THE Principal [illegible] in hopes of having founded an institution, which may offer to the youth of Louisiana, the same resources and advantages [illegible] the best distinguished Professors of New Orleans.

The Principal will attend on the duties, and will endeavor constantly to cultivate the faculties of the mind. He considers that it is as important to bring up children well as to educate them well, and he is convinced that all education, in order to be fruitful and solid, must rest on a basis of morality and religion.

The course of study in the College of Louisiana will comprise instruction in the Dead and Living Languages, (Greek, Latin, English, French and Spanish.) History, Geography, Philosophy, Rhetoric, the Mathematics, and Natural Sciences, Political Economy, Chemistry, Belles Lettres, &c.

English being the National Language, will be the foundation of instruction in the College of Louisiana, and the greater portion of the classes will recite in English. English Professors already have been engaged by the Principal. Mr. Morton, well known in New Orleans, will take charge of the higher classes; another, whose native language is likewise English, will remain constantly with the pupils, in order to accustom them to speak correctly the language of their country. Particular attention will be paid to the History of the United States.

The course of instruction will be in four classes.

**G. Boyer's Institution,**
No. 146 Conti street, between Dauphine and Burgundy.

MR. G. BOYER, founder of this establishment, the oldest in New Orleans, avails himself of this opportunity to make a new appeal to the confidence of parents. The institution is conducted in a large mansion, occupying a fine central position, being well ventilated, and in other respects perfectly salubrious. The range of studies which engage the attention of the pupils, extends over all the branches of learning, which are necessary to a useful, polite and finished education; from primary instruction, to the more abstract subjects which are especially the province of a collegiate course. The elementary studies are attended to with more than ordinary care, considering the decisive influence which they exercise over the other branches of instruction. Discipline, which must not be separated from assiduous study, nor from a good education, is conducted with solicitude. It is calculated according to the age and character of the students, and intended to give them an accurate idea of duty and good behavior.

**NEW ORLEANS FEMALE INSTITUTE, OR DAY AND BOARDING SCHOOL,**
**For young Ladies, 252 Camp st.,**
Conducted by Mrs. Macaulay.

THIS Institution is under the personal supervision of Mrs. MACAULAY, and the classes advanced in literature, science and philosophy, are under the care of Dr. Macaulay. The most accomplished teachers are employed in giving instructions in the French, Spanish and Italian languages, music, drawing and dancing. The piano, harp and guitar, as well as vocal music, are taught by professors of the highest grade of qualification.

There are now eight instructors in the institution, and it is the aim of the principals to make it, in all respects, such as parents may desire for their daughters. Every care is taken not only to instil pure moral and religious habits of correct, lady-like deportment in the pupils, but to make them intelligent as well as accomplished, and competent for their duties in society and future usefulness.

Young ladies from the country, living in the family as boarders, share in the enjoyments, privileges and attentions of the daughters, and are constantly treated, not so much as boarders, as members of a boarding school, as daughters of an affectionate family.

To the establishment is attached a large and well selected library, and to create a thirst for the acquisition of general knowledge, and the improvements and changes that are continually taking place in the literary, scientific and political worlds, leading Periodicals of a truly valuable character, and selected books of reference, are at the command of the young ladies well advanced in school education, for the important purpose of teaching them to acquire such useful knowledge for themselves, by means of research and examination.

Monthly reports issued, as to progress and conduct.

A class for the study of the Latin language, will be formed on the first of November, and one on the use of the Globes.

Reference are made to parents who have had their daughters at the institution for years and further particulars and circulars can be obtained by applying, personally or by letter either to Dr. or Mrs. Macaulay. s23

**ST. LOUIS INSTITUTION.**
DIRECTED BY
**Madame E. Deron,**
No. 145 St. Louis street, between Dauphine and Burgundy streets, New Orleans.
SHOLASTIC YEAR, 1851-1852.

THIS Institution which for the last twelve years, has followed a constant career of progress and prosperity, has resumed its usual course of studies since the 1st September.

Madame Deron, formerly a pupil and professor of the Maison Royale of St. Denis, and a graduate of the University of France, has endeavored to profit by the experience which she has acquired in the United States, to place her Institution in the first rank of educational establishments in America.

