FRANKLIN HIGH SCHOOL.
Corner of Royal and Hospital streets, New Orleans.

PARENTS and Guardians are respectfully informed that the classes are now fully organized in the new building at the corner of Royal and Hospital streets. It is hoped, with some confidence, that the commodious and extensive arrangements for the better accommodation of the pupils will meet with the approbation of the patrons of the Institution, and of others who may have youths under their charge.

The great object to be attained in school education is the acquiring of habits of untiring industry and indomitable perseverance, the course of exercises through which a young man must pass in order to reach this goal, if judiciously directed, leaving him of necessity in possession of every other desired attainment.

The principle here laid down forms the basis of the mode of instruction, pursued in the Franklin High School.

The course of studies comprises the English, French, Spanish, Latin and Greek languages; Arithmetic, Algebra, Geometry, Trigonometry, Surveying, Application of Algebra to Geometry and Differential and Integral calculus; Astronomy and Chemistry; History and Geography; Book keeping; Drawing and painting; Vocal and Instrumental Music.

There are seven Professors attached to the School, who give daily lessons in their respective departments.

Parents and Guardians are respectfully informed that no interference whatever in the Regulations and internal discipline will be suffered.

G. BOYER'S CLASSICAL AND COMMERCIAL INSTITUTION No. 148 Conti Street,
(between Dauphine and Burgundy streets.)

THIS Institution, the oldest scholastic establishment in New Orleans, is well known and highly distinguished for the success which has accompanied it ever since its foundation, a considerable number of pupils who have quitted it to enter on the great scene of life, having already acquired some distinction in the various avocations to which they have devoted themselves.

Boyer's Institution is conducted in one of the largest Mansions in the city, occupying a fine central position, being well ventilated and in other respects perfectly salubrious.

The range of studies which engage the attention of the pupils extends over all the branches of Learning which are necessary to a useful, polite and finished education; from primary instruction to the more abstruse subjects which are specially the province of a collegiate course. Discipline so necessary to quicken in the youthful mind a due perception of the duties incumbent on it in its future relations with society, is a conspicuous feature of the establishment, being at the same time severe and considerate, whilst the solicitude of the Principal regarding the moral training of the youths committed to his charge, is, though strict, yet paternal.

The English language, daily becoming more and more evident, as of the greatest possible importance to all living in this community, is, in Boyer's Institution, attended to with more than ordinary care, the Professors engaged in this branch being gentlemen of undoubted attainments and long accustomed to tuition.

GREAT ECONOMY IN WOOD. TO SUGAR PLANTERS.

NELSON FOUCHE has the honor to inform his former customers, and the Sugar Planters in general, that he has recently acquired the knowledge of an infallible plan for the rapidity of boiling and the saving of wood. He is so thoroughly convinced of its success that he will undertake to state the quantity of Sugar that will be made by his contrivance in twenty-four hours; and the saving in wood is so great that from the very first grinding the planter will save the amount of the cost of the machinery. Those Sugar Planters who are desirous of testing its qualities may easily do so by witnessing the operation during the present grinding season, on the plantations where it has been established by him. He invites those planters who may be out of wood, to apply to Mr Arnaud Lanaux, of the Parish of Plaquemines, on whose plantation he has established a machine for burning coal. Mr Lanaux has been greatly the gainer by the process. He burns only one cord of wood and a few barrels of coal to each hogshead of sugar. His machinery makes eight or ten hogsheads in twenty-four hours.

The proportions of the machinery being a very important point, he requests those Sugar Planters who intend contracting with him, to make known the required dimensions of the boilers.

The price of the machinery is but $50 a boiler and $75 for the chimnies. The works already completed by him will attest the solidity of his labor.

Galvanic Rings and Magnetic Fluid.

THIS remarkable discovery which has attracted so much attention in Europe and recently in the Northern States, is now introduced for the first time to the citizens of New Orleans. It comprises an entirely safe and simple application of the Mysterious Power of Galvanism as a remedial agent. The GALVANIC RINGS in connection with the MAGNETIC FLUID have been used with the most perfect success in all cases of RHEUMATISM, acute or chronic, applying to the head, face or limbs, *Gout, Tic Doloreux, Toothache, Bronchitis, Vertigo, Nervous or Sick Headache, Indigestion, Paralysis, Palsy, Epilepsy, Fits, Cramp, Palpitation of the Heart, Apoplexy, Stiffness of Joints, Spinal Complaints, Lumbago, Neuralgia, Nervous Tremors, Dizziness of the Head, Pains in the Chest and Side, General Debility, Deficiency of Nervous and Physical Energy, and all Nervous Disorders.* In cases of *Dyspepsia* which is simply a nervous derangement of the digestive organs, they have been found equally successful. The Rings are of different prices, being made of all sizes, and of various ornamental patterns, and can be worn by the most delicate female without the slightest inconvenience.

