support of the assertion.

Dr. Louis, May 31, 1849.

J. Ruffin, Esq.—Dear Sir: You will recollect when I met you in New Orleans, in January last, my promising to you my most sanguine expectations that DAVIS' PAIN KILLER would have a tremendous sale in the West this season, and my anticipations have been more than realized, and the testimony of thousands who have used it has been that they would not be willing to go to bed at night without it in the house.

On the appearance of the cholera in this city, such was the confidence in the Pain Killer as a remedy, that many who purchased it remained in use that it by and no fears or dread of the cholera as long as they had the Pain Killer by them, and hundreds took it daily as a preventive, for no person can have a derangement of the bowels or diarrhoea if they use this medicine daily. This was the security and confidence of hundreds acquainted with it, and when their friends were attacked with the cholera they would administer this remedy in large quantities internally, and also externally by bathing and rubbing them with it, and in every case where it has been taken in any of the first stages of this disease, it has proved successful. I consider it an infallible remedy. I have not heard of an individual in any family who used the Pain Killer when attacked but what speedily recovered.

Capt. Bradwell, of the steamer Atlantic, a New Orleans packet, informed me that on one of his trips up the river to this city, that there were upwards of twenty cases of cholera on board, and the Pain Killer was used with complete and triumphant success.

The clerk informed me that he administered it to persons when cold and in the coma, and it gave immediate relief; but still it should be given quickly, for when the discharge of "rice water" has begun, the hope of life has fled. Should this disease make its appearance among you, as is all probability it will, be not alarmed, you and all others there have the remedy, and I am confident that the Pain Killer is used not a death by cholera will occur in your city.

If the cholera comes among you, watch its progress, and the remedy used, and mark my words, the family who use the Pain Killer daily will be free from diarrhoea, no disarrangement of the bowels, and consequently no cholera. If those who are attacked will use the Pain Killer early and thoroughly they will be saved. This has been the experience of hundreds in this city during the ravages of this dreadful disease.

I have not been able to supply one-fourth of the demand. I have received orders from persons begging me to send them some

Now, for your own sake, for my sake, and for the sake of suffering thousands, make some arrangements that your agents can be supplied. Increase your manufacture, do something that a suffering world may be relieved from pain, for the time will come when not a family on this continent will be willing to do without it a single day.

Respectfully, yours,

A. T. WOODWARD.

Those using the Pain Killer should strictly observe the following directions:

At the commencement of the disease take a teaspoonful of Pain Killer in sugar and water, and then bathe freely across the stomach and bowels with the Pain Killer clear.

Should the diarrhoea or cramps continue, repeat the dose every fifteen minutes, and in this way the dreadful scourge may be checked and the patient relieved in a few hours.

N. B.—Be sure and get the genuine article, as there is some spurious stuff about the country. For sale by the principal druggists in the United States.
