FOREIGN MARKETS.

LIVERPOOL, March 18th

We have closed the 9th duli week in our cotton trade, and with the exception of a day or two, prices have been declining. The holders of New Orleans have been the most determined sellers throughout; they have been the leaders of the market in its downward course. It is not easy to tell what our prices would have been if there had not been, we would say that good Orleans cotton, from the highest point to the last three months, has fallen 3 to 3 1-4d, and Mobile 2 3-4 to 3d per lb. Some lots of which prices may have been lost through the great pressure for money—the other half would in all probability have been conceded to the buyers (even had money not been in a pressing state) through the apprehension of an over supply; but from one cause and another the shippers of the article have been cruelly pinched, and whether we have yet reached the lowest point, cars to be quite as doubtful as ever.

LIVERPOOL, March 17.

The pressure upon the money market this week has greatly overcast our last report, and the prices continue exceedingly unsteady, forced sales being made in American descriptions, at rates which for some years have been unprecedented, and our quotations consequently must be considered only as nominal. Orleans have taken 6 bales of American, and speculators 300 bales. 3 bales of all kinds have been sold for export, and 340 good Surat are reported on the spot since our last. The import this week is 24,765 bags, the sales reached 15,740 bags, viz. 70 Sea Island, 1,331 do. 50 Stained do. at 4 1-2 to 6 1-2d, 1,970 New Orleans 5 1-6 a 9 1-2, 1920 Alabama 3 3-4 a 8 1-2, 1920 Pernambuco 5 3-4 a 10 1-4, 1,760 Maranham 5 1-2 a 9 1-2, 1,000 Bahia 5 1-2 a 10 3-4, 1,000 Egyptian 8 1-2 a 11 1-2, 670 Surat 3 1-2 a 6 3-4.

LIVERPOOL, March 18th.

The gloom and pressure in the money market continue unabated or rather have increased, and it is almost impossible to realize on any description of produce. Cotton has further declined 1-2 3-4 per lb and some old sales have been made at a great sacrifice; the prices are so irregular and unsteady that quotations cannot be given with accuracy. The range of prices for Mobile is about 2 3-4 a 3d. Orleans 2 3-4 a 3d, though the selling above 7 3-4, and Alabama and Uplands 3 1-4 a 7 3-4. The sales for the week ending last evening amounted to 32,000 bales, of which 1500 were Upland 1-2 a 8 3-4d; 5070 Orleans at 3-4 a 8 1-2d; and 1700 Alabama and Mobile at 6 3-4 a 8 1-2.

The sales to day have been only about 500 bales at lower prices than last week, and the accounts at Manchester are extremely discouraging. The stock of cotton in this port is about 256,000 bales, or 190,000 less than at this period, the stock of Indian is estimated at 131,000, being an increase of 40,0 bales.

Limited business has been doing in Tobacco, but no sales.

LIVERPOOL, March 17.

Consol markets declining, though the offer of the present yesterday was more trifling, and we close off at 90 to 1-8 for money, and 90 1-4 to 3-8 for account. Exchequer bills and India bonds are lower, closing at the same price of 21s 26s. pm.

In foreign Stock market there was considerable fluctuation in Spanish securities, which throws no information here. In Portuguese there was a rise of 1 per cent. Spanish closed at 27 3-8 to 30 for cash, 30 1-4 to 30 1-2 for account. Portuguese 3 per Cents 42 3-4 to 50 1-4, and perpetual 3 per Colombian, 24 to 1, and Dutch 2½ per Cents at 53 3-4 to 4.

Foreign exchanges underwent some improvement this afternoon, more particularly on Paris. During the rate was higher, on Amsterdam than on last post.

MANCHESTER AND CITY INTELLIGENCE, Friday.—The uneasy feeling in the trade which was felt yesterday, has not diminished. Some of the Directors have been in deep consultation all day, and the exertion of all their powers to maintain the credit of the Bank, but many fear, it is calculated to attract less notice, and be objected to, and it is not of course to be doubted it is understood that they did not refuse their assistance with any of the arrangements proposed to-day.

Cotton market is declining, though the fall from the prices of yesterday is a very trifling one. Sales to-day at 1-2 to 1-8 for money, and 20 1-4 to 3-8 for account. Exchequer bills and India bonds are lower, closing at the same price of 24s to 26s pm.

The Foreign Stock market there was considerable activity in Spanish securities, but that was the business done there. In Portuguese there was no any thing done. Spanish closed at 27 3-8 to 30 Portuguese 3 per cents 42 3-4 to 50 1-4 and 3 per cents 32 1-2 to 3. Columbian 24 to 1-8, and Dutch 21 cents left off at 54 to 4.

The Share market continues heavy, prices in general lower. Among the day's quotations London and Birmingham, 23 to 25 premium; Western 44 premium, Southampton 11 discount; Leicester and Gresham 11 discount, General Navigation 114 premium.

