SANDS' SARSAPARILLA

FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD, OR HABIT OF THE SYSTEM, VIZ:

Scrofula, or King's Evil, Rheumatism, Obstinate Cutaneous Eruptions, Pimples, or Pustules on the Face, Blotches, Biles, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stubborn Ulcers, Syphilitic Symptoms, Sciatica or Lumbago, and Diseases arising from an injudicious use of Mercury, Ascites, or Dropsy, Exposure or Imprudence in Life. Also, Chronic Constitutional Disorders will be removed by this Preparation.

DISEASES having their origin in an impure state of the blood and fluids generally will be speedily and effectually removed by this invaluable medicine as its operation is peculiar, and consists in removing the cause to disease by entering into the circulation and passing through the general system. When obstructions to its favorable operation exist, they are removed and it passes along the alimentary canal, having the power of withdrawing and know the sensible operation of the Sarsaparilla from its curative powers.

The following letter recently received by the proprietors of this invaluable medicine, will be read with interest by all similarly afflicted.

BALTIMORE, June 10, 1844.

Messrs. SANDS:

I was attacked in the year 1839 with a scrofulous affection on my upper lip, and continuing upward taking hold of my nose and surrounding parts, until the passages for conveying tears from the eyes to the nose were destroyed, which caused an unceasing flow of tears. It also affected my gums, causing a discharge very unpleasant, and my teeth became so loose that it would not have been a hard task to pull them out with a slight jerk. I consulted the first physicians in this city, but with no benefit, the disease continued gradually to increase until my whole body was affected—but thanks to humanity, my physician recommended your preparation of Sarsaparilla, which I procured from your agent in this city, Dr James [illegible] Reed, six bottles, and in less time than three months was restored to health and happiness—Your Sarsaparilla alone effected the cure.
DANIEL McCONNIKAN.

Any one desirous to know further particulars will find me at my residence [illegible], where it will afford me pleasure to communicate anything in relation to this cure.
DANIEL McCONNIKAN.

Personally appeared before me the above named Daniel McConnikan, and made oath of the facts contained in the foregoing statement.
JOHN CLOUD.
Justice of the Peace of the City of Baltimore.

NEW BRUNSWICK, N. J., Sept. 25, 1843.

Messrs Sands:

Gentlemen—I can speak from a very gratifying personal experience of the great value of your preparation of Sarsaparilla. For about six months I suffered beyond expression from an attack of that Protean and distressing disease, Neuralgia, by which I was rendered incapable of attending my ordinary employment. For months I was unable to write a line, hold a pen, or convey food to my mouth; and such was my bodily distress, that to sleep, except in brief catches, was almost impossible. The medical treatment usual in this disease availed me nothing, and I was last persuaded to try your Sarsaparilla. Before the second bottle was quite used, the disease abated. I continued to take it to the amount of six bottles, and was perfectly relieved, and I hope permanently—no indication of a relapse having appeared yet.

Several metallic preparations, such as nitrate of silver and arsenic, have been much relied on in late years, but they failed in my case.
C. HOOVER.

G. BOYER'S
CLASSICAL AND COMMERCIAL INSTITUTION,
No. 148 CONTI STREET,
(between Dauphine and Burgundy streets.)

THIS Institution, the oldest scholastic establishment in New Orleans, is well known and highly distinguished for the success which has accompanied it ever since its foundation, a considerable number of pupils who have quitted it to enter on the great scene of life, having already acquired some distinction in the various avocations to which they have devoted themselves.

Boyer's Institution is conducted in one of the largest Mansions in the city, occupying a fine central position, being well ventilated and in other respects perfectly salubrious.

The range of studies which engage the attention of the pupils extends over all the branches of Learning which are necessary to a useful, polite and finished education; from primary instruction to the more abstruse subjects which are especially the province of a collegiate course—Discipline so necessary to quicken in the youthful mind a due perception of the duties incumbent on it in its future relation with society, is a predominant consideration, maintained, being at the same time severe and considerate, whilst the solicitude of the Principal regarding the moral training of the youths committed to his charge, is, though strict, yet paternal.

The English language, daily becoming more and more evident, as of the greatest possible importance to all living in this community, in Boyer's Institution, attended to with more than ordinary care, the Professor engaged in this branch being gentlemen of undoubted attainments and young accustomed to Tuition.

BRANCHES OF TUITION:
The English, French, Spanish and Latin Languages, History, Geography, Mathematics, Elements of Natural Philosophy, Astronomy, &c. &c.

TERMS:
Boarders..............$30 per month.
Half Boarders..............16 "
Day Scholars..............8 and 10 per month.

