DR. EDWARD MARTIN'S
HYGIENIC ELIXIR,
AGAINST SEA-SICKNESS.

FOR a long time past scientific world, medical men especially, appear to have been struck with the remarkable fact, that among the innumerable collection of curative agents discovered, not one had been found to counteract or even mitigate the dreadful effects of sea sickness. Several means have been tried to attain this end. These remedies, whether simple or compound, after many trials, have hitherto proved signal failures. An idea, may be formed thereof by the opinions of the members of Pharmacy, Chemistry and Medicine of all countries, published within the last ten years.

The inventor of the "Hygienic Elixir," has at length made this invaluable discovery. After numerous trials, changes and alterations in the proportions of the substances composing this Elixir, he is enabled to offer it to travelers in the shape of a palatable draught, not decomposed or altered either by climate or age.

The Elixir checks sea sickness immediately, and rendering the stomach to bells healthy state. It is so delicate be the constitution of the person using it, it is equally infallible, and produces a genial feeling of comfort, and sleep are restored, the appetite awakened, and digestion effected promptly, under the influence of this tonic.

The inventor having had an opportunity during a recent sea voyage to make personally a final trial of his Elixir, has made up his mind to offer it to the public. He confidently hopes the above statements by testimonials from several sea captains, but will appeal only to the opinion of the public, the intelligent and distinguished commanders of the French Commercial Navy. Capt. Labory, having had opportunity and testing, under his own immediate supervision, the efficacy of the remedy, (given in the shape of pills) during several voyages, gives thus the result.

Dear Doctor—During my last voyage to France, I have had opportunities of testing on divers persons your remedy against sea-sickness. I am happy to be enabled to report to you that I have obtained the best results, and I shall not hesitate to alter this remedy into a palatable draught, such as a sentence of some kind, (which could be more easily taken than in its present shape) especially when the sickness has already commenced; nothing more would be required and you would be entitled to the gratitude of all those who are obliged to travel by sea, without being accustomed thereto.

I am yours, truly

Signed, A. LABORY, Comr Ship Orcan.

The improvement suggested by Capt. Labory has been effected. The Tonic and Hygienic Elixir anti-sea-sickness, is sold in four ounce bottles, with glass stoppers. Care must be taken to keep the bottles corked to prevent evaporation.
