CHOLERA.
A SURE REMEDY! A PREVENTIVE!!
A CURE!!!

The following Letter is from Mr. WOODWARD, St. Louis to J. N. HARRIS, Esq., New London, Wholesale Agent for the PAIN KILLER.

Mr. Woodward is a resident of St. Louis, a gentleman of high respectability, and during the prevalence of the cholera in that city, has watched the effects of the application of our Pain Killer for the disease, and his testimony can be relied upon with the utmost confidence:

ST. LOUIS, May 31, 1849.

J. N. Harris, Esq.—Dear Sir: You will recollect when I saw you in New London, in January last, my expressing to you my most sanguine expectations that DAVIS' PAIN KILLER would have a tremendous sale in the West this season, and my anticipations have been more than realized, and the testimony of thousands who have used it has been that they would not be willing to go to bed at night without it in the house.

On the appearance of the cholera in this city, such was the confidence in the Pain Killer as a remedy, that many who purchased it remarked to me that they had no fears or dread of the cholera as long as they had the Pain Killer by them, and hundreds took it daily as a preventive, for no person can have a derangement of the bowels or diarrhea if they use this medicine daily. This was the security and confidence of hundreds acquainted with it, and when their friends were attacked with the cholera they would administer this remedy in large quantities internally, and also externally by bathing and rubbing them with it, and in every case where it has been taken in any of the first stages of this disease, it has proved successful. I consider it an infallible remedy. I have not heard of an individual in any family who used the Pain Killer when attacked but what speedily recovered.

Capt. Broadwell, of the steamer Atlantic, a New Orleans packet, informed me that on one of his trips up the river to this city, that there were upwards of seventy cases of cholera on board, and the Pain Killer was used with complete and triumphant success.

The clerk informed me that he administered it to persons when cold and in the cramps, and it gave immediate relief; but still it should be given quickly, for when the discharge of "rice water" has begun, the hope of life has fled. Should this disease make its appearance among you, as it in all probability it will, be not alarmed, you and all others there have the remedy, and I am confident if the Pain Killer is used not a death by cholera will occur in your city.

If the cholera comes among you, watch its progress, and the remedy used, and mark my words, the family who use the Pain Killer daily will have no diarrhoea, no disarrangement of the bowels, and consequently no cholera. If those who are attacked will use the Pain Killer early and thoroughly they will be saved. This has been the experience of hundreds in this city during the ravages of this dreadful disease.

I have not been able to supply one-fourth of the demand. I have received orders from persons begging me to send them some.

Now, for your own sake, for my sake, and for the sake of suffering thousands, make some arrangements that your agents can be supplied. Increase your manufacture, do something that a suffering world may be relieved from pain, for the time will come when not a family on this continent will be willing to do without it a single day.

Respectfully, yours,
A. T. WOODWARD.

Those using the Pain Killer should strictly observe the following directions:

At the commencement of the disease take a teaspoonful of Pain Killer in sugar and water, and then bathe freely across the stomach and bowels with the Pain Killer clear.

Should the diarrhoea or cramps continue, repeat the dose every fifteen minutes. In this way the dreadful scourge may be checked and the patient relieved in a few hours.

N. B.—Be sure and get the genuine article, as there is some spurious stuff about the country. For sale by the principal druggists in the United States.

1849. Great Northern Route. 1849.
BETWEEN THE EAST AND THE WEST, *Via*
THE MICHIGAN CENTRAL RAIL-ROAD!

WILL commence operation on the opening of navigation, by which passengers will be taken between

Chicago and Buffalo,
in from 30 to 45 hours, and to New York in from 36 to 70 hours, shortening the line between Chicago and Buffalo to less than one third that of any other route.

A steamboat will leave Milwaukie every morning and Chicago every morning and evening for New Buffalo, (the western terminus of the Rail Road,) which with the Cars to Detroit and Steamboats to Buffalo, will form

Two Daily Lines
from Chicago to Buffalo, connecting directly with the Cars from Buffalo to Albany, and Steamboats to New York or Cars to Boston.

