WASHINGTON HIGH SCHOOL for Young Ladies.
Under the direction of Mrs. de la Grecerie,
ESPLANADE ST., BET. RAMPART AND DAUPHINE STS.
THE method followed in the establishment figures neither the attentions nor the memory of the pupils. Books are not multiplied and learning is rendered easy and attractive by the efforts of the Professor and the experience of the Directress.
Two Professors of the English Language and Literature are attached to the Establishment, which, recommended by the name of the *Father of the Country*, the immortal Washington, will answer the views of the parents.
The course of the studies will comprise the French, English and Italian Language; Mathematics, History, Geography, Natural History and Rhetoric.
The younger children will be taught the rudiments of elementary education.
Mrs. de la Grecerie shall have the special charge of the higher classes, and will, moreover, attend to the second preparatory class.
Music having become a necessary part of the education of a young lady, Mr Curto, a Professor honorably placed in the esteem of the public, gives all enlightened care to the teaching of this art. Each scholar will practice, every day, under the direction of an under Professor.
In order that parents and the public may follow the progress of the pupils, two examinations a year will take place, one in February, one in July.
Mrs. de la Grecerie, wishing to give to the children a motherly care, all the affectionate care of a mother, will receive but a very limited number of boarders.
Religious instruction is the object of a peculiar solicitude. The Catholic pupils are prepared for their first communion.
The Washington High School is situated in the most healthy part of the city. The rooms devoted to the classes are large and well aired and ventilated. The Directress invites the parents to visit her Establishment.

Crockery Manufactory.
THE Crockery factory at Mandeville has just been completed, and is now prepared to execute and deliver at very moderate prices all commissions which the public may entrust to the proprietors.
In consequence of a clay of superior quality, a collection of the most skillful workmen in Louisiana, and the extreme care and attention bestowed upon all the details of the establishment, the products of the factory at Mandeville surpass in every respect those of other establishments—as well in the fineness of the grain, the solidity and strength of the paste, and the beauty of the varnish; they are particularly remarkable for the elegance and taste of the patterns—a merit hitherto too often overlooked in this department of industry.
The directors of the establishment are prepared to fill the most extensive and varied orders. To gardeners and horticulturists they offer every variety of flower pots, and some of a quality hitherto unknown, together with vases of antique form, italian do., and the most select and beautiful patterns. To families they offer every species of culinary and household utensil,—all resisting the action of fire. Finally, to architects they tender a large collection of articles necessary for building and ornament, such as slabs, enamelled squares, parisian lamps for drawing rooms, centre tables, &c. &c. &c.
Apply to Messrs. de la Bretonne & Co., at Mandeville, La., or the warehouse, in New Orleans, at the old Basin. oct9

SANDS' SARSAPARILLA.
FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD OR HABIT OF THE SYSTEM, VIZ:
Scrofula, or King's Evil, Rheumatism, Obstinate Cutaneous Eruptions, Pimples, or Pustules on the Face, Blotches, Biles, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stubborn Ulcers, Syphilitic Symptoms, Sciatica or Lumbago, and Diseases arising from an injudicious use of Mercury, Ascites or Dropsy, Exposure or Imprudence in Life. Also, Chronic Constitutional Disorders, &c.
THIS preparation is a combination hitherto unknown in the history of Medicine, differing entirely in its character and operations from the various preparations of Sarsaparilla which have been at different times offered to the public. It acts specifically upon the whole system, thereby bringing it under its direct and immediate influence. Although possessed of powerful healing effects, yet it is entirely harmless, so that it cannot injure the most delicate constitution. When in perfect health, no effect is produced by its use except an increase of appetite; but when disease is seated in the frame and carrying fast its victim along the path of life, then its mysterious influence is felt and seen; it enkindles new life and vigor, and brings health and strength to the suffering and diseased.
"TRUTH IS STRANGER THAN FICTION."—LET THE FACTS SPEAK FOR THEMSELVES.—The following certificate is only another link in the great chain of testimony to its merits. Let the afflicted read and be convinced. What it has done once it will do again.
New York, April 22, 1845.
Messrs. A. B. & D. SANDS—Gentlemen:—Feeling it a duty due to you and the community at large, I send you this certificate of the all healing virtues of your Sarsaparilla, that others who are now suffering may have their confidence established and use your medicine without delay.
I was troubled with a severe ulcer on my ankle, which extended half way up to the knee, discharging very offensive matter, itching, burning, and depriving me often of my rest at night, and very painful to bear.
I was recommended to use your Sarsaparilla by Mr. James McConnell, who had been cured by it, and after using five bottles, I was completely cured.
I have delayed sending you this certificate for one year since the cure was effected, in order to ascertain with certainty whether it was a permanent cure, and it now gives me the greatest pleasure to add that I have neither seen nor felt the slightest re-appearance of it, and that I am entirely well.
Yours very truly,
SARAH M'INTYRE, 240 Delancey st.
MADISONVILLE, Ky., Feb. 22, 1845.
Messrs. A. B. & D. SANDS:—Having used your Sarsaparilla in my family, and witnessed its beneficial effects on one of my children, I feel it to be a duty I owe the community to make the case public. About two years ago, my little son was attacked with Scrofula or King's Evil, which broke out in eight or nine places round the neck and jaw, which finally affected his eyes, rendering him entirely blind. During the first year from the time he was taken, he was attended by several physicians, but continued to get worse until I despaired of his ever getting well. Having seen your Sarsaparilla advertised with certificates of its cure, I concluded I would give it a trial, and accordingly sent to Cincinnati and procured a few bottles, and now, after having used nine bottles, I have the gratification of saying he is well. The sores are all entirely healed, and his sight nearly as good as it ever was; and I have no hesitation in saying that he was entirely cured by the use of your Sarsaparilla.
Yours truly, E. BASSETT.
