WILLIAM W. THOMPSON'S PATENT IMPROVED LEAN PIPES.

THE manufacturer, residing in St. Louis, Missouri, invites the attention to the excellence of his lesden pipe made by a novel and patent process, for which he has the manufacturer right to the entire district of country west and south-west of the Allegheny Mountains; of a better quality than can be produced by any other known method.

The patent pipes is remarkable for its uniformity of thickness, the accuracy of the bore, the perfect polish of the interior surface, the absence of scales and flaws, the very long length without joint, for its unusual strength.—These advantages will be evident to any body upon examination.

Besides his usual sizes from one-eighth to five inch in bore, he manufactures also, for the use of farmers and stock raisers, light leaden pipes for conducting water from spring at long distances under slight pressure or head of water, and for other purposes
