MANDEVILLE COLLEGE.

IN the establishment of this Institution, an attempt has been made to form a Northern College adapted to a Southern population. We will briefly state what means we have at our disposal, and in what manner we intend to employ them.

Situated within a short distance of the South Western Metropolis, on a spot entirely exempt from all epidemic disease, and offering the convenience for bathing in the salubrious waters of Lake Pontchartrain, we believe the location of the College to be unsurpassed within the limits of our State.

In conformity with our plan, the instruction of the students is confided to northern professors. Gentlemen selected in the northern Colleges—the professors of the French and Spanish only excepted. The following gentlemen compose the body of instructors:

LEWIS ELKIN, President and Professor of Mathematics.
ALBERT W. ELY, M. D., (late from the University of Virginia,) Professor of English and Mathematics.
WILLIAM F. ROE, (late from Dickinson College, Carlisle,) Professor of Ancient Languages.
PIERRE JULIAN, Professor of French.
J. RICO LOPEZ, Professor of Spanish.
CHARLES H. PONDE, Professor of Drawing.
P. SOMMER, Teacher of Fencing and Military Tactics.
J. SNYDER, Usher.

In their daily lessons, these gentlemen discard all the royal road systems of the day. The pompous theories, by which close application is rejected as dull plodding, will be unknown in their recitation rooms. Regular and persevering study and method in the division of the student's time, are the only means by which they hope to obtain success.

The discipline of the College is firm, strict and independent—suffering no interference whatsoever on the part of parents or others. The laudable care and scrutiny which all intelligent parents manifest in the choice of a nursery for their offspring, should at the same time prevent them, when once exercised, from interfering in the regulation of the establishment chosen—an interference which, in its consequence, seldom fails to be injurious both to pupil and teacher.

Such are the provisions made for the physical and intellectual education of the young gentlemen confided to our care. With regard to the third, and most important branch—the moral including the religious, we are happy to announce to the patrons of the school, that the Rev. Mr. Blynn from Madisonville, will hereafter preach every Sunday in the College Hall before the Protestant pupils, while the Professor of French, Mr. Julian, will attend to the Religious Instruction of the Catholics.

The following gentlemen, having their sons in the institution, will give all desired information:—

Hon. Wm. Freret.	
Hon. Edward Simon, of the Supreme Court.	
Hon. Manuel White.	
Hon. Judge Jones, Covington.	
F S Lebeau, Esq.	J J Palfrey, Esq.
Thomas Toby, Esq.	Richard M. Carter, Esq.

Richard Charles, Esq.	John Martin, Esq.

Alexander Phillips, Esq.	Joachim Kohn, Esq.
J A Barelli	J B Leefe, Esq.
Theodore Shute, Esq.	Daniel Frederick, Esq.

G. BOYER'S CLASSICAL AND COMMERCIAL INSTITUTION,

No. 148 Conti Street, (between Dauphine and Burgundy streets.)

THIS Institution, the oldest scholastic establishment in New Orleans, is well known and highly distinguished for the success which has accompanied it ever since its foundation; a considerable number of pupils who have quitted it to enter on the great scene of life, having already acquired some distinction in the various avocations to which they have devoted themselves.

Boyer's Institution is conducted in one of the largest Mansions in the city, occupying a fine central position being well ventilated and in other respects perfectly salubrious.

The range of studies which engage the attention of the pupils extends over all the branches of Learning which are necessary to a useful, polite and finished education; from primary instruction to the more abstruse subjects which are specially the province of a collegiate course.—Discipline so necessary to quicken in the youthful mind a due perception of the duties incumbent on it in its future relation with society, is a conspicuous feature of the establishment, being at the same time severe and considerate, whilst the solicitude of the Principal is guiding the moral training of the youths committed to his charge, is, though strict, yet paternal.

The English language, daily becoming more and more evident, is of the greatest possible importance to all living in this community, is, in Boyer's Institution, attended to with more than ordinary care, the Professors engaged in this branch being gentlemen of undoubted attainments and long accustomed to Tuition.

BRANCHES OF TUITION:

The English, French, Spanish and Latin Languages; History, Geography, Mathematics, Elements of Natural Philosophy, Astronomy, &c. &c.

TERMS.

Boarders	$30 per month.
Half Boarders	15 "
Day scholars	8 and 10 per month.