Going West, a Steamboat will leave Buffalo
EVERY MORNING AND EVENING,
running from the Cars of the Albany and Buffalo Rail Road, for Detroit, thence by Rail Road to New Buffalo, and by Steamboat from the morning train at New Buffalo to Milwaukie and other ports, and from both trains to Chicago, connecting with the line of large Packets on the Illinois and Michigan Canal to Lasalle, thence by the Express Line of
FIRST CLASS RIVER STEAMBOATS
to St. Louis, and by the Lower River Steamers to towns on the Mississippi and New Orleans.

This Rail Road, with the Steamers in its connection from Chicago to Buffalo, for regularity, safety, speed, general equipment and accommodation, forms in every respect a

SUPERIOR FIRST CLASS ROUTE,
and altogether the cheapest from the Mississippi Valley and the towns on Lake Michigan to the east.

The following Steamboats will run in connection with the Michigan Central Rail Road:

Detroit, Pacific, and Sam. Ward,
the Pacific and Sam. Ward running to Milwaukie via Little Fort, Southport and Racine.

Between Detroit and Buffalo, DAILY, leaving both places in the morning—through without landing—Steamers

May Flower and Atlantic.
Between Detroit and Buffalo via Cleveland, DAILY, leaving both places in the evening—Steamers
Hendrick Hudson, Baltic, Empire, Oregon and Saratoga.

The Lake Steamers of the above line, for strength, speed, finish, and magnificent furniture, are believed to excel any like number of steamers that have ever been run in connection on fresh water, offering at reasonable rates accommodations not any where surpassed. Among them are many entirely new, and of the most expensive character.

Every effort will be made to render most desirable the superior accommodations of this route.

DALE'S CELEBRATED CAST STEEL PLATFORM AND COUNTER SCALES.
THE above superior Portable Scales, combining the advantages of Accuracy and Convenience, are considered, throughout the Eastern and Northern States, as the only Weighing Machine that will stand the test of hard usage. The Bearings, throughout, are made of the best English cast steel, and warranted.

By using the Double Beam, the heaviest drafts are weighed with the use of only two small brass weights, of one pound each, which are permanently attached to the beams; thus avoiding the necessity of having a mass of loose and cumbersome iron weights, as in using the common single beam scales.

These Scales have taken the first premium, for eight successive years, at the great Annual Fairs of the American Institute, New York; the New York State Fair; Franklin Institute, Philadelphia; Boston Fair, and the great National Fair, Washington city.

The manufacturers, determined to bring them into general use throughout the Southern States, have reduced the price to a level with the common single beam; thereby giving every one an opportunity of supplying themselves with a fine weighing machine, as low as they can purchase the common article as generally used in this section of the country.

No. 148 Conti street, between Dauphine and Burgundy.

MR. G. BOYER, founder of this establishment, the oldest in New Orleans, seizes this opportunity to make a new appeal to the confidence of parents.

The institution is conducted in a large mansion, occupying a fine central position, being well ventilated, and in other respects perfectly salubrious.

The range of studies which engage the attention of the pupils, extends over all the branches of learning, which are necessary to a useful, polite and finished education; from primary instruction, to the more abstruse subjects which are specially the province of a collegiate course.

The elementary studies are attended to with more than ordinary care, considering the decisive influence which they exercise over the other branches of instruction.

Discipline, which must not be separated from assiduous study, nor from a good education, is conducted with solicitude. It is calculated according to the age and character of the students, and intended to give them an accurate idea of duty and good behavior.

Day and Boarding School for Young Ladies.
Founded in 1832 by Madame Leiris, and conducted since 1840
BY MADAME DESRAYAUX.
Burgundy street, between Customhouse and Bienville streets, New Orleans.

MR. AND MRS. DESRAYAUX respectfully intimate to parents and guardians of youth that their establishment for Young Ladies is open the whole year, and that it offers superior advantages as regards health and comfort.

The house recently built, and which can accommodate sixty boarders, was erected for the express purpose of a Seminary for Ladies; and, besides being thoroughly ventilated, there is attached to it a spacious garden, well shaded with trees, to be used as pleasure ground for the recreation of the pupils.

