NEW YORK, Dec 8.

The Market—Wheat—Prices of Oil has advanced to 100 cents. Molasses quite dull. Naval Stores, nothing new. Pork and Beef are in good request. Sugar droops, Coffee is declining—not, both Northern and Southern has been sold at 90 cents for 55 lbs. Barley has been sold at 94 cents. Flour is dull without change in price. Cotton, very few sales.

Bills on Europe are plenty in the market and the prospect is that for the packet of the 9th, the rate on London will be 108 to 14 prem.

BALTIMORE, Dec 5.

Flour—We have to notice a decline in the price of Howard street flour since our weekly report. We find the wagon price uniform to day at $9, and sales from stores have been made at 9,25, although some dealers are unwilling to sell for less than $9,50 at which latter rate sales to small lots have been made.

Whiskey—is becoming scarce. Sales of hhds at 42 cents, and of bbls at 44 cents. The wagon price of bbls is 38 cents; exclusive of the duty.

PHILADELPHIA, Dec 7.

The message of the President did not appear to affect the Stock market in any way yesterday. The sales were light and generally at the prices of the previous day. 30 shares U States Bank sold at 123½.

Drafts on New Orleans are in demand at ½ per cent discount. Drafts on New York sold at 1½. We note 10 to 11. Treasury Notes 11 to 2 prem. American half dollar, 50.

LIVERPOOL, 27th Oct. 1837.

There has been a very fair demand for cotton throughout the week, almost entirely from the trade, and the market generally has been steady, although rather quiet in appearance, even when the sales reached more than a large amount.

American descriptions of the middle qualities have been most in request, and upon the whole may be considered rather dearer: the inferior and better kinds are without change in value, and only in limited request.

Pernams of the better qualities are firm and ready of sale; inferior kinds not much wanted; and Maranhams and Bahias although steady, are not much enquired for.

500 bags Americans are taken on speculation, and 250 American, 200 Surat for exportation.

The sales from the 21st to 27th, amount to 22,770 bales, viz.—280 on island, 134c a 24; 20 stained, 6d a 7½; 5000 Uplands 5d a 7½, 2240 Alabamas, Tennessee and Mobile, 5 a 7½; 3780 New Orleans, 5d a 8½; 1020 Penambuco 8d a 9½; 170 Bahia and Maceonito, 7½ a 8d; 640 Maranham 8d a 9, 200 Pernam, 8 a 9½; 900 Egyptian, 8½ a 12½; 60 Demerara and Berbice, 8d a 11; 90 common West India, 7 a 7½; 30 Laguera, 6d; 2430 Surat and Madras 3½ a 6½.

We quote Island, from 3½ a 5¾; stained, 5.11; Upland, 5½ a 8d; Alabama, Tennessee and Mobile, 5d a 8; New Orleans 5½ a 8. Imports from 21st to 27th inst. 3346 bales—stock 27th Oct. 326000 bales against 251250 bales same period last year.

The Sheffield has brought a large quantity of Georgia cotton being the first of the new crop, for John Edenston & Son, Warrington. The quality is very good.

LONDON, Oct. 23.—Tuesday Evening.—The premium on gold at Paris is 3 per mille, which is the English Mint price of 3l. 17s. 10½d. the ounce for standard gold, gives an exchange of 25, 39, and the exchange on Paris on London at short being 25.35. If further that gold is 0,04 per cent. lower at Paris than in London.

The business transacted in Consols to-day has been of no importance. Money is still at 3 per cent. The stock sold at 87 7-8 to 7-8 for account. Exchequer bills have improved to being 51s to 53s, and India Bonds 2 to 2½ premium.

The merchant firm of Mackerhanks & Torrers, which stopped payment some months back, has sent a circular to all the creditors announcing their intention to pay 20s in the pound almost immediately. This is out of the business which did not recover from the blow from the Bank. They have done little if any business with the U. States, their chief connexion being with Hull and the E. India.
