INDIAN'S PANACEA.

FOR the cure of scrofula or king evil, incipient cancers, syphilitic diseases, and mercurial erysipelas, obstinate and painful affections of the bones, inveterate throat and nostrils, ulcers of every description, rheumatism, sciatica or hip gout, fever sores and internal abscesses, fistulas, scald head, scurvy, piles, chronic sore eyes, erysipelas, cutaneous diseases, chronic catarrh and headache (from particular causes) pain in the stomach and bowels, proceeding from irritation, affections of the liver, chronic inflammation of the kidneys and general debility, caused by a torpid action of the vessels of the skin. It is singularly efficacious in renovating those constitutions which have been broken down by injudicious treatment or juvenile irregularities. It is also recommended in all those diseases which arise from impurities of the blood, or vitiation of the humors, of whatever form or kind.

The proprietor of this valuable medicine acquired his knowledge of its ingredients from a long residence among the aborigines of this country, and it is a selection from the numerous and powerful medicines which they use. It is not offered to the public by the proprietor, with the consciousness that he is placing within their reach a remedy capable of relieving many of his afflicted fellow-beings, who are suffering under the various chronic and obstinate complaints to which it is applicable. To such it will prove the means, and in many cases, the only means of relieving their sufferings, and restoring them once more to health and happiness. This is not offered as a common remedy, but as one of virtues so peculiarly efficacious, that it will prove in use, cut one which is capable of saving life in many extreme cases, where all the usual remedies fail. This it has every reason to claim, from the reputation it has obtained wherever it has been introduced.

This medicine has been found highly useful in many cases of Venereal disease, and it has been used with wonderful success as a spring and fall purifier, by those who are subject to various complaints, and whose constitutions require an occasional purging. Half a drink is necessary, this Pan cea, taken in usual doses, will answer all the purposes in a less time, at less expense, and in a far more agreeable manner than the common diet drink.

The following certificate, out of hundreds similar which might be produced, are given to show the effect of the Indian's Panacea, in the various complaints therein mentioned, and to exhibit in the most satisfactory manner its superiority over other similar preparations:

Case of Cheverie Tessot, Nantelle, &c.

Charlestown, Jan 20, 1840.—This may certify that I was afflicted with a scrofulous disease for several years, during which time I employed several eminent physicians, both in Philadelphia and Charleston, and also took several bottles of Swain's Panacea, but all without permanent benefit—During the last winter I was taken with an uncontrolled foot for a period of nearly two months, and my leg got so distent foot to amount life. I remained in this situation several days, and was reduced to the verge of absolute and unavoidable starvation, when, as a last resort, I had recourse to the Indian's Panacea, and found from it almost immediate relief, recovering so rapidly that in four weeks I found myself quite well, as I have remained ever since.