Families are invited to visit the establishment, which is open for inspection on Sundays. Copies of the prospectus to be found at the principal bookstores. j17 1y

FOR FEMALES AND MALES.
"Be ye Fruitful and Multiply"
SOLD ONLY AT NO. 59 POYDRAS STREET.
Dr. Larzetti's Juno Cordial, or Procreative Elixir.

THIS is the only actual remedy ever discovered for impotency, genital debility, nocturnal emissions, and all diseases occasioned by certain secret habits, and many of the nostrums recently recommended for the same complaints are worthless imitations which its unrivalled excellence, fame and popularity have brought into the market. The medical faculty of Europe and the United States are unanimous in their recommendations of the Juno Cordial, and have not given their sanction, in a single instance that has been authenticated, to any compound for the same purpose. The nature of the maladies relieved by the Juno Cordial are generally such as to leave the publication of certificates of cures out of the question, or the proprietor could produce a host of the most conclusive testimony to show that the great reputation that it enjoys was not accidentally obtained, but is firmly based upon its positive, and apparently miraculous virtues. In all directions are to be found the happy parents of healthy offspring, who would not have been so but for this extraordinary preparation. And it is equally potent for the many diseases for which it is recommended. Object on has been naturally made to the price of the Juno Cordial, because the trash that has been thrown into the market in opposition to it is sold cheaper; but the fact is, the Cordial cannot be afforded for less, and ought to be much dearer, as many of the ingredients which compose it are costly and are made up of cheap drugs, worth but little in money, and less in merit. We assure the reader that the utmost reliance may be placed on the Juno Cordial in the cure of the disorders mentioned above, and also of those which follow, viz: loss of muscular energy, physical lassitude and general prostration, irritability, and all nervous affections, indigestion, sluggishness of the liver, gleet, or fluor albus, or whites and fluor albus, and every disease in any way connected with the disorder of the procreative functions—in all of which it will afford almost immediate relief, and, if used as directed, a permanent cure. Persons about to marry, conscious of any weakness or debility of a certain nature, should take this Cordial, as it will infallibly restore health and vigor in a brief period, and where want of offspring is a cause of regret, if recourse be had to it, the most beneficial results may be anticipated with confidence. It is of priceless value to those without offspring. It has taken the precedence in Italy, and will in all other countries where it may become known.

It also possesses the unrivalled qualities of curing incipient consumption, and I have administered it with great success to patients who have sought our delightful climate for the restoration of their health, and the result is that a medicine has been added to the catalogue for the cure of incipient consumption.

To spread wide the blessings of this medicine, I have appointed Messrs. Judson & Co., of the city of New York, in the United States of America, my sole agents for its sale; and none can be genuine unless it comes through them, and has their signature on the wrapper. ANTONIO LARZETTI.
Naples, July 16, 1848.

Dalley's and Connell's Magical Pain Extractor, for burns, scalds, erysipelas, rheumatism, sprains, tic doloreux, bruises, sore eyes and nipples, sores, &c. &c.

Sulphur and Vapor Baths.
THE undersigned respectfully informs the public that he continues to prepare and administer these Baths at his Perfumery Establishment, No. 287, St. Louis street, between Villere and Robertson.

The excellence of these Baths is universally known in a great number of chronic diseases of the skin, such as itch, prurigo, tetters, scalled head &c. They have been employed with remarkable success in other maladies, which frequently resist the resources of the medical art, such as chronic rheumatism, atonic gout, palsy, scrofula engorgements of the glands, of the breasts, the lymphatic ganglions and joints. Eminent practitioners have bestowed the highest praises on the remedy, and are in the habit of prescribing it for inveterate diseases that require powerful sudorific agents. The success obtained by this mode of treatment is confirmed to the time that has elapsed since the cures were effected.

The undersigned hopes that his efforts to give satisfaction to those who have honored his establishment with their patronage, will ensure the confidence of patients whose cases require the employment of medicated sulphur or Vapor Baths.
