ODONTALGIC EXTRACT

E. F. SMITH, 110 St. Charles street,

For the relief of the most violent TOOTHACHE ... and at the same time effectually destroying ... in less than 24 hours ... without ... It should be aware, however, that this remedy is not ... as a Chemical, Canada, it being only successful when the pain proceeds from an exposure of the internal membrane or nerve.

For the truth of the above statement, the sceptical are referred to the following highly respectable gentlemen, most of whom can speak from their own experience.

Rev. W. A. Scott, Dr. W. H. Tengarden
J. W. Stanton, L. E. Generelly,

H. Williams, W. O. Latham,
E. S. Orsborne, D. Flannery,

By first destroying the nerve with this remedy, the excruciating pain frequently caused by inserting pivot teeth in the old method, is entirely avoided.

... other operations carefully performed.

SPECIFIC AGAINST YELLOW FEVER.

No ... doubts at present that there is but one sort of ... disseminated essential fever, from the mild intermittent to those cruel phlegmasies, the yellow fever and the plague; they are inflammations of the mucous membranes of the digestive organs, with all the complications and modifications which for a long time have hidden their real character, and presented them as a group of pernicious fevers, which hastened to their graves the several victims of those who had the misfortune of catching the infection; and now that their nature, their causes, their symptoms are better known, numberless in still the catalogue of their victims. I will not attempt a further description of those diseases, but ten years experience, constantly crowned with success, having convinced me of the efficacy of my specific against yellow fever, I offer it to the public from the implicit confidence of its superiority over any other sort of medicine.

DOCTOR MARCHAND'S office is in Bourbon street, corner of St Louis, where he will be from daylight to 7 o'clock, and from 11 to 2. He will also attend to the cure of secret diseases in all their degrees. He cures ... in two or three minutes the tooth-ache, ... case of the Periosteum, without surgical operation.

WILLIAM W. THOMPSON'S PATENT IMPROVED LEADEN PIPES.

THE manufacturer, residing in St. Louis, Missouri, invites the attention to the excellence of his leaden pipes made by a new and patent process, (to which he has the exclusive right to the entire district of country west and south-west of the Allegheny Mountains) of a better quality than can be produced by any other known method.

The patent pipe is remarkable for its uniformity of thickness, the accuracy of the bore, the perfect polish of the interior surfaces, the absence of scales and flaws, the very long length without joint, for its unusual strength.—These advantages will be evident to any body upon examination.

Besides his usual sizes from one-eighth to five inch in bore, he manufactures also, for the use of farmers and others, very light leaden pipes for conducting water from spring at long distances under slight pressure or head of water, and for other purposes