The Galvanic Belts, Bands, Bracelets,

Are modifications of the invention, and are recommended in more chronic cases of disease, where the Rings do not possess sufficient intensity of power. They are adapted to the waist, arms, wrists, ancles, chest, or any part of the body with perfect ease. Any Galvanic power that is required may thus be obtained, and accomplish all which this mysterious agent of Galvanism can effect will fail to permanently relieved.

Christie's Magnetic Fluid

Is used in connection with the Rings and their modifications. This composition has been pronounced by the French Chemists to be one of the most valuable discoveries of modern science. It is believed to possess the remarkable power of *rendering the nerves sensitive to the galvanic action*, by this means causing a concentration of the influence at the seat of disease, and thus giving rapid and permanent relief.

Also, Chronic Constitutional Disorders will be removed by this Preparation.

This medicine has in many thousand instances brought health and returning vigor to the weak and languid frame. Its operation extends itself to the remotest transactions of the general system, and consists in removing diseased action in the absorbing and secreting vessels.

The blood contains the elements of the whole animal structure—flesh and fibre, glands, muscles, tendons, the nails, the hair, and even the bones themselves, are all sustained by the blood. Well, then may it be called the stream of life. In proportion to the purity of fluid will be that of the substance into which it continually changing. Corrupt blood instead of producing healthy flesh, is likely enough to develop sores and ulcers. When these appear, whether in the specific form of scrofula, in all its multiform and disgusting shapes, or eruptions in all their disfiguring variety, rheumatism, billious disorders, general relaxation and debility, and a host of complaints arising from disordered secretions, there is no detergent it is believed, that will so rapidly neutralize the virus in the blood from which they spring and effect a radical cure, as this preparation.

The following is an extract from a letter just received from Mrs. Bevan, who had been afflicted for several years with Scrofulous Ulcers, Dyspepsia, &c. and recently with an affection of the Throat and Chest:

BAILEYSBURG, Va. Dec. 18th, 1845.

Messrs A. B. & D. Sands—Before I commenced using your Sarsaparilla my sufferings were almost past expression, my throat was completely ulcerated, I had a dreadful cough, and there were frequently weeks together that I could not speak above a whisper; and besides the inflammation from my throat extended into my head, so that my hearing was very much impaired. After taking the Sarsaparilla a short time my health improved and my throat is now well, I am as free from cough and tightness of the chest as I ever was, and can hear quite distinctly. My throat has been well about three months, the cure of which has been effected entirely by the use of your Sarsaparilla.

Your friend,
LOUISA R BEVAN.

WINSTED, Conn, Aug. 5, 1845.

A. B. & D. Sands—Gentlemen: About six weeks since I commenced taking your Sarsaparilla, and was then suffering from Scrofula in its most virulent form. I had nine running ulcers, and had lost the use of one arm, and the disease caused such intense pain in the head, that three physicians told me I could not live—that there was no help for me.

"I informed them that there was one medicine would help me, and that was Sands' Sarsaparilla. My physician seeing my condition was so great, sent you a certificate, and I commenced taking the Sarsaparilla. It has produced immediate relief; my head is now well, and my arm, which had been useless, I can now sew with, and my health is rapidly improving. Many people hearing of my case, have come some six and nine miles to see me; and some have taken the Sarsaparilla after witnessing its wonderful operation on me. One lady told me last week, it was doing great things for her; and there are three or four in this place that are taking it, and our merchants find a very ready sale for Sands' Sarsaparilla.

Yours, most respectfully,
CORDELIA OADY.

For further particulars and conclusive evidence of its superior value and efficacy, see pamphlets, which may be obtained of agents gratis.

Prepared and sold, wholesale and retail, by A. B. & D. SANDS, Wholesale Druggists, 79 Fulton street, New York. Sold also by ... 34 Magazine and 40 Canal st ... and by Druggists generally throughout the United States. Price, $1 per bottle; 6 bottles for $5.

The public are respectfully requested to remember that it is Sands' Sarsaparilla that has and is constantly achieving such remarkable cures of the most difficult class of diseases to which the human frame is subject ... for Sands' Sarsaparilla, and take no other.
