GARREAU'S INSTITUTION—Hitherto a certain class of society have had reason to complain of the difficulty, we might say, impossibility, of procuring for their children, as complete an education as is desirable. Parents ought therefore, to view with pleasure an establishment where their children may obtain a course of instruction equally solid and various.

Mr. and Madame Garreau have recently established a seminary for both sexes in Rampart street, between St. Anne and Maine streets. A long experience in the art of instruction enables them to satisfy every desire on the part of parents.

French, English, History, Geography, Mathematics, Mythology, Drawing, Book-Keeping, and in short every department of a complete education are taught with care, zeal and assiduity. Professors of well ascertained merit are attached to the establishment.

Music, Dancing and the use of the Sword will be imparted to those desirous of acquiring a knowledge of these arts. All the various manual arts which constitute so essential a portion of a Young Lady's education will be taught by Madame Garreau herself.

Boarders and half boarders will be received in the establishment.

For terms and references, see Prospectus at Mr. Lacroix's, book store. jy21 1m

DYEING AND SCOURING IN GENERAL.

NOTICE—Messrs MONDELET & Co., have the honor to inform the public, that on the 1st June next, they will open at No 160 Chartres street, opposite the Orleans Hotel, A DYEING AND SCOURING Establishment.

The knowledge they have acquired of this art, by many years labor in the first houses in Paris, and by a deligent study of chemistry applied to dying, induce them to hope that no hesitation will be felt in entrusting to them the most valuable articles either for dying or scouring, convinced as they are that such articles will be so carefully and properly attended to as at Paris. Those who may honor them with their confidence will be convinced of their skill, by the care and elegance of their work, and by the finish imparted to it.

They dye and scour all kinds of articles, such as silk, merinos, mousseline laines, cashmeres, crapes, tul es vel vet plain or figured, straw hats, furniture covers, carpets, church ornaments, ball and theatrical costumes silk and thread gloves, silk stockings; they clean silk dresses without changing the colors. By new chemical processes they bleach muslins, jaconets and print dresses, giving them the appearance of new materials. They clean and dye kid gloves, all kinds of leathers, gentlemen's clothing without injuring them, and giving them all the neatness of new articles. They dye clothing black for mourning in twenty-four hours, and warrant the durability of the colors.—They likewise re-dye black stuffs, giving them various colors.

THE public is informed that this establishment will be opened for the season on Sunday, May 19th 1844, on the other side of the river, within a few yards of the landing of the Ferry of the First Municipality. The accommodations offered to the bathing community are such as have never been equalled by any similar establishment in this city.

The dimensions of the bathing room, or basin, are: 100 feet in length by 40 feet in breadth with a depth of water of from 4 to 8 feet. The bottom of the basin is of a sufficient depth for a most any number of swimmers—each bather will be furnished with a separate dressing room, &c &c.

There are two spacious promenade decks extending over the whole bath, covered with awning, which will afford an agreeable resort to the bathers and public at large, they being supplied with a Bar and all kinds of refreshments.