No deduction is made for absence. A month once commenced must be paid in full. Books, paper, &c. form separate charges. d10

MODERN ACADEMY,

DIRECTED BY J. S. DE PALOS, Professor of Modern Languages.

No. 191 Customhouse street, between Burgundy and Rampart streets.

THE attention of parents and others, is respectfully requested to this COMMERCIAL INSTITUTION, exclusively devoted to the instruction of the growing youth, destined to commercial pursuits.

The peculiar feature of this establishment, is the great attention paid to the Modern Languages: The English, French and Spanish; a perfect knowledge of the SPOKEN, besides the written form of those languages being indispensably necessary to the well educated merchant. This essential and most delicate part of instruction, is under the direct supervision of the principal; the success which has attended him in the pursuit of his profession, and with eighteen years experience in the art of teaching living languages, warrants him in promising the happiest results to all his patrons.

The body of instructors is composed of the following professors:

J. S. DE PALOS, Principal.
W. BAILEY, Professor of English, and all the branches of a Commercial Education in English.
LOUIS TELHIARD, Professor of French, Literature, &c. &c.

☞ The establishment will be opened throughout the year. Pupils are admitted by the quarter in order to preserve the harmony of the classes. Those who may object to paying the quarter in advance (as is stated in the prospectus) can pay one month. A prospectus can be obtained at the School Room, 191 Customhouse street, also, at the Book Stores in the city. j28

COMMERCIAL GENTLEMEN AND OTHERS, are respectfully informed by the undersigned, that he continues his Classes for Adults in the instruction of the French and Spanish languages, at his residence 191 Customhouse street, between Rampart and Burgundy streets. His method adopted to impart this branch of knowledge, has been demonstrated to be superior to all others heretofore pursued, by the simple process of a "living language;" requiring no laborious poring over dictionaries; no learning abstract rules by rote, and committing to memory ready made phrases. It is a system based on the law of nature, by which the language is acquired on the same principle that we learn to speak our mother tongue. It has been amply tested by some years experience in the city of New Orleans. J S DE PALOS, j28 Professor of Modern Languages, 191 Customhouse.

"ECONOMY IS THE ROAD TO WEALTH."

OLD CLOTHES MADE NEW.

LONDON DYEING & SCOURING ESTABLISHMENT

JOHN J. JACKSON, lately from London, respectfully informs the citizens of New Orleans and its vicinity, that he has taken the store No 96 CAMP STREET, next to Marston's Temperance Intelligence and General Agency Office, a few doors below Poydras, for the purpose of Dyeing, Renovating, Repairing and Scouring

GENTLEMEN'S WEARING APPAREL,

upon an entirely new principle. All clothes made to appear as well as new, without any injury to the cloth; and if not done to satisfaction, no charge will be made.

From the long and practical experience which I have had during my apprenticeship in London, and in working for the officers of the Horse Guards, and other officers of other regiments, I am enabled to dye SCARLET and other colors in a superior manner; also to extract grease spots and stains of all descriptions from military and other garments.

Gentlemen composing volunteer companies in this city, who have military clothes out of order, from the effects of grease spots, stains, &c. are respectfully invited to call and give him a trial.

Gold, silver and silk lace, epaulettes, &c. tarnished from use, can be restored to their original lustre and brightness.

LADIES' WEARING APPAREL, (including silk, satin and velvet dresses,) dyed in the most approved fashion and in the latest style and finish.

Carriage cushions, hangings, pulpit covers, sofa and chair covers, window hangings, carpet and hearth rugs, cleansed, dressed, &c. and made to appear as when new.

Many gentlemen and ladies hesitate to have their garments, carpets, &c. renovated or dyed, in consequence of the numerous impostors that do not understand their business. The subscriber requires but one trial to prove the character of his workmanship.

From a strict attention to business I hope to meet a share of public patronage.

☞ All work entrusted to my care will be ready for delivery in forty eight hours after being left with the subscriber. J HN J JACKSON. s11—6m

DAY AND BOARDING SCHOOL FOR YOUNG LADIES,

Founded in 1832 by Madame Lanus, and conducted since 1841 by Madame Desmaraux.

(Rampart street, corner of Bienville)

THE course of instruction pursued in this establishment is both solid and varied, extending from the elements of reading and grammar to the study of literature and the elements of the sciences indispensable to a polished education.

The pupils are distributed into seven classes, suited to their different ages and capacities.

