GUILD'S PATENT (COMMONLY KNOWN CALLED "QUEEN OF THE WEST")

THE undersigned, agent for the sale of the above Lo... the first time introduced to the notice of the New Orleans public, begs leave respectfully to solicit public attention thereto.

He refers to the subjoined testimony, as to its economy, neatness and general utility.

We, the subscribers, having purchased some time since Patent Cooking Stove, called "Queen of the West," have no hesitation in giving our unqualified testimony in favor. For neatness, convenience, economy and general useful ness, we think it equal to any stove now in use. It is one great desideratum not heretofore attained—as oven, cooking, and at the same time heated and only and equally on every side—and the heat is so well distributed, it brings the heat immediately in contact with the boilers, so that it performs all the different offices of boiling, baking, broiling, and heating simultaneously, at the same time, and with the least possible quantity of fuel; and the different stove manufacturers have been capable of supplying the wants of all, from the smallest family to the largest hotels and steamboats.
