RASPAIL'S MODE OF TREATING DISEASES.

FOR sometime past, Doct G SOUTERRE has been solicited by a large number of respectable individuals to treat diseases on the system of Doctor Raspail. At first he refused, either because he was unwilling to separate from his medical brethren, or because he was unacquainted with the system, and would be obliged to study it profoundly, before he commenced so difficult a task. Unwilling, however, that he should be supposed to entertain a systematic repugnance to the ideas of Raspail, he tried his mode of treatment, and was quickly forced to yield to evidence. In a short time he discovered extraordinary successes, and now that experience has shown that the system is not utopian as its enemies proclaimed it to be, he no longer hesitates to announce to the public that he will treat in that way all persons who may desire it.

Dr. Souterre engages to treat patients according to this system only, without any mixture of other medicines, and at the same time, he will be ready to use the method which he has hitherto followed, upon patients who may not desire to be treated by the method of Dr. Raspail.

Doctor Souterre may be consulted every day, from 10 till 12 o'clock in the forenoon, and from 3 till 4 in the afternoon. On Sundays and holidays he cannot be consulted in the afternoon.

Dr S will visit patients who may send for him.

Dr S resides in Main street, between Bourbon and Dauphine streets.

The price of a consultation is invariably fixed at from 3 to 5 dollars, according to the matter and duration of the remedy. The remedies to be taken by Dr Souterre in order to avoid all disagreeable occurrences.

Advice given to the poor gratis. n11