The French and English languages are cultivated with equal attention, and a good opportunity is afforded for their free and familiar use in conversation by the intercourse of Creoles with Americans.

Vocal and instrumental music is taught by ladies, exclusively attached to the establishment, and their constant presence is a guarantee of unremitting attention, both to lessons and practice.

The performance of religious duties, by the boarders, is daily attended to: a priest, authorized by the Bishop, attends the establishment twice a week, to instruct Catholic pupils and prepare them for their first communion.

From the 1st November, 1844, this Institution will no longer receive young boys, and will be exclusively consecrated to young ladies.

Parents are informed that the house in Bienville street, contiguous to the church edifice, has been added to the institution, for the better accommodation of boarders.

Examinations in music take place from November to April, on the 1st Saturday of each month. At the end of May, general examination and distribution of prizes.

The course of studies embraces the English, French, Spanish, Latin and Greek languages, with their literature, Mathematics, Book keeping, Geography, use of the Globes, History, Moral Philosophy, &c.

The branches enumerated above are taught by the Directors of the School, and by Assistant Instructors, selected for their skill and their high standing in the profession.

Students, whose parents desire it, are instructed at their expense in Music, Drawing, Dancing and Fencing, by the most eminent masters in the city.

In matters of internal discipline, the Directors are assisted by two Ushers whose business it is to enforce correct deportment in the study rooms, play grounds and dormitories.

No interference whatsoever on the part of parents or guardians in the regulation of the institution is tolerated.

The Statutes, containing the course of discipline, course of studies, terms, &c. may be had in English or in French, at the School or at the principal Book stores in the city. j18

GARREAU'S INSTITUTION,

Rampart street, between St Anne and Main.

THE numerous Professors attached to this Establishment, the assiduous and constant care directed to every branch of education, have secured to it a rapid increase. DYEING AND SCOURING IN GENERAL.

NOTE—Messrs MONDELET & Co. have the honor to inform the public, that on the 1st June last, they have opened at No 150 Chartres street, opposite the Orleans Hotel, A DYEING AND SCOURING Establishment.

The knowledge they have acquired of this art by many years labor in the first houses in Paris, and by a diligent study of chemistry applied to dying, induce them to hope that no hesitation will be felt in entrusting to them the most valuable articles either for dying or scouring, convinced as they are that such articles will be as carefully and properly attended to as at Paris. Those who may honor them with their confidence will be convinced of their skill, by the care and elegance of their work, and by the finish imparted to it.

They dye and scour all kinds of articles, such as silk, merinos, mousseline laines, cashmeres, crapes, tulles, velvet plain or figured, straw hats, furniture covers, carpets, church ornaments, ball and theatrical costumes, silk and thread gloves, silk stockings; they clean silk dresses without changing the colors. By new chemical processes they bleach muslins, jaconets and print dresses, giving them the appearance of new materials. They clean and dye kid gloves, all kinds of feathers, gentlemen's clothing without injuring them, and giving them all the neatness of new articles. They dye clothing black for mourning in twenty-four hours, and warrant the durability of the colors.—They likewise re-dye black stuffs, giving them various colors.

Terms moderate. n21—3m

TARRANT'S EFFERVESCENT SELTZER APERIENT—This preparation strongly recommends itself to the favor of the public from its positive medicinal virtues, and from its great success in the cure of Bilious affections and Febrile Diseases, to which the variable climate of our country is so subject. Prescribed in such cases it has been found universally to afford relief and has gained much reputation among medical men, who most generally sanction its use among their patients. In a turpid state of the Liver its use, persevered in for a few days, has been found to aid in restoring the functions of that important organ. In Gout and Rheumatism it has given great satisfaction, as having in a short period allayed all the inflammatory symptoms. It has in numerous cases succeeded in effectually curing those afflicted. Of its success in cases of Gravel, Indigestion, Heartburn, Costiveness, and Headache, it has invariably proved in every instance a medicine of great utility.

Being one of the most delightful, as well as mildest purgatives now before the public, it possesses all the medicinal virtues of the most approved Saline Aperient, with the stirring agreeableness of soda water, and as it acts gently upon the system, it restores the digestive powers as a laxative, and excites a healthy and vigorous tone to the stomach, giving to the patient renewed health and strength. It strongly commends itself to planters or persons going to sea, or visiting hot climates, as it can be carried in any climate. It may be used with greater facility than any other preparation.

