GUILD'S PATENT COOKING STOVES, CALLED "QUEEN OF THE WEST"

THE undersigned, agent for the sale of the article, for the first time introduced to the notice of the New Orleans public, begs leave respectfully to solicit public attention thereto

He refers to the subjoined flattering testimony as to its economy, neatness and general utility.

We, the subscribers, having used for some time Guild's Patent Cooking Stove, called the Queen of the West, do no hesitating in giving our unqualified testimony in its favor. For neatness, convenience, economy and general usefulness, we think it surpasses any other cooking apparatus that we have seen in use. It seems to be adapted to one great desideratum not heretofore attained—saving capacious, and at the same time heat limited only and equally on every side—and the broiling place for the oven being on the heat immediately in contact with the boilers, so that it performs all the different offices of boiling, baking, broiling, and heating smoothing irons at the same time, and with the least possible quantity of fuel—and the different stove furniture are capable of supplying the wants of all, from the smallest family to the largest hotel and steamboats

LIFE INSURANCE.

OCEAN INSURANCE COMPANY—The absence of any of institution in this city for insuring live, and the extravagant rates of premiums demanded by the northern and Eastern companies for granting life policies to persons residing in Louisiana, have determined the Board of directors of this Company to put into operation that clause in their charter which authorizes insurance upon lives, on a scale of premiums which will enable every one who is in receipt of a moderate annual income to secure for those who are dependent on them a comfortable provision in case of their death.

The scale determined on is, as nearly as possible, the average of those adopted by the London offices for insuring lives in England, in addition thereto being made for difference of climate, and by this scale an annual premium of twenty dollars paid by a person 28 years old will secure the payment of one thousand dollars to his assigns should he die within the year—an annual premium of one hundred dollars will secure five thousand dollars—and so on in proportion for any larger amount.

The Company will issue policies for any term from one to seven years and the premium can be paid quarterly, half yearly or yearly.

Any further information that may be required will be furnished on application to the office No. 15 Camp street, corner of Gravier street.

By order of the Board.
CHS BRIGGS Secretary.
