MEDICAL.

[illegible]

thoroughly tested its virtues, they feel justified in recommending it for the above named complaints, and for the cure of all distressing diseases incident to females.

So well known is Sarsaparilla as an efficient purifier of the blood, that it is only necessary to inform the public that the Panacea contains the most highly concentrated extract of that invaluable root, which can be obtained by any known process; with which are combined several other extracts, from roots, the medicinal qualities of which were made known by an Indian in the far West.

The Panacea contains no Calomel, Corrosive Sublimate, or any other Mercurial preparation, and may be taken by persons of either sex, and at any age, without the slightest danger of injuring the system.

Dr. Cullen's Indian Vegetable Specific,
For Leucorrhœa Communis, or Common Whites.

This vexatious, and often dangerous disease, is unfortunately so well known among all classes of females, that a detail of its symptoms seems unnecessary.

To the patient herself, the disease manifests itself by unequivocal signs; yet from a delicacy, false, and often fatal, she frequently neglects to make known her condition, even to her most intimate female friends, till her constitution is seriously impaired, and the foundation laid for a long catalogue of other diseases, such as Slow Fever, attended with difficult respiration, Palpitations, Faintings, and Swelling of the Lower Extremities, and where the disorder is not cured, it is frequently followed by others, still more serious and fatal, such as Prolapsus or falling of the Womb, Ulcerations, Atrophy, and Dropsy, which end in death.

To enjoy good health, all the secretory organs must be in a sound condition.

The lachrymal gland would scarcely depart farther from its office were it to pour forth bloody tears, than do the uterine organs when secreting the fluid which gives its name to the disease in question. Whenever, then, the disease manifests itself, let the patient have immediate recourse to a remedy which will restore the diseased organs to a healthy condition, and all the distressing symptoms will speedily disappear, and the death like palor of the cheek be succeeded by the roseate hue of health.

Such a remedy may be found in "Cullen's Specific."—It is not only a pleasant, safe, and certain remedy for Leucorrhœa, but for suppressions and painful menstruations. In truth, it is what its name indicates, a "Specific" for all uterine diseases, and at the same time entirely free from all ingredients which have in any degree an injurious effect upon the system.

This preparation is made of vegetable substances and cannot possibly injure the most delicate constitution. It has never been known to fail in a single case to effect a cure.

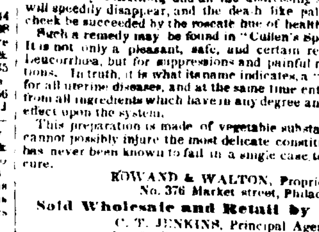
FOR THE CURE OF RHEUMATISM, AND ALSO NERVOUS COMPLAINTS.



Galvanic Rings, Belts, Bands, and Magnetic Fluid.

THE proofs of the wonderful power of these articles are very numerous, and are daily accumulating. It is believed that in the city of New York alone, upwards of EIGHT THOUSAND PERSONS, during a period of less than a year, have been entirely relieved of the most painful chronic disorders, some of which have completely baffled all the skill of medical art. The following certificate from a highly respectable person are selected from a large number of a similar character.

EPILEPSY AND PALPITATION OF THE HEART.

Rev. John Bristed, son-in-law of Mr. John Jacob Astor of New York, Minister of the Episcopal Church at Bristol, R I, residing in Main street, has long been subject to distressing attacks of Epilepsy, often falling down insensible. The disease has been accompanied with violent Palpitation of the Heart and a rush of blood to the head. For three years he has been unable to preach or attend to his ordinary duties. Mr. Bristed has found the most valuable benefit from the Rings, Bands and Fluid, is better in every respect than he has been since his illness, and is now rapidly recovering his health. All symptoms of Epilepsy have left him.

RHEUMATIC GOUT.

To Dr. CHRISTIE—Sir—After a fair trial of almost everything without any good effect, I think I must attribute a remarkable cure to the power of your Galvanic and Magnetic articles. If I am not mistaken in the cause, they have very seriously relieved me of Rheumatic Gout, of long standing, together with general nervous debility of the system. MRS. MARY JACKSON,
109 Bank st, New York.

☞ Mrs. Jackson is a relative of Major M. M. Noah, who certifies to the truth of the foregoing statement.

APOPLEXY AND PARALYSIS.

☞ Captain Andrew J. F. Tomes, residing at No. 70 Bridge street, Brooklyn, L. I., is in his 76th year. He has generally enjoyed robust health, but about 3 years since it began to fail. He was slowly recovering, under the prescriptions of Dr. John W. Francis, when he suddenly fell down insensible in the street, under a severe Apoplectic fit. On recovery he noticed that a portion of his side was apparently dead, and on further examination his physicians pronounced his case to be that of combined Apoplexy and Paralysis. The family of Capt. Tomes were induced to try the Galvanic Rings and Magnetic Fluid, and for this purpose procured a pair of the Rings for the hands, a pair of Bands for the limbs, and one bottle of the Fluid. In twenty four hours after using the articles, feeling was perceptible in the paralyzed limb, and perspiration broke out. *In five days he was enabled to raise his arm and use his hand, and in three weeks he was enabled to walk alone.* A period of nearly six months has now elapsed, during which time no symptoms of Apoplexy has been apparent, he is enabled to take regular exercise and all his impaired faculties have been restored.

