The owner or owners of the ferry shall have a strong fence or enclosure made, with one small and one large gate in front of the landing, say thirty feet front on the Levee, extending on each side to the river—the gates to be shut and locked after the running of the boat shall have ceased.—The interior of this enclosure shall always be kept clean under the penalty of $10 for each and every offence.

5. The stands or pavilions used for the sale of ice cream, lemonade, &c. shall be removed from the Levee, and permission granted, if asked, to said occupants, to erect three small pavilions for that purpose under the trees of the public square, in front of the church, for which they will pay each $25 per month to this municipality, during the summer months.

6. From and after this date, no other stalls outside of the markets shall be permitted, (and that only during market hours, say till ten o'clock, a. m.) but those that sell bacon, ham, pork, flour, corn, meal, fruit, rice, peas, beans, grain, vermicelli, coffee and spruce. The walk from the Levee to the vegetable market shall be kept free of market pedlars; and after market hours the whole of the outside of the markets, and the space on the Levee between the two markets, shall be swept daily and kept clean: the two commissaries are obligated to have this done under a penalty of $15 for each neglect of duty.

7. The present resolutions shall be printed in French and English and published in several newspapers, and one hundred handbills shall be printed, and the Mayor requested to have them stuck up in the several parts of the three markets of this municipality, and every other public place, so that all persons interested may not pretend ignorance of their promulgation.

Approved, July 14, 1840.

MR. & MRS. DAVIDGE'S ACADEMY FOR YOUNG LADIES.

No. 11 St. Paul street, Baltimore.

MR. and MRS. DAVIDGE announce that their institution will be re-opened on the first Monday in September next, when renewed zeal on their part and increased facilities for the acquisition of knowledge will, as they hope, present ample inducements for a continuance of confidence. Being now, as heretofore, convinced that sound practical education can only be the result of unwearied assiduity on the part of the pupil, and unceasing pains-taking on that of the teacher, and having ascertained, from experience, that where both exist to a proper extent, well directed effort cannot fail to succeed, they propose no novel or shorter way to knowledge. Inasmuch as thorough instruction is their object and the plan of their academy embraces all the branches that constitute a refined and classical education, including the French, Italian, Spanish, German, Latin and Greek languages, Mr. and Mrs. D, deem it unnecessary to enter into detail, further than to say that in Botany, Astronomy, Natural Philosophy, Chemistry, and other departments in which information is more pleasingly and advantageously conveyed through the medium of lectures accompanied by experiments, recourse is had to that mode of instruction, their Philosophical and Chemical apparatus being extensive and well selected.

Under the belief that change is often mischievous, and that long tried worth and capability furnish the best assurances of acceptable and efficient exertion in future, the Principals have retained such of their former assistants as are in their opinion entitled to the implicit confidence of themselves and the parents and friends of the pupils under their charge.

They will continue to employ, in addition to the regular Professor, in the French department, a French lady, thoroughly qualified to converse with and instruct the scholars, who will be with them at all times. It will be seen that lessons in the foreign languages are given daily, instead of three times a week, a course, in the opinion of the Principals, indispensable to the proper advancement of learners. The French conversations carry from eighty to a hundred minutes daily, independent of the conversational exercises involved in social intercourse, and to add to the facilities [illegible]

Mr. D will continue to give his personal attention to the various duties of the institution, teaching whenever it is practicable, and will hold himself responsible for the faithful discharge of them.

With the religious observances of the house pupils, there will be no interference, further than may be necessary to carry out the views of parents and friends and procure suitable accommodations for public worship.

There will be regularly morning and evening worship in the institution, when the forms of the Protestant Episcopal Church will be used, at which the young ladies may attend if such be their wish.

Boarders are not, on any account, permitted to spend the night abroad, except with parents or guardians, or to visit, unless by the special permission of their friends, nor are they to leave the establishment except on leave granted by the principal or assistants.

It is expected that every boarder will come provided with a silver tea and table spoon and fork, six table napkins and six towels. To prevent losses the clothes should be carefully marked. Bedding will be furnished, unless parents prefer to send their own. Mending and marking materials will be supplied for $5 per year. A competent person has charge of the laundry, and will see that the clothes are well washed and taken care of. There will be an extra charge in case of sickness.

Boarders are required to pay half-yearly, in advance.—Day scholars at the end of each term, except when parents reside at a distance, in which event payment in advance will be preferred.

Pupils are charged from the time of entrance, and no deduction will be made for absence, except in cases of long protracted severe indisposition.

The building provided for the institution is well situated for health, airy and capacious, and is in every way suited to the comfort and accommodation of the inmates.

The academical year commences on the first Monday in September, in each year, continues during forty-six weeks, and is divided into four successive terms of equal length.

Pupils cannot be withdrawn except at the end of a current full term.

Persons who propose to place their children in the institution as boarders will please to make their intention known as early as practicable.