No deduction is made for absence. A month once commenced must be paid in full. Books, paper, &c. form separate charges. d10

Modern Academy,

CONDUCTED BY J. S. DE PALOS.
Professor of Modern Languages, and Author of the Natural Method of Teaching Living Languages,
191 CUSTOMHOUSE STREET, NEW ORLEANS.

THIS INSTITUTION (now permanently established,) is exclusively devoted to the instruction of young gentlemen who intend to follow commercial business. Its most prominent feature or design, is to abbreviate the tedious routine of collegiate discipline, by following cardinal rules based on the laws of nature.

The universal success which has attended Mr Palos in the pursuit of his profession of teaching living languages, warrants him in promising the happiest results to all his patrons. University regulations (for the most part merely the unimproved "notions" of by-gone ages) are discarded in the MODERN ACADEMY, and superseded by a new method, concise and easy, and which will insure against the necessity of learning a language anew after having entered into business.

Every branch of study commenced will be thoroughly finished, and a perfect knowledge of THREE LIVING LANGUAGES guaranteed, not merely the reading and translating from the pages of a book, &c. but a perfect knowledge of the spoken languages and literature, besides all the requisite knowledge for the duties of the counting room.

The Department of Languages, &c. is conducted by J. S. DE PALOS. The other branches of instruction by Professors W. BARRY and L. I. THELIARD.

As pupils are admitted by the quarter, the first commencing on the first of February next, parents and guardians of youth who desire to have them educated in this Academy, are respectfully requested to make application before that date, in order that the harmony of the classes may not be disturbed.

At present, day scholars only can be admitted.

A Prospectus containing the branches of Instructions, Terms, References, &c., can be obtained at the MODERN ACADEMY, and also at the principal book stores in the city.

Classes for the instruction of the French and Spanish language for Adults are continued by Mr. Palos. d27

WASHINGTON COLLEGE.
One mile below the Ursuline Convent.
CONDUCTED BY
J. CHANUT, A. M.,

FORMERLY Professor of History in the Royal College of Henry IV at Paris, Ex Vice-President and Professor of Jefferson College, (Louisiana.) At this Institution which has been in existence some months, all the branches of education are taught, embracing either a COURSE OF CLASSICAL STUDIES, or the acquisition of knowledge DESTINED SPECIALLY FOR COMMERCIAL PURSUITS. The lessons are personally superintended either by Mr. Chanut, his associate well known as a professor in this State, and a SPECIAL PROFESSOR of the English language from the North, who is permanently attached to the establishment.

The various branches of instruction announced in the Prospectus which may be found at any of the Book-sellers, will be taught with equal assiduity, but English appears to the Principal of such importance in this country, that he will be particularly careful to give it proper preponderance in the system of instruction, and to render every pupil capable of writing and speaking it with facility, purity and elegance.

TERMS:
Boarders $25 washing included; $22 without washing.
Half Boarders $15—Day Scholars $5 and $10 according to their age and the instruction required.

ECONOMY IS THE ROAD TO WEALTH.

OLD CLOTHES MADE NEW.
LONDON DYEING & SCOURING ESTABLISHMENT.

JOHN J. JACKSON, lately from London, respectfully announces to the citizens of New Orleans and vicinity, that he has taken the store No. 26 Camp street, next to Sweeney's Bakery, and commenced the business of Dyeing and Scouring.

GENTLEMEN'S WEARING APPAREL.

Upon an entirely new principle. All colors made to appear as when new, without any injury to the cloth, and as is done to satisfaction, no charge will be made.

From the long and practical experience which I have had during my apprenticeship in London, and in working in the different cities of the Horse Guards, and officers of the army regiments, I am enabled to dye scarlet, or any other colour to a superior manner; also to extract grease spots and stains of any description from military and other garments.

Gentlemen composing volunteer companies in this city, having military clothes out of order, in consequence of grease spots, stains, &c. are respectfully invited to call and give him a trial.

Gold, silver and silk lace, epaulettes, &c. taken out from the cloth, and restored to their original brightness.

LADIES' WEARING APPAREL, (such as silk, satin and velvet dresses) dyed in the newest approved fashion and of the latest style and finish.

Carriage cushions, bed rugs, pulpit covers, sofa and chair covers, window hangings, carpet and earth rugs, neatly cleaned, &c. and made to appear as when new.

Many gentlemen and ladies hesitate to have their garments, carpets, &c. renovated or dyed, in consequence of the numerous impostors that do not understand their business. The subscriber requires but one trial to prove the character of his workmanship.

From a strict attention to business I hope to merit a share of public patronage.

All work entrusted to my care will be ready for delivery in forty eight hours after being left with the subscriber. JOHN J. JACKSON.
