APALACHICOLA SALES POSTPONED.

In consequence of disturbances with the Indians in Florida, the sale of the town lots advertised for the 22d of February, is postponed until Tuesday the 19th day of April next.

THE whole Tract of Land called "Forbes' Purchase" amounting to about Twelve Hundred Thousand Acres, situated in Middle Florida, together with the towns of Apalachicola, and the adjacent Islands in the Gulph of Mexico, having been vested in the subscribers as trustees, by and for the use of all the proprietors.

Notice is hereby given, that on Tuesday, the nineteenth day of April next, at ten o'clock in the forenoon, the Directors of the Apalachicola Land Company will expose to sale at public auction, in the town of Apalachicola, the Building Lots in the said town agreeably to a certified plan thereof to be exhibited at the time of sale.

The terms of sale will be one fourth cash; the residue in three annual instalments with interest, and when the payments are made, and the securities for the instalments given, according to the Deed of Trust, and the articles of association, a clear title in fee simple will be made.

New York, Jan. 15th 1835.

LOUIS McLANE, CHAS. AUG'S DAVIS, JOSEPH M. WHITE, } Trustees.

The Directors of the Apalachicola Land Company, referring to the above advertisements, offer at private sale, in such quantities as may be wanted, the tract of Land known as "Forbes' Purchase," lying between the rivers Apalachicola and St Mark's, and extending to within six miles of Tallahassee. In this tract is to be found some of the finest cotton and sugar lands in the Southern country; also tracts of the finest pine lands, and extensive tracts of live oak; but as purchasers will examine for themselves, a particular description is unnecessary. The title to purchasers will be the same as for the town lots of Apalachicola.

The town of Apalachicola is situated at the mouth of the river of same name, on St George's Sound, in the Gulph of Mexico. It is the sea port of the rivers Chattahoochee, Flint, Chipola, Apalachicola, and their tributary streams, and is connected with the flourishing towns of Columbus and Irwinton, and with large districts of rich and fertile plantations in Georgia, Alabama and Florida. The exports of cotton from this port have been regularly increasing for the last three years, and it is supposed will this year exceed fifty thousand bales.

Twelve to fifteen steamboats already find constant employment on its waters, and few countries have finer prospects of advancement in agriculture and commerce, than those bordering on the rivers above mentioned.

Apalachicola has been settled but a few years, and those who have hitherto resided there, having no interest in the soil, have paid no attention to its improvements further than suited their individual conveniences. Sales about thirty lots have already been made to individuals residing at Apalachicola, Columbus and New York, who have agreed to erect fire proof buildings on the said lots without delay, and other measures will be immediately adopted to make such permanent improvements as will, no doubt make it as healthy a place of residence as is to be met with in any city south of Virginia.

St George's sound is capacious, and has secure anchorage in blue clay bottom, and is defended on all sides from the sea. It has two entrances—one by the "East pass," admitting vessels of 600 tons, having sixteen feet over the bar at low water, the other by the "West pass," having 12½ to 13 feet at low water, admitting vessels of 250 tons burthen without any difficulty. Vessels drawing 8 feet usually load at the wharves, those of 12½ feet or 350 tons burthen carrying 1100 bales of cotton, within 3 miles of the town; and those of 600 tons take in their cargoes within 16 miles in secure anchorage in the Sound.

Letters on the subject of the above lands to be addressed to Thomas A Baldwell, Peter Mitchel, John Carmichan, or Thomas A Putnam, at the Offices of the Apalachicola Land Company at Tallahassee or Apalachicola, or in the city of New York, to Benjamin Woolsey Rogers.

Lithographic Maps of Apalachicola, and of its vicinity, may be seen at the following places—

CAPITAL OF 200,000 dollars.

The Subscriber has the pleasure to announce that he is ready to receive and execute in the shortest and best manner, and on the most reasonable rates, all Orders connected with the business of the establishment. Particular attention will be paid to the manufacture of LOCOMOTIVE ENGINES, which will be warranted in every respect equal to any others, whether imported or made in this country.

The works consist of Machine Shops, upon a large scale, and extensive Foundries for finishing Castings of every description both in Iron and Brass. They are situated in the south-western section of the town of New-Castle, directly upon the New-Castle and Frenchtown Rail Road, which forms a part of the thoroughfare from North to South, and upon the bold waters of the Delaware River. It is the determination of the subscriber to furnish no article but of the very best materials and workmanship.

Besides Locomotive Engines, the subscriber will manufacture:

High and Low Pressure Steam Boat and Stationary Engines,
