**Great Improvement in Spectacle Glasses!**

C. DUHAMEL, No. 50 Chartres st., (and who, till the 1st of December next, will be found at No. 36 Chartres street,) has lately received from Paris, a superior article of Periscopic Glasses, with double focus, by which he is to be sole agent in America for the sale of these Glasses.

These Glasses, which will attain great celebrity, possess the immense advantage of uniting two distinct focuses in the same glass, so that one pair of Spectacles can be used to see at a distance, and for all the purposes of reading.

They soften the light, and thus prevent the many disorders to which the organs of sight are subject to, from the use of badly chosen spectacles, as the two focuses of the Periscopic double-focus glasses are especially graduated for each other.

All persons who have used these glasses up to the present time, will readily attest as to the immense advantages they possess over all others. nov7

**SANDS' SARSAPARILLA,**
**IN QUART BOTTLES,**

**For Purifying the Blood, and for the Cure of** *Scrofula, Rheumatism, Stubborn Ulcers, Dyspepsia, Salt Rheum, Fever Sores, Erysipelas, Pimples, Biles, Mercurial Diseases, Cutaneous Eruptions, Liver Complaint, Bronchitis, Consumption, Female Complaints, Loss of Appetite, General Debility, &c.*

IN this preparation, all the alterative properties of the root are concentrated in their utmost strength and efficacy; but while Sarsaparilla Root forms an important part of its combination, it is, at the same time, compounded with other vegetable remedies of great power, and it is in the peculiar combination and scientific manner of its preparation, that its remarkable success in the cure of disease depends. It acts simultaneously upon the stomach, the circulation and the bowels; and thus three processes, which are ordinarily the result of three different kinds of medicine, are carried on at the same time, through the instrumentality of this one remedial agent which gently stimulates while it disinfects and expels from the stomach and bowels all that is irritating, and at the same time restores their vigor and tone. Many other preparations imitate it in bearing the name of Sarsaparilla, and in that their resemblance ends, being often prepared from worthless and inert roots, and of course possess no healing or curative properties, and patients in making choice of which they will use should take no other, but that most entitled to their confidence, from the long list of cures it has effected on living witnesses, whose testimonials and residence have been published, and who are still bearing daily testimony to its worth.

**Astonishing Cure.**

*Patterson, New York, 20th, 1851.*

Messrs. A. B. & D. SANDS: Gentlemen,—Having witnessed the most beneficial effects from the use of your Sarsaparilla, it gives me pleasure to send you the following statement in regard to my son. In the spring of 1848, he took a severe cold, and after eight weeks of severe suffering the disease settled in his left leg and foot, which soon swelled to the utmost. The swelling was lanced by his physician, and discharged most profusely; after that no less than eleven ulcers formed on the leg and foot at one time. We had five different physicians, but none relieved him much; and the last winter found him so emaciated and low that he was unable to leave his bed, suffering the most excruciating pain. During this time the bone had become so much affected that piece after piece came out, of which he has now more than twenty-five preserved in a bottle, varying from one half to one and a half inches in length.—We had given up all hopes of his recovery; but at this time we were induced to try your Sarsaparilla, and with its use his health and appetite began immediately to improve, and so rapid was the change that less than a dozen bottles effected a perfect cure.

With gratitude, I remain truly yours,
DARIUS BALLARD.

We the undersigned, neighbors of Mr. Ballard, cheerfully subscribe to the facts of the above statement

**Liver Complaint, Billious Disorder, Chills and Fever, Costiveness, Indigestion, Dyspepsia,**
AND ALL DISEASES OF THE
**STOMACH, LIVER AND BOWELS.**
**Also, Scrofula and all Impurities of the Blood.**

THIS is a grand assistant of Digestion, and a perfect substitute for Mercury in Liver Complaint, and for Purgative Pills in Costiveness. It also cures Chills and Fever, especially where Quinine has been used and failed.

It is a fine Stimulant and Tonic for torpid and debilitated constitutions.

Though pleasant to the taste, mild and harmless in its action, its power is equal to the most potent drug.

**Have you Scrofula?**

Then read the annexed postscript of a letter from a highly respectable lawyer of New Madrid, Mo.:

"P. S. You wish to know the ex case of your Hydropiper. Mr. Presly Phillips informs me that he had a negro who was literally covered with sores, and that he gave ... Geoghegan's Hydropiper and placed the negro on light diet, and in six weeks he was sound and well. Yours respectfully,
F W. ARMSTRONG."

**Further Testimony of the Beneficial Effects of Dr. Geoghegan's Hydropiper.**

DR. A. E. GEOGHEGAN—My wife was afflicted with Scrofula for a long time, and had been attended by all the best physicians in the country; but without any good effect. She had been unable to walk for more than a year, and part of the time was totally helpless, when I procured some of your Hydropiper. She is now entirely restored to health and can walk about as well as ever.

I have been induced to communicate the above facts purely out of a desire that others might know of its excellent qualities and profit thereby.
With respect, I am yours, truly,

**Extensive Assortment of French, German, &c. Looking Glasses.**

Ornamented Frames, Paper Hanging, Bed Tops, Chimney Fronts, &c., sold at the store of the undersigned, Royal street, No. 105, between Conti and St. Louis.

MANUFACTURE of improved gilt Frames, capable of resisting the dampness and climate of this country, all styles, square, oval, Pompadour, Louis XV, Renaissance, &c., manufactured under his immediate supervision in his own establishment, by the most competent artists.

Every article from his store will be guaranteed, and also the Ornaments by his process which he particularly recommends to the public. A few explanations will suffice to do away with certain rumors to the effect that wood is better adapted to ornaments than his composition.

French ornaments for looking glasses are defective in this respect, that the threads of the wood, in detached portions, cannot resist the slightest shock. This is incontrovertible.

The ornaments, according to my process, are supported by iron threads and can bear not only dampness, but whatever shock and never yield.

Besides the finest assortment of French Looking Glasses in store, the undersigned has just unpacked the freshest and choicest assortment of Paper Hanging, received from Havre, comprising bed tops, chimney fronts, &c. offered at the lowest market prices, and selected by a competent artist, whose services have been secured.

The patronage of upholsterers and furniture dealers is respectfully solicited. They will constantly find in this establishment toilet Looking Glasses, Armoire, Washstands, &c., which will be disposed of cheaper than in any other store.

New and ornamented Looking Glasses bargained for old ones, provided they are French Glasses.

Expected by the next arrivals from Havre—an immense assortment of board, hand, traveling and psyche Mirrors, toilet Looking Glasses, &c., for sale below market prices.
