MEDICAL.

SANDS' SARSAPARILLA

IN QUART BOTTLES.

For Purifying the Blood, and for the Cure of *Scrofula, Rheumatism, Stubborn Ulcers, Dyspepsia, Salt-Rheum, Fever Sores, Erysipelas, Pimples, Boils, Mercurial Diseases, Cutaneous Eruptions, Liver Complaint, Bronchitis, Consumption, Female Complaints, Loss of Appetite, Gen. Debility, &c.*

The value of this Medicine is now widely known and every day the field of its usefulness is extended it is approved, and highly recommended by Physicians, and admitted to be the most powerful and searching preparation from the root, that has ever been employed in medical practice. Its operation extends to the most distant parts of the system, and contents in removing diseased action in the circulating and secreting organs. In man, Nature admits effects, unassisted, the cure of any virulent disease, but requires the aid of a stimulant, alterative, or antiseptic medicine. In diseases of the skin and flesh, a combination of these three classes of medicinal agents is highly desirable. All these properties are combined in this preparation; and instead of operating successively upon the system, as they must necessarily do when taken separately, they operate simultaneously, and in perfect harmony when administered in this form. Its tonic property strengthens the digestion, and improves the appetite. Its alterative tendency carries off the accumulations of morbid matter—and its antiseptic influence neutralizes the virus, by which the disease is fostered its uniform success in curing and relieving the various diseases for which it is recommended, is established by a multitude of attested facts.

From a Physician in Maryland.

CAMBRIDGE, Md., Oct. 5th, 1850.

Messrs. Sands: Gentlemen—My little daughter was afflicted for a long time with sore head and eyes, and by using your Sarsaparilla was perfectly cured. Other medicines and sarsaparillas having failed to relieve her. Having used it and tested its efficacy, I confidently recommend it in preference to any other, as it seems to possess properties not contained in any other preparation; and I find that purchasers, after they have used it, invariably want the same article again, whenever they require a medicine for which this is recommended.

Respectfully yours,

Prepared and sold, wholesale and retail, by A. S. & D. SANDS, Druggists and Chemists, 100 Fulton st, corner of William, New York. Sold also by Druggists generally throughout the United States and Canadas. Price 75 a bottle; six bottles for $5. For sale by Sickles & Co.; Wright & Co; H. Kennedy, and F. P. B. ANTOGNINI,

Manufacturer of Billiard Tables, &c.,

No. 12 and 14 *Conti Street, Between Chartres and Levee Streets,*

BEGS leave to inform the friends and proprietors of Billiards that he is now ready to furnish them with the best, most durable and superior billiard tables, of any size, which have been for some time manufactured in France or the North or West of the United States.

The reports which he is every day called upon to make to Billiard Tables coming from those countries have created him to concentrate the kind of construction which is best suited to resist the temperature of damp climates.

The table and bands of a Billiard being generally the parts which are most liable to deterioration, particular attention has been given to the construction of these parts.

Every Billiard built by him has a Mahogany table, composed with Oak, Cherry and Hickory, thus avoiding them from warping in any direction.

The bands are manufactured from India rubber, invariably lively, and far superior to the French caoutchouc, used in Offenbach, and to the American. The India Rubber sides have been adopted by him since 1839, and have always given great satisfaction.

Gentlemen may depend on a manufacturer of the above by visiting his establishment, where they will always find a mounted Billiard Table, ready for playing, and they will be convinced that the above do not impose.

EVERY BILLIARD TABLE BOUGHT FROM HIM IS WARRANTED FOR FOR THE TERM OF YEARS LIMITED BY THE PURCHASER.

He has constantly on hand a great variety of

New and Second-Hand Billiard Tables,

Also—MALES and PINS, for Ten pin Alleys, complete Lotto Sets, &c. &c.

EIGHT LEG BILLIARDS

Persons unable to come to New Orleans and who may desire to procure one of the above named articles, have only to communicate their orders to B. ANTOGNINI, who will execute them satisfactorily.

B. Antognini has also the honor to inform his friends and the public in general, that in consequence of an arrangement with one of thy largest manufactories of Billiard Cloth, he has on hand a large quantity of that cloth for Billiard Tables, which he is prepared to sell at an exceedingly low price.

The extension of his house, and the relations which he has established, and continues to establish, with the best manufactories of France and the U. States, enable him to sell all articles in his line at prices below the current rates [illegible]