The terms are as follows:

| | |
|---|---|
| Board, per academic year | $200 00 |
| Day boarding, or dining, and thus enjoying the benefit of French conversation at table, per academic year | 60 00 |
| English instruction, in all its branches, $17 50 per single term, or if continued up to the time of the summer recess, $15 00 per term, say, per year | 60 00 |
| French, Italian, Spanish, German, Latin, &c., each per term, $8 00, or per year | 32 00 |
| Stationery, per term | 1 00 |
| Music, including harp and guitar, at instructor's prices. | |
| Use of instrument, per term | 3 00 |
| Drawing and painting, at instructor's prices. | |
| Dancing, at instructor's prices. | |
| Washing, per term | 6 00 |
| Bedding, if furnished, per term | 2 00 |
| Fuel, two winter terms | 3 00 |

Application to be made by letter, post paid, addressed to Mr. D., or at the institution. With a view to convenience in closing the business of the year, the bills of the last term will be presented a week or two in advance.

FEVER AND AGUE—Ashley's fever and ague remedy is warranted to cure in every case when used according to the directions, or the price will be refunded. It has for five years been in extensive use in private practice, but is now for the first time offered to the public in the form of nostrum. A great number of certificates is not made, but many cases where it has been successfully used in this city can be referred to by the agents. It is freely prescribed by the medical faculty, and considered a better preparation than other quinine compounds; and in large plantations in this vicinity, it is taking the place of quinine as a vegetable tonic remedy for ague and fever.

TEN DOLLARS REWARD—Strayed from the [illegible], between the New Canal and the American burying ground, on Monday afternoon, a bay riding horse, with large mane and tail—dark legs, one white spot on the right shoulder, occasioned by the saddle, about 14 hands high, trots and gallops—has but been shod; shows, when mounted by a stranger, sharp eyes, and very startling. The finder will please deliver him to JAMES DICKSON, s4 St Paul street, near the New Basin.

$100 REWARD will be given for the apprehension and delivery of my slave ALFRED, who absconded about the 1st of April. Said boy is of fair complexion, auburn hair, is knockneed, and has two of his fingers on the left hand contracted, and stammers when spoken to. He is well known in this city, having been a hack driver for several years. I have reason to believe he has passed himself off as a white man, and has gone to Cincinnati or Texas.

The above reward will be given if taken out of the state, and fifty if taken in the state of Louisiana.

NEW ORLEANS & NASHVILLE RAIL ROAD COMPANY.

At a special meeting of the Board of Directors of this Company, held on Friday, the 4th September 1840, the following Preamble and Resolutions were adopted:—

WHEREAS, the President and Directors of the New-Orleans and Nashville Rail Road Company, at their sitting of the 5th of February, 1840, passed a resolution calling in two instalments of two dollars each, of the capital stock of said company, on each share, paid by the stockholders thereof;—and, whereas, the time fixed for the payment of said calls, was, at the sitting of this board of the 17th June last, postponed, and the day of payment of both instalments fixed for the first day of December next; and whereas, this is the first meeting of the board in full quorum, since the adoption of the resolution postponing the time of payment of said instalments; and that it is expedient to fix on an earlier day for their payment:

Therefore, Be it Resolved, by the President and Directors of the New-Orleans and Nashville Rail Road Company, that the resolution adopted at the sitting of the 17th June last, postponing the time of payment of said instalments be reconsidered and rejected; and that a permanent call of two dollars per share is hereby made;—payable on Tuesday the 10th day of November, 1840, according to the provisions of the sixth section of the charter; on each and every share of the capital stock of said company, held by the stockholders thereof on which not more than one dollar per share has been paid; and upon all the stock which may be commuted; provided also, that the call upon the stockholders hereby made, embraces all stock having more than one, and less than three dollars paid on each share, so as to make all the stock equal to three dollars per share paid.

Be it further resolved, That any time within the period of two months after the adoption of this resolution, any stockholder who will abandon a portion of his stock, may apply the amount paid thereon, to the shares retained.—Provided, no payment so made shall exceed $50 per share; and provided, also, that in the event of the legislature refusing to ratify and confirm the commutation of stock, the payment thereon as above described, any stockholder who may have availed himself of this privilege, shall within twenty days after such refusal by the legislature to such order a commutation of the payments on stock so abandoned, has been notified through two of the newspapers published in the city of New Orleans to the stockholders of this company, be allowed to pay on his original number of shares of stock, any instalment which may have become due in the time, or which may have fallen due previously, on pain of the forfeiture of all the stock upon which he fails to make such payment.

And be it further resolved, That copies of the foregoing preamble and resolutions, signed by the president and countersigned by the secretary of this board, be published forthwith, (sixty days previous to the 10th day of November next, when payment of the instalment hereby called on from the stockholders, is demandable) in three of the principal newspapers in the city of New Orleans, in the English and French languages, and which is to serve as full notice to the stockholders, under the requirements of the 6th section of the charter of this Company, approved the 28th January, 1835.