The foreign exchanges underwent some improvement this afternoon, more particularly on Paris. On Amsterdam the rate was higher; on Amsterdam the rate was last post.

REMARKS

Business in the same flat condition that it has been in our last. Every thing is dull enough in the whole trade. The lawyers and the office holders only seem in funds. Money continues to withdraw its from the merchants and traders, and traders and farmers's hands except those in the Banks, and holders besides. Two or three more of the very known remaining important houses in our city, gone since our last. There are but few more

—The article is flat enough. Prices complete There is nothing doing in the business. The being in the present.

Money—Matters are pretty much as last week. The demand of coarse continues to exceed the supplies furished by the Banks, but confidence pervades the community, and arrangements are punctually met In fact our accounts seem to find that the safest and sound course is followed out as nearly as circumstances will admit, of avoiding new engagements the commercial horizon is overclouded.

—There is nothing of moment doing at present.

Provisions—Mess Pork has declined, and we now note it at $1,50 a 25 per bbl. No change in the price of Beef. Western Bacon still comes in freely but the season is limited, and sales difficult to be effected: one lots of very prime Western, assorted, have been sold at 9 a 9½c, and lower, as to good parcels at 8 a 8½c. Two cargoes of Pork in bulk, about 50,000 lbs received via New Orleans, were disposed of this week on terms not transpired. Lard is also dull; we note very small sales of Western at 10 a 11c Baltimore is held at 12c. The inspections of the week comprise 12 bbls and 44 half bbls beef; 13 bbls Pork; 80 kegs butter; 3 146 kegs Lard.

Sugar—The public sales show a material decline in prices. On Tuesday 145 hhds and 198 bbls Porto Rico were sold at 7,10 a 10; 44 tierces Cuba Sugar at 6,10 a 6,90; and 80 bags Canton White at 11,30 on Thursday 195 hhds New Orleans were sold at 6,50 a 7,95; and to day 145 hhds and 8 bbls New Orleans are sold at 4,65 a 6,90.

Tobacco—Maryland Tobacco begins to come in more freely but purchasers thus much show less disposition to buy than heretofore. The prime qualities go off slowly at former rates, but the inferior sorts are entirely neglected. There is no inquiry at present for Ohio Tobacco. The inspections of the week comprise 419 hhds. Maryland, 19 hogsheads Ohio: 21 hhds Virginia: and 38 hhds Kentucky—total 497 hhds.

Whiskey—The market has been completely unsettled in consequence of the sudden and great decline in prices in New York, where sales were made some days ago at the low rates of 34, and 34c. This fact, at once occasioned a withdrawal of purchasers from our own market, and it is now impossible to give accurate quotations. The last sales of Susquehanna of which we have heard were made some days ago at 41 cents in hhds and 43 cents in bbls but since then there are no buyers, and the market is at a stand still. In Western stock there is very little on offer, the holders generally are at 37 cents, exclusive of the barrel; on Tuesday it fell 35 cents and to day it is down to 33 cents. Some holders are willing to sell bbls from stores at 40 cents, while others ask 42 cents. The receipts of the week are large.

The inspections comprise 589 hhds and 3141 bbls of which 586 hhds and 2284 bbls were in the Susquehanna direct and 270 bbls from Philadelphia.

CHARLESTON, April 15.

We have record to another week of extreme languor and inactivity, and at the present low state of the Cotton market, and the gloomy and uncertain result of the money pressure, our merchants generally have retrenched from operating, and are waiting the result of the present state of business at the North and in Europe. Business generally may be considered at a stand.

Cotton—The transactions in Upland Cottons have been confined to the operators houses, who are large holders of the article. The market has been so unsettled for the two preceding weeks that we have concluded to give nothing but actual sales, until it has assumed something like stability. Purchasers want nothing but prime and choice qualities, consequently other descriptions are no request and are unsaleable. We note the sale of 50 bales at 11 c, but would remark that they were old some time since, and the parties are selling them when no purchaser wishes. The sales of the week comprise 1,100 bales at the following prices—1 at 6, 15 at 8, 8 at 10, 31 at 11, 125 at 12, 82 at 12½, 143 at 13, 134 at 13¼, 559 at 13½, 50 at 14 cents. We have no sales to report in Sea Island.

Rice—A limited business has been done in this article during the week at reduction of 18 to 25, and the Market closed yesterday, with a tendency to further decline.

The sales comprise 206 tierces at the following prices: 6 at 3, 20 at 3½, 11 at 3 3-4, 20 at 3¾, 60 at 3 7-8, 10 at 4, 20 at 4 1-8, 20 at 4 1-4, 20 at 4½, 20 at 4 3-4, and 20 tierces, a superior article at 5 3-8, and 200 bags at 3 1-8 per cwt.