Madame Deron, exclusively devoted to her pupils, applies herself not only to the cultivation of the mind, but also to the formation of the heart. She strongly desires that the young ladies confided to her care, may be remarked for all those valuable qualities which constitute a really good education, such as the spirit of order and decorum, amiability of temper, and solidity of judgment, mildness of manners and a sympathising disposition, and finally, easy grace and reserved elegance of manners. In order to obtain these results, Madame Deron has always employed as auxiliaries both firmness and mildness, the constant use of emulation, and especially rewards for application and regularity in study. She is seconded by her sister-in-law, Mademoiselle Deron, who, like herself, has always followed the career of instruction: these two ladies watch with the greatest zeal over the daily progress of the pupils.

The locality of the institution well known and appreciated in New Orleans, as one of the most suitable and salubrious in the city, is perfectly well arranged; the class and study rooms and dormitories are spacious and airy, looking over several gardens, and there are besides a handsome yard and a terrace sheltered from the sun and intended for the recreation of the pupils.

The general instruction is given both in French and English; it embraces all the branches which constitute a finished education for young ladies. The English language is the object of especial care, the Creole pupils are required in their communications with each other, and with their professors, to speak the English language exclusively.

Mr. Orlean, who has been attached to the Academy from its foundation, devotes a great part of his time to impart to the pupils of the higher classes, a thorough knowledge of the English language and literature, the other classes are intrusted to well qualified American governesses.

Madame Deron has reserved to herself the direction of the French classes. She has besides secured the assistance of an excellent Professor of the higher sciences. Monsieur H. Deron, who divides with Monsieur H. Deron and Madame Deron, the care of the French department.

The Spanish language forms a part of the system of study.

With respect to religious instructions M. l'Abbe Tholomere, whose zeal is so justly appreciated, continues to prepare the pupils for their first communion in the chapel of the institution.

MUSIC.

The study of Music is the object of particular care. Madame Lavillebeuvre, an artist of the higher order is attached to the institution as Professor of the Piano and Harp. A course of Vocal Music by one of the best Professors of the city.

As a means of emulation, the institution has adopted monthly musical examinations at which parents are invited to be present.

A Professor of Dancing is attached to the establishment. s30

**Dr. Ed. Martin's Vermifuge Syrup,**
*Without any disagreeable Taste or Smell.*

THE MEDAL AWARDED, [illegible] Class X; Decent; [illegible] Class XIII, order II, [illegible] [illegible] Class XXI, Arbre Grands, [illegible]. One of the most beautiful ornaments of our forests, the root of which for some time past has been, by a few persons, justly reputed the best vermifuge known, supplies us with the principal agent in the above named remedy.

Having sought with the greatest care in the bark of the root of this tree, the active principle which produces such excellent results in verminous affections of children, we have succeeded in extracting it in its purest form and by combining it with other agents equally efficacious and indigenous to Louisiana, have arrived at composing the above VERMIFUGE SYRUP, the efficacy of which is now beyond the shadow of a doubt.

This Syrup, of an agreeable flavor, can be administered without the slightest apprehension to the most delicate infants. Its use continued during three days, the doses being given at short intervals, the child may be ordered and overcome, and will infallibly expel all those terrible worms which are the source of so many disease, dangerous and often fatal to children.

Some authors, most renowned by the frightful results of the various vermifuges hitherto employed, have given it to their children, but in doses extremely small; this has, in such cases, rendered the effects uncertain; it might have injured the standing of this remedy, had not several of our most experienced practitioners, by judiciously prescribing it and regulating the doses adapted to the different ages tested and established its excellent virtues.

To avoid debilitating the little patients by too severe a diet, we have modified the doses originally prescribed, in the following manner:

Children 2 to 5 years old, three tea spoonfuls a day, at an interval of from 1 to 2 hours. Above five years old, three table spoonfuls at the same intervals. No nourishment to be given between the first and third dose, nor within an hour after the third.

The SYRUP must be administered during three consecutive days. Composed entirely of vegetable extracts, this Vermifuge does not produce any of the pernicious effects which have often followed the use of those hitherto in use.

**DR. EDOUARD MARTIN'S**
HYGIENIC ELIXIR,
**Against Sea-Sickness.**

FOR a long time past the scientific world, medical men especially, appear to have been struck with the remarkable fact, that among the innumerable collection of curative agents discovered, not one had been found to counteract or even mitigate the dreadful effects of sea-sickness. Several means have been tried to attain this end. These remedies, whether simple or compound after many trials, have hitherto proved signal failures. An idea may be formed thereof by the perusal of the annals of Pharmacy, Chemistry and Medicine of all countries, published within the last ten years.

