ANOTHER REMARKABLE CURE

Performed by McLean's Volcanic Oil Liniment. Be for yourselves.

Thomas Ford a blacksmith, living near Canaveron, on Pantherfoot, had a horrible running sore on his foot. He tried several Liniments, but it was of no use, it could do it no good. He despaired of ever being able to work while he lived, yet he was unwilling to be at any weight on his cost, and by one small bottle of McLean's Volcanic Oil Liniment, he is now perfectly cured.

This great Liniment, penetrating, heals, relaxes, stiffness in the joints or muscles, swellings, sore throat, sprains or toothache, wounds, fresh cuts, scalds, burns, chilblains, &c., yield to the "magic" influence of this wonderful Liniment.

The Volcanic Oil Liniment is an infallible remedy for bites, galls, scratches, cracked heels, tumours, spavin, ringbone, sweeny, splint, farcin, bruises, swellings, wounds, rheumatic pains, and various other diseases which animals are liable to, from injuries or accidents.

KEROSENE.

NOTICE TO FAMILIES

THE very papers having recently reported the case of a Coal Oil Lamp exploding in the Fourth District, we think it proper to beg our customers not to confound the present Coal Carbon Oils in the market (the greatest part of which is adulterated) with KEROSENE, a species of Coal Oil we have alone the right to sell in Louisiana.

Kerosene, which is now manufactured under American and English patents, is BRILLIANT PURE AND WITHOUT ANY ADMIXTURE OF ATOMIZER OR ANY VOLATILE OIL WHATEVER. It is a new and inoffensive product, ranking between the fixed and the volatile oils, and is all other properties.

Manufactured by a particular process, thoroughly secured by letters patent, Kerosene is now acknowledged in the United States to be a perfect article and the only substitute for any kind of whaleoil, as much for its illuminating power and economy as for its improved color and deodorization.

For each of Kerosene we have manufactured sold, and we will again sell, under similar circumstances, other coal oils, but in so doing we will always, as by the past, fully let them know other brands, so as to detect any adulteration in them, or to see if they do not contain an excess of benzole, which sometimes remains in the oil while being distilled and thereby renders it volatile. MISCELLANEOUS

AYER'S
AGUE CURE,
FOR THE SPEEDY CURE OF
Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fever, indeed for the whole class of diseases originating in biliary derangements, caused by the miasma of miasmatic countries.

No one remedy is tender called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity.

This vitalizing Chyme or preparation therefore must be of immense service in the country where it prevails. Prohibition is better than cure, for the disease is not only painful, but in most cases in violent attacks of this baleful distempers. This "Cure" expels the miasmatic poison of Fever and Ague from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body, and in bilious districts, where Fever and Ague prevails, every body should have it and use it freely both for cure and prevention. It is cheaper than quinine, and yet this price is within the reach of all—the poor as well as the rich. "A great discovery of this remedy over any other ever discovered for the speedy and certain cure of intermittents is, that it counteracts the ill effects of mercury, which it produces no sickness or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from this source, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Colearis, Asthma, Palpitation, Painful Affections of the Spleen, Hysterics, Dropsy in the Bowels, Colic, Paralysis, and Derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "Cure" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons traveling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in still less quantity to ripen into disease. Hence it is even more valuable for protection than cure, and we will ever refer from intermittents if they avail themselves of the protection this remedy affords.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, they are invaluable to those who, with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous disorders. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and World Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints arising from a low state of the body or obstruction of its functions. They are an excellent alternative for the renovation of the blood and the restoration of tone and strength to the system debilitated by disease.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country shows its persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is not apparent to common observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed, and have consigned many to an early grave, this powerful tried, conferred benefits on the afflicted they can never forget, and pronounced cures too numerous and too remarkable to be forgotten.

All the scholars, besides their regular lessons, will practice daily under the eye of the professor.
