DR. EDWARD WARTIN'S
HYGIENIC ELIXIR,
AGAINST SEA-SICKNESS.

FOR a long time past the scientific world, medical men especially, appear to have been struck with the remarkable fact, that among the immense list of medicines, which have been discovered, not one had been found to counteract or even mitigate the dreadful effects of sea sickness. Several attempts have been made to attain this end. These remedies, whether simple or compound, after many trials, have invariably proved a total failure. An idea may be formed thereof by the perusal of the annals of Pharmacy, Chemistry and Medicine of all countries, published within the last five years.
The inventor of the "Hygienic Elixir," has at length made this invaluable discovery. After numerous trials, changes and alterations in the proportions of the substances composing this Elixir, he is enabled to offer it to travelers in the shape of palatable draught, not decomposed or altered either by climate or age.
The Elixir checks sea sickness immediately, and one dose is enough to ensure its healthy state. However delicate be the constitution of the person using it, it is equally infallible, and procures a genial feeling of ease and comfort. The nausea ceases of by one glass, and the digestion effected promptly under the sole influence of this elixir.
The inventor having had an opportunity during a recent sea voyage, to make personally a final trial of his Elixir, has made up his mind to offer it to the public. He could corroborate the above statements by testimonials from several sea captains, but will appeal only to the opinion of one of the most intelligent and distinguished commanders of the French Commercial Navy. Capt. Laborg, having had opportunities of testing, under his own immediate supervision, the efficacy of this remedy, (then in the phase of pills) during several voyages, gives thus the result:
Dear Doctor—During my last voyage to France, I have had opportunities of testing on divers persons your remedy against sea-sickness; I am happy to be enabled to report to you that I have obtained the best results, and if it were possible to alter this remedy into a palatable draught, such as a lemonade of some kind, (which could be more easily taken than in its present shape, especially when the seasickness has already commenced,) nothing more would be required and you would be entitled to the everlasting gratitude of all those who are obliged to travel by sea, without being accustomed thereto.
I am yours, truly,
Signed, A. LABORY, Com'r Ship l'Oscar.
The improvement suggested by Capt. Laborg has been effected. The Tonic and Hygienic Elixir against sea-sickness, is sold in four ounce bottles, with glass stoppers. Care must be taken to keep the bottles corked to prevent evaporation.
