FOR PRESIDENT OF THE UNITED STATES

FOR CONGRESS—FIRST DISTRICT
GEORGE K. ROGERS
SECOND DISTRICT
EDWARD D. WHITE.
REPRESENTATIVE STATE LEGISLATURE.
FELIX LABATUT
NEW-ORLEANS
SATURDAY MORNING, JUNE 24, 1843.

WHIG MEETING.

The WHIGS of the FIRST MUNICIPALITY will assemble at WM. BOWMAN'S HOTEL, at the *Old Ballu*, on *SATURDAY EVENING* next, 24th inst., at 8 o'clock P. M. The WHIGS of the SECOND and THIRD MUNICIPALITIES are invited to attend, as business of importance will be submitted to their consideration.

THE MEETING TO NIGHT.

We beseech every whig, every voter who has at heart the injustice and prosperity of Louisiana, and the advancement of genuine whig principles, to be present at the gathering this evening at Mr. Bowman's Hotel, Old Basin. Let the true republicans, the real democrats of the First District, assemble in their strength in the very stronghold of their adversaries, and adopt strong measures of preparation for the great contest which is little more than a week will take place. Our friends of the Second Municipality are invited to attend, and we hope to see a strong delegation from that time honored conclave of the whig faith.

☞ The *Herald* began a puff upon Mr. Alex Dauenchie, with a scrap from an old song:

"Hail to the chief who in triumph advances!"

Ah ha! you are going to sing are you? you are going to give us a touch of psalmody? Pray tell us in what key you pitch your sweet voices,—say, gentle songster, is it among the *flats* or *naturals* you are *strutting?*

☞ Mr. LABATUT is a native of Louisiana and deservedly a high favorite with the people.—*Herald.*

So we. Our good friends the "democrats" when they first found out that Mr. Labatut was a native creole—Cant they extemporize enquiries as little as we? Mr. Rogers is a creole native. Aint he a native of the people too? And was not the reason Mr. Wurts not a native? Is it because his name is spelled White instead of *Blanc?* These are puzzling questions, and we will go Quiet upon a subject.

IRISH REPEAL.—We are inclined to think that England will yet be done soon that Irish repeal is some measure, for a specific for disorders in the civil and municipal concerns of other nations, the arrogant and dispositious temper of the British population evinced as well in the meddling officiousness of private associations as in the intemperate conduct of many of her public officers, will meet a rebuke some of these days that will prove salutary to her, if it does not convince her of her error.

☞ The inhabitants are also mainly indebted to Consumptions for a strike at our institutions.

A slight shock of earthquake was felt at St. Louis on the 13th ult., about noon.—*Bulletin.*

BALLOONING THE ATLANTIC.—Mr. Wise, the celebrated balloonist, gives notice to all the world, that he will very shortly make an actual trip with his balloon across the Atlantic. He then concludes the communication:

The balloon is to be one hundred feet in diameter, with a lifting or ascending power of twenty-five thousand pounds—leaving ample room and weight to make everything safe and comfortable. A seaworthy boat is to be used for the car, which is to be dependent in case the balloon should happen to fall in an unexpected emergency. The boat should also be capable of a form to go against the regular current of wind about 45 degrees, deviating from the course of the wind, by the aid of a rudder or flexible sail or canvass. The boat will have three persons, and an ground, [illegible] Europe, America and all the [illegible] of the globe, who have never seen a balloon, will have time to see it, and be ready to be surprised at the sight, and to be ready to be surprised at the sight, and to be ready to be surprised at the sight, and to
