HOWARD'S HOTEL, (Broadway, corner of Maiden Lane, New York.)—This Hotel is one of the most commodious in the Union, having a front upon Broadway of over 100 feet, and 50 feet in depth, with 3 wings, the wings extending in the rear 150 feet. It is six stories exclusive of basement, and under cellars, and containing over 300 rooms, which are all lighted and ventilated with Wings extending in the rear 150 feet. It is six stories exclusive of basement, and under cellars, and containing over 300 rooms, which are all lighted and ventilated with Dome skylights. Besides numerous private parlors with sleeping rooms attached, and public parlors, dining, reading and other rooms. There are also elegant dining saloons, the floors of which, as well as the spacious halls in the first and second stories, together with the reading and other public rooms, are paved with Italian marble. There is also an extensive and pleasant room, fronting upon Broadway, fitted up for a Ladies' ordinary, and the ladies are provided with attractive public parlors, and a private entrance to the Morning Room on Maiden Lane.

The subscriber having for nine years past received a liberal patronage from merchants, and principally from gentlemen of the South and West, who have visited this place, satisfied from experience that family meals to many are more acceptable, therefore, he has had his house so constructed as to be able to accommodate such at early hours. The hours adopted for meals are as follows, viz:—In gentlemen's dining room upon 1st floor, Breakfast at 7, or half past 7, according to the season of the year. Dinner is served at 2 o'clock. In gentlemen's dining room, upon 2d story, and Ladies' ordinary, Breakfast from 8 to 10 o'clock, and Dinner from half past 5 to half past 6 o'clock. Tea at 8 o'clock. For the different dining rooms, as it is optional with Gentlemen to take their meals in either of the Gentlemen's dining rooms, in the house, or in any room of their choice, the subscriber hopes the extra trouble and expense in the attempt to suit their convenience in this respect will be properly appreciated by a generous public, and that a commensurate patronage will result therefrom.

This house possesses every convenience that the subscriber could devise, and is universally pronounced by visitors to be the most complete and well ordered internal arrangement for the comfort and enjoyment of the travelling public, and that a commensurate patronage will result therefrom.

In addition to the many advantages and comforts over most Hotels, it has a living spring of pure soft water upon the premises, which, apart from its intrinsic worth as a wholesome beverage, so unusual to be found in the lower part of the city, adds very much to the safety of the establishment in case of fire on or near the premises; a powerful force pump being set down to the well to force water therefrom, as well as from the various cisterns in the yard, to the reservoirs under the roof, from which, by use of the hose, water can be forced over any part of the premises in an instant.

In short this establishment has been got up without reference to cost, and it is the intention of the subscriber to have it stand among the very best Hotels in the country.—He hopes to be favored with a share of public patronage.

D. D. HOWARD. j1-6m

CLOSE HOTEL.—The subscriber has recently added to his establishment, No. 26 Broadway, which he has fitted up and furnished appropriately, more particularly with reference to the accommodation of families and those desirous of having parlors attached to their sleeping rooms. A private entrance to No 64 is on Broadway, also a hall communicating the hotel.

The house will be conducted on the European plan, which has given so much satisfaction to all. The bathing apartments in the lower part of the house are in readiness for use from 7 o'clock, A M. till 11½ P M.

The proprietor takes this opportunity of returning his most grateful acknowledgments to those who have so handsomely patronized him, from the first moment he was identified with the Globe; and pledges himself to endeavor by the most unremitting attention, to merit a continuance of their kindness. F BLANCHARD.

MESSRS. PLEYEL & Co., of Paris, anxious to preserve the confidence which has hitherto been placed in the instruments manufactured in their establishment, have sent one of their principal workmen to our city, in order to have altered and repaired all those pianos called piccolos or pianinos, in the construction of which they have applied iron tubes.

Mr Pierron, who arrived here in the Alexandre Tonsain, will repair all such pianos, at the expense of Messrs. Pleyel & Co. in such a manner as to protect these instruments against all accidents arising from the defect in their construction in this climate, and particularly so as to guarantee their keeping well in tune.

All persons in possession of Pianos of this description will please to apply to Messrs. Herbault, Freres, 78 Bienville street, who will give them the necessary information, and