☞ The public are respectfully cautioned to beware of SPURIOUS IMITATIONS of these articles. Dr. CHRISTIE has but ONE authorized Agent in each city of the Union. GUION & Co., corner of St. Charles and Canal streets, are the sole Agents for New Orleans, of whom alone the genuine articles can be obtained. s1

SPRING PURIFIER OF THE BLOOD—WINER'S ARCANUM EXTRACT of SARSAPARILLA.—As a spring purifier of the blood, this medicine cannot be surpassed in working its way through the system with a silent and effective force, cleansing the blood; removing dyspeptic influences, soothing the nerves, removing internal obstructions and diseases that would otherwise cause injury to the liver and lungs.

Winer's Arcanum Extract is always a certain cure for all diseases arising from an impure state of the blood, such as Scrofula, or King's Evil, White Swellings, Diseases of the Skin, Pimples or Pustules on the face, Boils, Diseases, also for Affections of the Liver, Dyspepsia, Costiveness, Palpitation of the Heart, long standing Rheumatic Affections, Gout, and all Chronic and Nervous Complaints occurring in debilitated constitutions. It emphatically recommends the use of it to parents whose children are afflicted with any disease of the blood or skin, or whose constitutions have been injured by a lengthened illness and the use of deleterious medicines, as it will effectually purify the blood and renovate the system, and where symptoms of Scrofula are in the least degree visible, this medicine, if properly administered, will most surely exterminate it.

This medicine is much cheaper, pleasanter, and warranted superior to any other sold.

Price $1 per bottle, six bottles for $5.

Prepared by John Winer & Co., 83 Maiden Lane, New York, sole proprietors for the United States.

G. BOYER'S
CLASSICAL AND COMMERCIAL INSTITUTION
No. 148 Conti Street,
(*between Dauphine and Burgundy streets.*)

THIS Institution, the oldest scholastic establishment in New Orleans, is well known and highly distinguished for the success which has accompanied it ever since its foundation; a considerable number of pupils who have quitted it to enter on the great scene of life, having already acquired some distinction in the various avocations to which they have devoted themselves.

Boyer's Institution is conducted in one of the largest Mansions in the city, occupying a fine central position, being well ventilated and in other respects perfectly salubrious.

The range of studies which engage the attention of the pupils extends over all the branches of Learning which are necessary to a useful, polite and finished education; from primary instruction to the more abstruse subjects which are specially the province of a collegiate course. Discipline so necessary to quicken in the youthful mind a due perception of the duties incumbent on it in its future relations with society, and conspicuous feature of the establishment, being at the same time severe and considerate; whilst the solicitude of the Principal regarding the moral training of the youths committed to his charge, is, though strict, yet paternal.

The English language, daily becoming more and more evident, as of the greatest possible importance to all living in this community, is, in Boyer's Institution, attended to with more than ordinary care, the Professors engaged in this branch being gentlemen of undoubted attainments and long accustomed to tuition.

OLLENDORFF'S New German Grammar.—A New Method of Learning to Read, Write and Speak the German Language. By H. G. Ollendorff. Reprinted from the Frankfort edition: to which is added a Systematic Outline of the different Parts of Speech, their Inflection and Use, with full Paradigms and a complete list of the Irregular Verbs. By G. J. Adler, Professor of the German Language in the University of the City of New York. 12mo.

"Ollendorff's New Method of Learning to Read, Write and Speak the German Language, has had an extensive circulation in England, and its demand in this country also has constantly been increasing of late. Nor is its popularity undeserved; for it supplies a deficiency which has been long and deeply felt by all those who have engaged in either teaching or learning the German.

"The German has hitherto been treated too much like a dead language; and hence many, disgusted with the cumbrous terminology and crabbed rules which in the very outset met their eye, has given up the acquisition of the language in despair. Ollendorff has completely remedied this evil. Beginning with the simplest phrases, he gradually introduces every principle of Grammar, and he does it by interblending the rules with such copious exercises and idiomatic expressions, that, by a few months' diligent application, and under the guidance of a skilful instructor, any one may acquire every thing that is essential to enable him to read, to write and to converse in the language."

TO THE FRENCH DYEINGS,
94 Chartres street, corner of Conti; Toulouse street, between Chartres and Royal streets; and 289 Royal street, between Main and St. Philippe streets.
