Holloway's Ointment and Pills, the best remedies in the Union for Diseases of the Skin.—The symptoms of Mr. Edward Wright, of Aberdeen, Mississippi, had 20A misfortune to be afflicted with a most malignant disease of the skin, which rendered the child a life one of misery and suffering. As the mother had tried every remedy likely to benefit him, without receiving the desired result, she became ultimately worn out with trouble and anxiety in the matter, and was haunting the same to a friend, who recommended Holloway's Ointment and Pills, which the mother commenced using, and by persevering with the same for six weeks, the child was completely cured.

Choctaw Co., Miss., July 24, 1855.

DR COHEN,

Dear Sir—I promised you when in New Orleans, that in case I should be able to give you some information about myself, and the result of your treatment of my paralysed side, you know that I was greatly improved when I left New Orleans, I have attended strictly to your instructions, I am now well, with the exception of a slight numbness in my arm and hip, which is daily growing well, when we consider the state I was in before you treated me; but I have no doubt that in the course of a few months this numbness will also leave me as it leaves a daily.

In the course of a few weeks, a Mrs. Ingraham, who has been afflicted for six years, will go to New Orleans to see you.

You can, if you wish, publish the following certificate from

Your friend,
GEORGE W. ADAMS.

CHOCTAW COUNTY, MISS.—This is to certify that I, the undersigned, was severely attacked in January of 1853, in Franklin County, Miss., with a paralytic stroke, which confined me to bed some three months, and from which time forward my arm, I had lost the use of my entire right side. In February last I met Dr. Cohen in Baton Rouge, who pronounced my case incurable. Near Christmas, to surprise my condition, if he did not cure me altogether, I did go to New Orleans, and Dr. Cohen applied his treatment, in three times a week, and after a few application a slight improvement, was apparent, and I continued gradually improving until such time as I was obliged to return home, the latter part of May. I took with me his remedies, and had them faithfully administered, and I am now nearly well, with the exception of a little numbness in the arm and leg. I have the complete use of my right hand, and have within these few days been enabled (as this will show,) to use a pen without trouble.

GEORGE W. ADAMS.

DOCTOR HOOFLAND'S
CELEBRATED
German Bitters,
PREPARED BY
DR. C. M. JACKSON, Philad'a., Pa.
WILL EFFECTUALLY CURE
LIVER COMPLAINT, DYSPEPSIA, JAUNDICE,
Chronic or Nervous Debility, Diseases of the Kidneys, and all diseases arising from a disordered Liver or Stomach.

Certificates, Inward Pilles, Pulmonic Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or weight in the Stomach, Sour Eructations, Sinking, or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a lying Posture, Dimness of Vision, Dots or Webs before the Sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c. Sudden Flushes of Heat, Burning in the Flesh, Constant Imagination of Evil, and great Depression of Spirits.

In attributing such values, Medical proprietors to this remedy, no rash or unwarranted assertion is made, but is simply stated a fact proven undeniably and confirmed by the testimonials, facts, and burdens derived from its use, under the direction of its illustrious originator, Dr. Hoofland, among all classes of European society and from the testimonials of testimony in almost all parts of the American continent, accumulated during the long period of the existence of the present proprietor. The prevalence of diseases to which the German Bitters are adapted, it is with sorrow we say it is almost universal among the American people, and throughout the whole extent of our country in which the malady is most common its numbers that preclude the idea of any remedy, except the Liver, or are emaciated and suffering Dyspeptic.

Hundreds have testified to its value in the cases of invalids, that a certain and reliable remedy, should be placed within their reach, one in which no harmful or intoxicating substance is contained, a remedy to which the patient can rely with the utmost confidence and confidence that it will do good, and not harm, a proofs, that the article is in fact, what it is represented, virtues attributed to it. Such a remedy, is "Hoofland's German Bitters," and the demand for them in this country or even village where the Medicine has been introduced, that testimony cannot be found—numbers, willing to testify to its virtues.

It is used constantly in the practice of a large number of the most eminent Physicians in the country, who have also added their written testimony, in evidence of the value they place on this medicine, the world respectfully set of all those afflictions of the Liver, the above disease to give the Bitters a trial, and test a remedy, which has received the sanction of testimonials above made, all are invited to read attentively the "Almanac," or "Practical Receipt Book," for Farmers and Families, containing a large number of useful receipts, in addition to the testimony, in favor of the Bitters, from the most prominent and well known individuals, in all parts of the Union. All Agents for the Bitters are authorized to distribute the "Receipt Book" gratuitously.

THIS SYRUP, which is the popular remedy of its author, and in the preparation whereof he devoted all his time, is an indigenous Balm.

Repeated experiments have fully demonstrated that its medicinal powers are inferior to none of the compounds of this kind heretofore known and recommended with marked success in diseases of the lungs. It eases cough, expel troublesome mucous, oppression arising from the strangulation of the bronchial tubes, and burnishes the chronic catarrhs. Colds, which have resisted the action of numberless remedies, have yielded on its application, and it is most tendrial in cases of Hooping Cough. It has the advantage of being pleasant to the taste and scent, and of thus uniting the useful to the agreeable.

The dose for grown persons must not exceed a large spoonfuls in 24 hours, and for children 3 to 4 teaspoonfuls a day at most. For children under 10 months, one half teaspoonful is sufficient, three or four times a day. It may be taken without nausea, or, in an infusion of pectoral flowers.
