NOTICE.
BOARDING AND DAY-SCHOOL.
DIRECTED BY MR. AND MRS. GARREAU.

THIS institution, founded but 2 years ago, owes its rapid growth and present reputation to the experience and assiduous cares of its directors and professors.

The large building occupied at present by this Institution, at the corner of Rampart and Main streets, offers the greatest advantages to Boarders of either sex, on whom Mrs. Garreau will bestow all the attention of an affectionate parent.

The classes are confided to the following named gentlemen:

Mr. Garreau, Prof. of the French Language, History, etc.
" Decourt, " and Book-keeping
" Baudeau, " of Mathematics;
" Cavalier, " of Drawing;
" Wolfe, " of the English Language;
" Charpaux, " of Music.

Four hours of each day are devoted to the English classes. j31

MASONIC COLLEGE.

Established by, and under the patronage of the Grand Lodge of Kentucky.

THIS flourishing Institution, Possessing full Collegiate powers, offers peculiar inducements to Southern parents and guardians. Its *location* is at one of the most beautiful points in Kentucky—*La Grange*, the County Seat of Oldham Co—25 miles from Louisville, 18 from Shelbyville, 30 from Frankfort, and 8 from Westport, on the Ohio river. The community in which the students mingle, is highly moral, intelligent, and refined; the town containing about 300 inhabitants, free from vicious associations, or contaminating influence. The *Course of Study* is full, embracing Mathematics, ancient and modern Languages, Natural and Moral Science. The *Faculty* consists of the President, who is also Professor of Mental and Moral science, a Professor of mathematics, one of Languages, and a Teacher of the Preparatory Department. The high reputation so deservedly enjoyed by the President, and the zeal and ability heretofore exhibited by the other members of the Faculty, who are graduates of the best Colleges in the land, afford a sure guaranty of their future success.

The *terms of tuition* are extremely low, viz:
In the *Preparatory Department*, per year $12.
In the *College Proper* per year 20.
Boarding, washing, &c. per week, 1 50 to 1 75.

Scholarships may be had on the following terms—$50 for 5 years tuition—$100 for 10 years—$300 for a perpetual scholarship—in each case, the amount to be paid in advance. On this plan, the whole expense for tuition, boarding, lodgings, washing, fuel, and lights will not exceed $76, per pupil per scholastic year of ten months.

For further particulars address
Rev. J. H. FINLEY, A.M. President.

A. W. GAZLAY, Secretary, or *James G. Blair*, Agent for Louisiana, at Reyburn, Scott, & Co's counting room, No. 80 Camp st, N. O.

MANDEVILLE COLLEGE.

THE labors of the Directors of this Institution have been already rewarded by the confidence of the public. The number of students in its halls is more considerable than could have been anticipated for the short time it has been under the present direction. Its patrons rank among the most intelligent and influential citizens of Louisiana.

The success of the College may, in part, be attributed to its various local advantages. The buildings are of vast extent, and admirably adapted to the purpose for which they are used. A steamboat plies regularly between the College and the city of New Orleans, facilitating the communication between the students and their parents. The health and recreation of the students are promoted considerably by bathing in the Lake, at the proper season, and by walking under the shade of the surrounding forest.

But it is not to its favorable situation alone that the College is indebted for its success. The result of the late examination has shown that the Directors have been fortunate in their choice of Professors, and that the public confidence has been justly bestowed. In consequence of the increase in the number of students, the Directors have engaged the valuable services of Professor Roe, a gentleman favorably known to the public, still retaining all the Professors already attached to the College.

The care of the student's clothes will be confided to a competent person, under the superintendence of Mrs. McManus. The students, for the future, will receive, from Mrs. McManus, that maternal care so necessary, particularly for young children, when absent from their homes.

Galvanic Rings and Magnetic Fluid.

THIS remarkable discovery which has attracted so much ... in Europe and recently in the Northern ... is now ... for the first time to the citizens of New Orleans. It comprises an entirely safe and simple application of the Mysterious Power of Galvanism as a remedial agent. The GALVANIC RINGS in connection with the Magnetic Fluid have been used with the most perfect success in all cases of RHEUMATISM, acute or chronic, applying to the head, face or limbs; *Gout, Tic Doloureux, Toothache, Bronchitis, Vertigo, Nervous or Sick Headache, Indigestion, Paralysis, Palsy, Epilepsy, Fits, Cramp, Palpitation of the Heart, Apoplexy, Stiffness of Joints, Spinal Complaints, Lumbago, Neuralgia, Nervous Tremors, Dizziness of the Head, Pains in the Chests and Side, General Debility, Deficiency of Nervous and Physical Energy, and all Nervous Disorders.* In cases of *Dyspepsia* which is simply a nervous derangement of the digestive organs, they have been found equally successful. The Rings are of different prices, being made of all sizes, and of various ornamental patterns, and can be worn by the most delicate female without the slightest inconvenience.

The Galvanic Belts, Bands, Bracelets,

Are modifications of the invention, and are recommended in more chronic cases of disease, where the Rings do not possess sufficient intensity of power. They are adapted to the waist, arms, wrists, ancles, chest, or any part of the body with perfect ease. Any Galvanic power that is required by this be obtained, and no complaint which the mysterious agent of Galvanism can effect, will fail to be permanently relieved.

Christie's Magnetic Fluid.

Is used in connection with the Rings and their modifications. This composition has been pronounced by the French Chemists, to be one of the mosts valuable discoveries of modern science. It is believed to possess the remarkable power of *rendering the nerves sensitive to Galvanic action*, by this means causing a concentration of the influence at the seat of disease, and thus giving rapid and permanent relief.

Christie's Galvanic Strengthening Plaster.

These articles form an important addition to the Galvanic Rings, acting upon the same principle, but having the advantage of more local application. *As an effectual means for Strengthening the system when debilitated by disease or other causes; as a certain aid in constitutional weakness; as a preventive for colds, and in all affections of the chest generally, the* GALVANIC STRENGTHENING PLASTER will be found of great and permanent advantage.

☞ Numerous certificates and testimonials from many distinguished physicians and others of the North have been received by the Proprietor. These are all from persons of the highest respectability and may be seen on application to the Agent.

The public are respectfully warned against SPURIOUS IMITATIONS of these articles. Dr. CHRISTIE has but one authorized Agent in each city of the Union, GIDION & Co., corner of St. Charles and Canal streets, are the sole Agents for New Orleans, of whom alone the genuine articles can be obtained. j29—1m

TO SUGAR PLANTERS.

ECONOMY IN THE CONSUMPTION OF WOOD.

APOLINAIRE PERRAULT, has the honor to inform the SUGAR PLANTERS, that he is in possession of an INFALLIBLE PLAN for boiling Sugar, and for ECONOMY IN THE CONSUMPTION OF WOOD. He is so certain of success that he will undertake to state the quantity of wood, which his apparatus will consume in the space of 24 hours, ... one cord and three quarters for ... two thousand pounds of Sugar in 24 hours. He likewise guarantees that apparatuses made according to his plan, will enable the Planter to make three hundred kegs heads of Sugar, without its being necessary to wait for the ashes. Planters desirous of honoring him with their confidence, may trust the more implicitly to his declarations, as he will not require his compensation until the work is tested and accepted, agreeing also to repair it, if necessary, after the grinding.