Testimonials from gentlemen of high standing in their profession, hereto annexed, strongly guarantee its efficacy and valuable character, and commends it to the favorable notice of an intelligent Public.

TESTIMONIALS.

FROM THOMAS BOYD, M. D.

"It affords me sincere pleasure to add my favorable commendation to your list of valuable testimonials of the character of your Effervescent Seltzer Aperient. It is a very palatable, delightful and cooling effervescing draught and possesses medicinal properties highly valuable in their nature. Its effervescence is more durable and pleasant—its taste more agreeable, and its mode of use far easier and more convenient than any similar preparation I have ever known, whilst its action is, in truth, mild and effectual. I truly beneficial qualities commend it strongly to the notice of the public."
(Signed) THOMAS BOYD, M. D.,
To Mr James Tarrant. No 291 Fourth street.
New York, Nov. 17, 1844.

FROM JOHN W. SCHMIDT, Jr. M. D.

"I have frequently used and prescribed Tarrant's Effervescent Seltzer Aperient, and know of no remedy so pleasant and efficacious where a mild laxative is required. It entirely supersedes the use of Seidlitz Powders ... which do not belong to the Seidlitz. It is also particularly adapted to pregnant women, and in sea sickness, where constipation is an attendant."
(Signed) J. W. SCHMIDT, Jr., M. D.
To Mr. James Tarrant. No. 6 Warren street.
New York, Nov. 12, 1844.

FROM JAMES R. ROGERS, M. D.

"Having made use of Tarrant's Effervescent Seltzer Aperient, I cheerfully give my testimonial in its favor. It has proved a most excellent family medicine. It is convenient and portable mild and efficient in its action on the stomach, extremely grateful to the taste, and refreshing to the stomach and is a delightful effervescent draught, resembling Soda Water to the taste, and imparting to the constitution all the benefits of the best Seltzer of Germany. It has none of the objections usually attending the operation of ordinary purgatives. To persons visiting or residing in warm climates, it will unquestionably prove a medicine of great utility."
(Signed) J. R. ROGERS, M. D.
New York, Nov. 11 1844. 70 Clinton Place, New York

FROM EDWARD G. LUDLOW, M.D.,

Trustee of the College of Physicians and Surgeons, in the City of New York and Censor of State Medical Society.
"I can with confidence recommend Tarrant's Effervescent Aperient as a mild and agreeable laxative and far superior to Seidlitz Powders. To persons living in warm climates, where cooling purgatives are so frequently required it is invaluable."
(Signed) EDWARD G. LUDLOW, M. D.
To Mr James Tarrant. No. 626 Broadway.
New York, Nov. 12, 1844.

FROM GEORGE WILKES, M. D.

Surgeon at the New York Eye and Ear Infirmary.
"I have given your Effervescent Seltzer Aperient in several occasions, and am much pleased with its effects. From its mild and gentle operation on the bowels, it is invaluable to females during pregnancy, relieving the sickness and nausea attendant thereon, and may be commended to all who reside in warm climates, or persons visiting such countries, I would freely recommend it; also as a remedy in Sea Sickness. As a family Medicine it meets my full approbation."
(Signed) GEO. WILKES, M. D.
To Mr. James Tarrant. No 20 Leight street
Oct. 9, 1844.

FROM M. PRICE MOORE, M. D.

"I have used your Effervescent Seltzer Aperient in several cases, with very happy results. As a mild Aperient it has advantages over all other Aperients, particularly in cases of great debility where it is important to save the strength of the patient. It can be made a pleasant drink, and given in such doses as to obtain the object in view. As a Family medicine, I think very highly of it; and as such, can be freely used during the summer months."
(Signed) M. PRICE MOORE, M. D.
To Mr. James Tarrant. No. 60 Hudson street.
New York, Nov. 18, 1844.

FROM JAMES TRUDEAU, M. D.

"I have often prescribed your Effervescent Seltzer Aperient in this city, and have always been pleased with its operation. It is, in my opinion, a pleasant, safe, and mild laxative, calculated to please the most fastidious. To persons residing in warm climates, where a congested state of the Liver is a frequent cause of disease, it is a most valuable medicine."
(Signed) JAMES TRUDEAU, M. D.
To Mr. James Tarrant. No. 300 Broadway.

FROM THE HON. JOHN M'KEON.
