Prospectus of the Republic.

THE undersigned will on the 15th day of June next, begin the publication in the City of Washington, of a daily Whig Administration paper, to be called *The Republic*, the editorial supervision and management of which will be committed to the exclusive charge of ALEXANDER C. BULLITT and JOHN O. SLAUGHTER.

The Republic will give to the principles upon which the administration of Gen. Taylor came into power a firm and zealous and constant support. It will be a faithful, and, we hope, a powerful advocate of public measures in an impartial and independent spirit; it will be a vehicle of the latest and most authentic intelligence; it will be in a word, a public newspaper, devoted to the inculcating and propagating of doctrines which prevailed in the late Presidential election, to the interests of labor, as developed in the wants of agriculture, commerce and manufactures, and to the cause of literature, science and general intelligence.

The Republic will acknowledge no allegiance except to the country. It will aim to merit the confidence and support of the American people. It will not be the organ of no person, or party, or fraction of a party, so that, consistency sense which would hinder it from speaking bold and candidly to the people whatever it concerns them to know.

The Republic will be printed upon a double royal sheet, in a new, large, clear, readable type.

Besides the daily paper, there will be published a Tri-weekly and Weekly Republic, made up of the most interesting matter of the Daily issue.

TERMS:

For the Daily Republic,	$10
For the Tri-weekly,	6
For the Weekly,	2

To Postmasters—Any Postmaster who will transmit us $10 shall have six copies of the *Weekly* Republic sent to such persons as he may direct; and $25 will entitle a Postmaster to THREE copies of the *Tri-weekly* paper.

No paper will be sent unless the order is accompanied by the money.

All communications upon business must be addressed to
