DR. WESLEY GRINDLE'S CELEBRATED MAGIC COMPOUND, A POSITIVE CURE FOR Pulmonary Consumption.

Also, an effectual cure for Scrofula, Dyspepsia, Obstinate Cutaneous Eruptions, Bilious Disorders, Chronic Rheumatism, General Debility, and all diseases depending upon an impure state of the blood.

PRINCIPAL DEPOT, NO. 54 WHITE STREET, N. Y.

Patients, the gorgeous sunshine of hope may now be realized, for this remedy not only relieves, but some actually cure this horrible disease. But one trial will surely prove the fact. Do not fail into an early grave, when a sure remedy is at hand.

Some poor sufferer, full of anxiety and doubt in regard to what we say, may ask, Can your medicine restore a portion of lung that disease has entirely destroyed, leaving a cavity? We answer, certainly not, neither is this necessary in order to effect a perfect cure. If the treatment be commenced in season, but little or no portion of the lung is lost. It is necessary only to arrest the disease, and when this is done, the concrete substance deposited in the tissue of the lung, technically known as tubercle, becomes absorbed, leaving, perhaps, a little calcareous substance which is quite harmless, and the patient finds himself in possession of whole, lungs and sound health. But suppose the disease is not arrested at this early stage. The softened tubercle produces irritation, the irritation brings on inflammation of that part of the lung; the inflammation leads to ulceration, and the destruction of a portion of the tissue is the result, a cavity is formed which enlarges and does its work of death, unless the deposit of tubercle is arrested. Now, does your remedy effect a cure? Most assuredly it does. As soon as the disease is arrested, the turtful matter is absorbed or expectorated, and nature either furnishes the cavity with a lining membrane, or what is more common, where it is of large size, its walls fall together and heal up, leaving a scar; and the remaining portion of the respiratory apparatus, true to a law running through the whole physical economy, becomes somewhat enlarged, takes on increased action, and suitably compensates for that which has been lost.

The medicine is in a powdered state, but readily prepared for using in a liquid form, according to the directions which accompany it. Dispatches are promptly made by mail and express.

PRICES—One box, $6; three boxes, ordered at one time, $8; half dozen, $14; one dozen, or any number greater, $2 a box. The postage in the United States, not over 3000 miles, is 15 cents a box. In all cases the amount should be inclosed in money or stamps. We are responsible for all moneys sent us by mail. JOSIAH S. GRINDLE, (late partner of Dr. Wesley Grindle) Sole Proprietor, to whom all letters must be addressed. Also, Proprietor of GRINDLE'S ANCIENT AND CELEBRATED JAPANESE LIVE PILLS. oc16 1yeow

Embalming the Dead.

P. CASANAVE, UNDERTAKER, No. 3, Marais street, between Customhouse and Bienville, (Second District).

HAVING purchased from Dr. Holmes, of New York, the right of EMBALMING THE DEAD by the celebrated process, not only in the city of New Orleans and its environs, but also on the coast and the rivers, he informs the public that orders will be attended to at all hours, by day or by night. He avails himself of this opportunity to assure the public that the bodies are not opened, nor in any manner whatever mutilated, but remain in their natural state.

He has had a large tomb erected in Cemetery No. Two, Bienville street, similar to those in Greenwood Cemetery, New York, and which is destined to receive temporarily embalmed bodies previous to their being taken for interment in other countries. The bodies may be embalmed within eight or ten days after death. Relatives and friends of the deceased will be admitted to the inspection of the bodies at all times. mar16 1y