The inventor of the "Hygienic Elixir," has at length made this invaluable discovery. After numerous trials, changes and alterations in the proportions of the substances composing this Elixir, he is enabled to offer it to travellers in the shape of a palatable draught, not decomposed or altered either by climate or age.

The Elixir checks sea-sickness immediately, and restores the stomach to its healthy state. However delicate be the constitution of the person using it, it is equally infallible, and procures a genial feeling of ease and comfort. The nausea ceases as if by magic, calm and sleep are restored the appetite awakened and the digestion effected promptly under the influence of this tonic.

The inventor having had an opportunity during a recent sea voyage, to make personally a final trial of his Elixir, has made up his mind to offer it to the public. He could corroborate the above statements by testimonials from several sea-captains, but will appeal only to the opinion of one of the most intelligent and distinguished commanders of the French Commercial Navy. Captain Labory, having had opportunities of testing, under his own immediate supervision, the efficacy of this remedy, (then in the shape of pills) during several voyages, gives thus the result:

DEAR DOCTOR:—During my last voyage to France I have had opportunities of testing, on divers persons, your remedy against sea-sickness; I am happy to be enabled to report to you that I have obtained the best results, and it will be impossible to alter this remedy into a palatable draught, such as a lemonade of some kind, which could be more easily taken than in its present shape, especially when the sea-sickness has already commenced, nothing more would be required, and you would be entitled to the everlasting gratitude of all those who are obliged to travel by sea, without being accustomed thereto.

I am yours truly,
Signed, A. LABORY, Com't. Ship l'Oscar.

The improvement suggested by Capt. Labory, has been effected. The Toilet and Hygienic Elixir against sea-sickness, is sold in four ounce bottles with glass stoppers. Care must be taken to keep the bottles corked, to prevent evaporation.

**In Quart Bottles.**

*For Purifying the Blood, and for the cure of Scrofula, Rheumatism, Stubborn Ulcers, Dyspepsia, Salt Rheum, Fever Sores, Erysipelas, Pimples, Biles, Mercurial diseases, Cutaneous Eruptions, Liver Complaint, Bronchitis, Consumption, Female Complaints, Loss of Appetite, General Debility, &c.*

In this preparation we have all the restorative properties of the root, concentrated in their utmost strength and efficacy; but while Sarsaparilla Root forms an important part of its combination, it is at the same time, compounded with other vegetable remedies of great power, and it is in the peculiar combination and scientific manner of its preparation, that its remarkable success in the cure of disease depends. It acts simultaneously upon the stomach, the circulation and the bowels; and thus three processes, which are ordinarily the result of three different kinds of medicine, are carried on at the same time through the instrumentality of this one remedial agent, which gently stimulates while it disinfects and expels from the stomach and bowels all that is irritating, and at the same time restores their vigor and tone. Its great merit is, that it meets and neutralizes the poison of the disease itself, and when that is gone, the symptoms necessarily disappear; and we have only to point to the accumulated testimony of multitudes who have experienced its effects, to convince incredulity itself of its real value.

The Proprietors submit to the public the following certificate from a highly respectable source, of a cure made by using their preparation of Sarsaparilla:—
CHATHAM, Mass., July 28, 1850.

Messrs. A. B. & D. SANDS:
Gentlemen—So truly valuable do I consider your Sarsaparilla, that I feel it to be my duty to state for the benefit of others, the cure effected on myself. Previous to 1845, I had a disease of the throat, which destroyed the tonsils, and was then attacked with violent pain in the head. This soon resulted in severe inflammation, and immense quantities of blood and matter were discharged. For six weeks the disease continued in the head, and then pervaded the body generally, attacking all the limbs. I was confined to a sick bed, from which I never expected to arise. Many physicians attended me, and the most skilful pronounced me past cure. In short, tongue cannot express my sufferings; and in this condition I heard of your Sarsaparilla, purchased six bottles, and recovered with other remedies. I did not expect to take all I bought, so debilitated had my system become. Contrary to all expectation, my health almost immediately began to improve, I was able to attend to my domestic duties, and soon could walk out, a thing I once thought would be impossible. My gratitude cannot express feeling satisfied that nothing else could have relieved me of the misery and suffering I then endured. I most cheerfully recommend Sands' Sarsaparilla to all suffering as I have done.

Respectfully yours,
REBECCA MAYO.

Knowing the above statement to be strictly correct, and being near neighbors to Mrs. Mayo, we cheerfully testify to the same.
WARREN RODGERS, Esq., PRISCILLA L. DOANE, JOHN HALLET, REBECCA SMITH.

