DR. BLANCHARD, ex-Dentist to their Majesties the King and Queen of the French, Surgeon Dentist of the Faculty of Paris and that of New-Orleans, has the honor to inform persons suffering from bad Teeth, that he resides at 4 Conti street, near the Place d'Armes, where the ravages which the teeth have suffered by caries, restoring them to their soundness and primitive beauty. They are rendered serviceable in mastication, and often last during the period of natural life. No metallic substance enters into the composition of the Plugs he uses, and it is infinitely more valuable than any material hitherto employed. Its properties are such that any one may in a few minutes effectually plug any one of his own teeth. Its cost is about that of gold in the course of an hour, quite hard in three minutes, and as durable as hard as the teeth themselves. When once placed in the decayed tooth, it is fixed beyond escape, and of the same color as the tooth, which when plugged, lasts a long while, and can be replaced in chewing as well as any of the sound teeth. The operation causes no pain and is over in few minutes.

Dr. Blanchard will undertake the plugging of teeth, or if preferred, the cement may be purchased from him, as it can be inserted by the patient himself. This offers a signal advantage for persons residing in the country.

Recently invented for plugging the teeth, a gold preparation without any alloy, more malleable and perfect than any hitherto employed.

A new flexible material (plastina) for plugging the teeth.

DENTAL SURGERY.

Minute attention is paid to every thing concerning *the wholesome condition of the mouth and its appendages*—plugging, extraction, &c.

For children—Arrangement of the teeth when they assume a disturbed course or escaping from the alveolar process, without the period of second dentition.

Artificial teeth inserted from a single tooth to an entire set. These teeth are a perfect imitation of the natural ones, whose place they supply, assisting mastication and digestion, and facilitating the pronunciation.

Apply at his office, corner of St. Louis and Bourbon streets, every day from 9 a.m. to 1 p.m.—Sundays excepted.

Terms moderate. dec12
