On the 13th inst, saw a bark run on the Gingerbread Ground, but got off again and stood down toward the Texas.

Capt Thomas of the ship Unicorn from Rotterdam reports that on the 11th inst, in lat 28 21 long 73 10 at 11 o'clock, passed a vessel, bottom up, supposed to be about 150 or 200 tons burthen, bottom sheathed and painted green, eastern built, hull painted black with white streaks, appeared to have been but a short time in that situation, could not see her name. The steamer Illinois No 2 left St Louis 15th inst, in port loading for New Orleans, Kennecs Grand Tower, Alton, Bennewick and Algonia. Reports the upper Mississippi falling.

Persons wishing artificial Teeth inserted, can have it done at my establishment with less time and upon more reasonable terms than any other dentist.

If it never been my object to place it in the power of the poor as well as the rich to obtain relief and receive the benefit of the improvements. The great increase of my practice for the last year has done nothing but to employ myself and operators, allowing what is an experienced French Dentist, without service, to be procured for a term of years at considerable expense. The Dentist may rely upon finding his patients ready to wait upon them—his operations will always be submitted to my examination and approved.