ANOTHER REMARKABLE CURE.
NEW YORK, Jan. 8, 1850.

Messrs. SANDS—Gentlemen—I have great pleasure in acknowledging to you the great benefit I have received from the use of your Sarsaparilla. A subject of pulmonary disease, I made a voyage to Europe, but while there continued to be afflicted. A few weeks after my return, I was seized with a violent hemorrhage of the lungs, and from the debility and great prostration of respiration, I am entirely relieved by the use of your Sarsaparilla. I consider it a most important and truly valuable discovery in the healing art. I feel that I have not for fourteen years enjoyed so good health as at present.

Gratefully yours,
S. E. SAYMORE.

Prepared and sold, wholesale and retail, by A. B. & D. SANDS, Druggists and chemists, 100 Fulton st., corner of William, New York. Sold also by Druggists generally throughout the United States and Canadas. Price $1 per bottle; six bottles for $5.

## MEDICAL.

**BULL'S SARSAPARILLA,**
Is put up in the largest bottles, and contains the strength of SIX TIMES as much pure Honduras Sarsaparilla as any similar preparation made.

☞ Price $1 per bottle, or six bottles for $5.

[illegible] Sarsaparilla [illegible] was the only true remedy for all diseases arising from an impure state of the blood, the use of mercury, intoxicating drinks, evil habits in youth, barrenness, &c. We boldly assert that JOHN BULL'S FLUID EXTRACT OF SARSAPARILLA is the only preparation before the public that is prepared on strictly scientific principles, and of uniform strength. The Sarsaparilla is purchased without any regard to price, and every pound before being used, is subjected to the strictest chemical test, and its genuineness ascertained before being used.

Bull's Sarsaparilla also contains the virtues of several other valuable medicinal roots, together forming the best compound and producing the greatest curative agent in the known world.

*This medicine when used according to directions*
**Will cure without Fail!!!**

Scrofula or King's Evil, Cancers, Tumors, Eruptions of the skin, Erysipelas, Chronic Sore Eyes, Ringworm or Tetters, Rheumatism, Scald head, Pains in the bones or joints, Old Sores or Ulcers, Swelling of the Gland, Syphilis, Dyspepsia, Salt Rheum, Diseases of the Kidneys, Diseases arising from the use of Mercury, Loss of appetite, Pain in the side and shoulders, General Debility, Lumbago, Dropsy, Jaundice, Costiveness, Sore Throat, Bronchitis, Coughs, Colds, Weakness in the Chest, Pulmonary affections, and all other Diseases tending to produce CONSUMPTION, Liver Complaint, Female Irregularities and Complaints, Low Spirits, Sick and Nervous headache, Night Sweats, Exposure or imprudence in life, Chronic constitutional Diseases and as a spring and summer drink and general Tonic for the system, a delightful and pleasant purgative; it is superior to Blue Lick or Congress Water, Salts, or Seidlitz Powders.

*Good Testimony.*

The Ohio State Journal, (Columbus, O.,) thus speaks of Bull's Sarsaparilla:

IT HAS NO EQUAL.—The unprecedented sale of Bull's Compound Fluid Extract of Sarsaparilla in this city, where it has been introduced for the past two months only, with the very gratifying effects produced upon all who have tried it, warrant the assertion that as a purifier of the blood it has no equal. This is a bold assertion, but is can be substantiated by calling on the agent in this city.

Bear with us reader, a little longer, and be convinced that BULL'S SARSAPARILLA is the WONDER OF THE WORLD.

And that it will cure you no matter how long you have been suffering.

What Dr. Owen, Druggist and Apothecary of several years standing, says about BULL'S SARSAPARILLA.
Louisville, May 24, 1848.

Mr. John Bull—Dear Sir: For a number of years I have been afflicted with a mercurial headache, and a dull heavy pain in my liver. I used almost all the remedies of the day, especially the Sarsaparilla prepared by different persons, but all to little or no advantage, until I chanced to meet with yours, three bottle of which gave me more relief than all the others combined.

I therefore take pleasure in recommending your Sarsaparilla to the afflicted community as a superior article.
Very respectfully, J. H. OWEN.

**RHEUMATISM.**

Let all those who are suffering under the agonizing tortures of Rheumatism, read the following, and see what may also be done for them, if they will use the invaluable remedy.

Mr. John Bull—Dear Sir: For the last three years I have been afflicted with Rheumatism of the severest character. I was at times in the greatest agony of pain—I tried every remedy I could procure for the disease, but found no permanent relief until I was induced to try your preparation of Sarsaparilla, which has entirely cured me of Rheumatism, and greatly improved my general health, more than any medicines I have ever used.

I have been free from pain for several months, and have no doubt the cure is permanent, and I confidently recommend it as being the best medicine in use for Rheumatism. ISHAM BRIGGS,
Uniontown, Union co Ky, May 12, 1848.

*From Dr. Wm. T. Prentiss:*
Mr. Bull—In regard to your Sarsaparilla, I will say, that I have used it to some extent in Cutaneous Affections of long standing, as Tinea Capitis, Lepra, Psoriasis, Scabies, Syphilitic, Cachectic, and in all the cases where the indication of cure seems to consist in a thorough change or modification of the fluids of the body, with considerable success, in conjunction with local treatment. I think I would prefer it to any preparation of Sarsaparilla in use, and any physician will admit its value upon learning the substance that enter into its composition.
Respectfully yours, W. T. PRENTISS, M. D.
Lewisport, Ky. Dec. 4, 1847.

It is perhaps needless to procure any further testimony in favor of this great remedy. It has only to be tried and proved to convince the public of its superior efficacy. Let all who are laboring under chronic disease, general derangement, nervous debility, weakness, the effects of mercury, or anything of the kind give it a fair trial. There are thousands throughout the land who stand in need of it. Let them try it, and we assure them that they will not regret it.

NOTICE TO FEMALES.

John Bull's Sarsaparilla is one of the greatest Female Medicines now in existence. In those numerous cases where the constitution is debilitated, the nervous energy is lessened, when the efforts of nature are weak and deficient, or are profuse and overwrought, when the face is pale and colorless, the strength feeble and yielding, the spirits troubled and depressed, the health broken and shaken, and consequently the happiness destroyed—then Bull's Sarsaparilla is a sovereign remedy. It assists nature in the performance of her duty, braces the whole system, renews permanently the natural energies, removes obstructions, checks excesses, creates pure and healthy blood, and imparts health and happiness. Were ladies generally to adopt the use of this medicine, we would see far less suffering, disease and unhappiness among them than now exists. [illegible] "Turn of Life," which is often attended with so much danger, Bull's Sarsaparilla is found to answer most beneficial, [illegible]

A BEAUTIFUL CLEAR SKIN.

How we all admire a clear beautiful white skin, and a rosy colored cheek. How often do we see persons not possessing this characteristic so devoutly to be wished [illegible] [illegible] [illegible] [illegible]

BETTER TESTIMONY.

From Dr. James M. Moore.
Mr John Bull—I have no hesitation in saying that I believe your Sarsaparilla to be the best article ever manufactured for the cure of Scrofula, Syphilis, and many Cutaneous and Glandular Affections having used it with entire success in a number of the above.
JAS. M. MOORE.
Louisville, Dec. 26, 1847.

*More Testimony from Dr. Moore.*
Mr. John Bull—I am using your Sarsaparilla in several cases of Scrofula, and with happy effect. I can safely recommend it one of the most efficacious medicines that can be made for that disease.
Yours, JAS. M. MOORE, M. D.
Winchester, Ky., Feb. 1, 1848.

Testimony like the following renders superfluous all further comments as to the efficacy of Bull's Sarsaparilla:

From Dr. L. P. Yandell, Professor of Chemistry in the Louisville Medical College.

"I have looked over the list of ingredients composing John Bull's compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound, and one that promises well in chronic diseases to which it is applicable. L. P. YANDELL, M. D.
Louisville, June 4, 1848.

What Dr. Pyles, Physician, by appointment to the Louisville Marine Hospital, says of Bull's Sarsaparilla.
Louisville, March 30, 1848.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and private practice, and think it the best article of Sarsaparilla in use. M. PYLES, M. D.
Resident Physician, Louisville Marine Hospital.

From the People's Journal, Quincy, Ill.
BULL'S SARSAPARILLA.—We have used four bottles of this Sarsaparilla for general debility and dyspepsia, and believe we have experienced more relief. We can recommend it highly. [illegible]

This medicine is daily grappling with disease, through the western country, restoring to blooming health and youthful vigor, the sick and affected—nay, those that are already considered beyond hope of recovery. Testimonials are still pouring in from men of truth and high moral standing, placing it, from its intrinsic worth, the very best of all remedial agents before the public.
